SECTION A
SECTION A APPLIES REGARDLESS OF CONTRACT PRICE

A.1 NAME CHANGE

On August 28, 1996, Fernald Environmental Restoration Management Corporation's (FERMCO) name was changed to Fluor Daniel Fernald, Inc. (FDF). As of January 10, 2000, FDF's name was changed to Fluor Fernald, Inc. All references herein to FERMCO or FDF are understood to refer to the same corporation whose name is now Fluor Fernald, Inc. Similarly, any references to FERMCO or FDF in correspondence, memoranda or other writings arising under, relating to or otherwise required by any provision of this contract will be understood to refer to Fluor Fernald, Inc. as one and the same corporation.

A.2 DEFINITIONS

Whenever used in this document, the following definitions shall be applicable unless the content indicates otherwise:

(a) "DOE" shall mean the United States Department of Energy or any duly authorized representative thereof, including any successor or predecessor agency thereof, including the Contracting Officer.

(b) "Government" shall mean the United States of America.

(c) "Contracting Officer" shall mean the Government official executing the contract between Fluor Daniel Fernald (FDF) and the DOE, and includes any appointed successor or authorized representative thereof.

(d) "FDF" shall mean Fluor Daniel Fernald, Inc. The term includes authorized representatives of FDF acting within the limits of their authority as delegated by FDF.

(e) "Seller" shall mean the person or organization entering into this contract with FDF.

(f) "Head of the Agency" or "Secretary" shall mean the Secretary, the Under Secretary, and Assistant Secretary, or any other head or assistant head of the executive or military department or other Federal agency.

(g) "Supplies" shall mean equipment, components, parts and materials to be provided by Seller and its subcontractors pursuant to this contract.

(h) "Services" shall mean labor, direction of Labor, production of technical information, consulting services or any other services furnished by Seller and its subcontractors under this contract.

(i) "Subcontractor" shall mean any subcontractor or supplier of any tier, which supplies goods and/or services to Seller in connection with Seller's obligations under this contract.

(j) "Work" shall mean supplies, services, and vendor data provided by Seller and its subcontractors and all work performed with respect thereto pursuant to this contract.

(k) "Vendor Data" shall mean any and all information, data and documentation to be provided by Seller and its subcontractors under this contract.

(l) The term "contract" also includes purchase order.

A.3 APPROVAL

The approval by FDF of designs, work drawings, specifications, reports, or any other data submitted by Seller hereunder shall not affect or relieve Seller from any responsibility to furnish said items in full compliance with the requirements of this contract.

A.4 ASSIGNMENT (SEP 1993)

(a) Neither this contract nor any interest therein nor claim thereunder shall be assigned or transferred by the Seller except as expressly authorized in writing by FDF.

(b) FDF may assign this contract, in whole or in part to DOE or to such party as DOE may designate to perform FDF's obligations hereunder. Upon receipt by Seller of written notice that the DOE or a party so designated by the DOE or FDF has accepted an assignment of this contract, FDF shall be relieved of all responsibility hereunder and Seller shall thereafter look solely to such assignee for performance of FDF's obligations.

A.5 ASSIGNMENT OF FORMER FDF EMPLOYEES FOR CONTRACT WORK

(a) The Seller shall not direct charge any costs to this contract arising from work or tasks performed by any former FDF employee who was separated voluntarily from FDF pursuant to the FY 1995 Fernald Environmental Management Project (FEMP) Work Force Restructuring Plan for a period of five years from the effective date of former employees' retirement or voluntary separation.

(b) The Seller shall provide written certification of compliance with the provisions of this clause upon request of FDF.

(c) If the Seller fails to comply with the provisions of this clause, this contract may be terminated for default in accordance with the contract clause entitled "Termination."

(d) The Seller shall insert the provisions of this clause, including this paragraph (d) in all subcontracts hereunder.

A.6 FAR 52.243-4 CHANGES (AUG 1987)

(a) FDF may, at any time, without notice to the sureties, if any, by written order designated or indicated to be a change order, make changes in the work within the general scope of the contract, including changes --

- (1) In the specifications (including drawings and designs);
- (2) In the method or manner of performance of the work;
- (3) In the Government-furnished facilities, equipment, materials, services, or site; or
- (4) Directing acceleration in the performance of the work.

(b) Any other written or oral order (which, as used in this paragraph (b), includes direction, instruction, interpretation, or determination) from FDF that causes a change shall be treated as a change order under this clause; provided, that the Seller gives FDF written notice stating (1) the date, circumstances, and source of the order and (2) that the Seller regards the order as a change order.

(c) Except as provided in this clause, no order, statement, or conduct of FDF shall be treated as a change under this clause or entitle the Seller to an equitable adjustment.

(d) If any change under this clause causes an increase or decrease in the Seller's cost of, or the time required for, the performance of any part of the work under this contract, whether or not changed by any such order, FDF shall make an equitable adjustment and modify the contract in writing. However, except for an adjustment based on defective specifications, no adjustment for any change under paragraph (b) of this clause shall be made for any costs incurred more than 20 days before the Seller gives written notice as required. In the case of defective specifications for which FDF is responsible, the equitable adjustment shall include any increased cost reasonably incurred by the Seller in attempting to comply with the defective specifications.

(e) The Seller must assert its right to an adjustment under this clause within 30 days after (1) receipt of a written change order under paragraph (a) of this clause or (2) the furnishing of a written notice under paragraph (b) of this clause, by submitting to FDF a written statement describing the general nature and amount of proposal, unless this period is extended by FDF. The statement of proposal for adjustment may be included in the notice under paragraph (b) above.

(f) No proposal by the Seller for an equitable adjustment shall be allowed if asserted after final payment under this contract.

A.7 PAYMENTS UNDER FIXED-PRICE DESIGN-BUILD CONTRACTS

(a) Payment of price. FDF shall pay the Seller the contract price as provided in this contract.

(b) Progress payments. FDF shall make progress payments monthly as the work proceeds, or at more frequent intervals as determined by FDF, on estimates of work accomplished which meets the standards of quality established under the contract, as approved by FDF.

(1) The Seller's request for progress payments shall include the following substantiation:

(i) An itemization of the amounts requested, related to the various elements of work required by the contract covered by the payment requested.

(ii) A listing of the amount included for work performed by each subcontractor under the contract.

(iii) A listing of the total amount of each subcontract under the contract.

(iv) A listing of the amounts previously paid to each such subcontractor under the contract.

(v) Additional supporting data in a form and detail required by FDF.

(2) In the preparation of estimates, FDF may authorize material delivered on the site and preparatory work done to be taken into consideration. Material delivered to the Seller at locations other than the site also may be taken into consideration if--

(i) Consideration is specifically authorized by this contract; and

(ii) The Seller furnishes satisfactory evidence that it has acquired title to such material and that the material will be used to perform this contract.

(c) Seller certification. Along with each request for progress payments, the Seller shall furnish the following certification, or payment shall not be made: (However, if the Seller elects to delete paragraph (c)(4) from the certification, the certification is still acceptable.)

I hereby certify, to the best of my knowledge and belief, that--

(1) The amounts requested are only for performance in accordance with the specifications, terms, and conditions of the contract;

(2) Payments to subcontractors and suppliers have been made from previous payments received under the contract, and timely payments will be made from the proceeds of the payment covered by this certification, in accordance with subcontract agreements and the requirements of chapter 39 of Title 31, United States Code;

(3) This request for progress payments does not include any amounts which the Seller intends to withhold or retain from a subcontractor or supplier in accordance with the terms and conditions of the subcontract; and

(4) This certification is not to be construed as final acceptance of a subcontractor's performance.

(Name)

(Title)

(Date)

(d) Refund of unearned amounts. If the Seller, after making a certified request for progress payments, discovers that a portion or all of such request constitutes a payment for performance by the Seller that fails to conform to the specifications, terms, and conditions of this contract (hereinafter referred to as the "unearned amount"), the Seller shall--

(1) Notify FDF of such performance deficiency; and

(2) Be obligated to pay FDF an amount (computed by FDF in the manner provided in paragraph (j) of this clause) equal to interest on the unearned amount from the 8th day after the date of receipt of the unearned amount until--

(i) The date the Seller notifies FDF that the performance deficiency has been corrected; or

(ii) The date the Seller reduces the amount of any subsequent certified request for progress payments by an amount equal to the unearned amount.

(e) Retainage. If FDF finds that satisfactory progress was achieved during any period for which a progress payment is to be made, FDF shall authorize payment to be made in full. However, if satisfactory progress has not been made, the FDF may retain a maximum of 10 percent of the amount of the payment until satisfactory progress is achieved. When the work is substantially complete, FDF may retain from previously withheld funds and future progress payments that amount FDF considers adequate for protection of FDF and shall release to the Seller all the remaining withheld funds. Also, on completion and acceptance of each separate building, public work, or other division of the contract, for which the price is stated separately in the contract, payment shall be made for the completed work without retention of a percentage.

(f) Title, liability, and reservation of rights. All material and work covered by progress payments made shall, at the time of payment, become the sole property of the Government, but this shall not be construed as--

(1) Relieving the Seller from the sole responsibility for all material and work upon which payments have been made or the restoration of any damaged work; or

(2) Waiving the right of FDF to require the fulfillment of all of the terms of the contract.

(g) Reimbursement for bond premiums. In making these progress payments, FDF shall, upon request, reimburse the Seller for the amount of premiums paid for performance and payment bonds (including coinsurance and reinsurance agreements, when applicable) after the Seller has furnished evidence of full payment to the surety. The retainage provisions in paragraph (e) of this clause shall not apply to that portion of progress payments attributable to bond premiums.

(h) Final payment. FDF shall pay the amount due the Seller under this contract after--

(1) Completion and acceptance of all work;

(2) Presentation of a properly executed voucher; and

(3) Presentation of release of all claims against FDF arising by virtue of this contract, other than claims, in stated amounts, that the Seller has specifically excepted from the operation of the release. A release may also be required of the assignee if the Seller's claim to amounts payable under this contract has been assigned under the Assignment of Claims Act of 1940 (31 U.S.C. 3727 and 41 U.S.C. 15).

(i) Limitation because of undefinitized work. Notwithstanding any provision of this contract, progress payments shall not exceed 80 percent on work accomplished on undefinitized contract actions. A "contract action" is any action resulting in a contract, as defined in FAR Subpart 2.1, including contract modifications for additional supplies or services, but not including contract modifications that are within the scope and under the terms of the contract, such as contract modifications issued pursuant to the Changes clause, or funding and other administrative changes.

(j) Interest computation on unearned amounts. In accordance with 31 U.S.C. 3903(c)(1), the amount payable under subparagraph (d)(2) of this clause shall be--

(1) Computed at the rate of average bond equivalent rates of 91-day Treasury bills auctioned at the most recent auction of such bills prior to the date the Seller receives the unearned amount; and

- (2) Deducted from the next available payment to the Seller.

A.8 DISPUTES

- (a) All disputes arising under or relating to this contract shall be resolved under this clause.

(b) "Claim," as used in this clause, means a written demand or written assertion by one of the contracting parties seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of contract terms, or other relief arising under or relating to this contract. A claim arising under a contract, unlike a claim relating to that contract, is a claim that can be resolved under a contract clause that provides for the relief sought by the claimant. However, a written demand or written assertion by the Seller seeking the payment of money exceeding \$50,000 is not a claim under this clause until certified as required by subparagraph (c)(2) below. A voucher, invoice, or other routine request for payment that is not in dispute when submitted is not a claim under this clause. The submission may be converted to a claim under this clause, by complying with the submission and certification requirements of this clause, if it is disputed either as to liability or amount or is not acted upon in a reasonable time.

(c) (1) A claim by the Seller shall be made in writing and submitted to FDF for a written decision. Seller's claim shall be subject to a written decision within 30 days of the occurrence of the event that gives rise to the claim by FDF.

- (2) For Seller claims exceeding \$50,000, the Seller shall submit with the claim a certification that--

- (i) The claim is made in good faith;
- (ii) Supporting data are accurate and complete to the best of the Seller's knowledge and belief; and
- (iii) The amount requested accurately reflects the contract adjustment for which the Seller believes FDF is liable.

- (3) (i) If the Seller is an individual, the certification shall be executed by that individual.

- (ii) If the Seller is not an individual, the certification shall be executed by--

(A) A senior company official in charge at the Seller's plant or location involved; or

(B) An officer or general partner of the Seller having overall responsibility for the conduct of the Seller's affairs.

(d) For Seller claims of \$50,000 or less, FDF must, if requested in writing by the Seller, render a decision within 60 days of the request. For Seller-certified claims over \$50,000, FDF must, within 90 days, decide the claim or notify the Seller of the date by which the decision will be made.

(e) If FDF's decision is not accepted by the Seller, the parties agree to consider resolution of the dispute through the use of a mutually acceptable means of Alternative Disputes Resolution (ADR). Either party may propose ADR by a written request made within 90 days following FDF's decision. When using ADR procedures, any claim, regardless of amount, shall be accompanied by the certification described in paragraph (c)(2) of this clause.

- (f) FDF's decision shall be final unless the:

- (1) Claim is resolved through the use of a mutually acceptable ADR process as provided above, or
- (2) Seller files suit within one year of such decision.

(g) The Seller shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, or action arising under or relating to the contract, and comply with any decision of FDF. FDF shall not be liable for, and Seller hereby waives, any claim or potential claim of Seller which was not reported by the Seller in accordance with the provisions of this clause.

(h) In the event the Seller prevails under paragraph (e) or (f) above, any amounts payable on a claim shall bear simple interest from the date the claim is made, at the interest rate established by the U.S. Secretary of the Treasury which is applicable to the period in which the claim is made.

Any stop work order issued under this clause is without prejudice to any other legal or contractual rights of FDF or any third party. After the issuance of such a stop work order, the Seller may not resume work until FDF, in its sole discretion, issues a written order to Seller requiring the resumption of the work. The Seller shall make no claim for an extension of time or for compensation or damages by reason of, or in connection with, any such work stoppage.

Written reports, satisfactory in form and content to FDF shall be submitted by Seller promptly after each incident.

Contraband articles include any dangerous weapons, explosive or other instrument or material likely to produce substantial injury or damage to persons or property and any prohibited drug, substance of abuse or associated paraphernalia. By presenting oneself at any security checkpoint one consents to the search of one's person and property. A person's property is deemed to include any vehicle he or she is driving. Persons found to have contraband articles in their possession will be denied access to the site.

(c) Any such denial will not excuse any failure to perform this contract in any way.

(d) The Seller shall include the provisions of this clause, including this paragraph (d), in all lower tier subcontracts.

A.28 SUBCONTRACTING

(a) Seller shall not subcontract any of the work without prior written approval of FDF. This provision shall not apply to purchases of standard commercial articles of raw materials on which Seller shall perform further work.

A.30 WARRANTY

(a) Seller warrants that the supplies shall be free from defects in material and workmanship, and comply with all requirements set forth in this contract, until one (1) year after first placed into service by FDF, or three years after acceptance, whichever first occurs. Seller shall correct any nonconformity with this warranty at its sole expense, as directed by FDF, by promptly: (i) repairing or replacing the nonconforming supplies specified (and correcting any plans, specifications, or drawings affected); (ii) furnishing FDF any materials, parts and instructions necessary to correct or have corrected the nonconformity; or (iii) paying to FDF a portion of the contract price as is equitable under the circumstances.

(b) Seller warrants that the services shall reflect the highest standards of professional knowledge and judgement, shall be free from defects in workmanship, and shall be in compliance with all requirements of this contract, until one (1) year from the completion of the services. Seller shall correct any nonconformity with this warranty at its sole expense, as directed by FDF, by promptly (i) reperforming the nonconforming services or (ii) paying to FDF a portion of the contract price as is equitable under the circumstances.

(c) If Seller fails to promptly perform its obligations under this clause, FDF may perform, or have performed, such obligations and Seller shall pay FDF all charges occasioned thereby.

(d) The warranty with respect to corrected supplies or services shall be subject to the same terms as the warranty provided for in paragraphs (a) and (b) above. The warranty for other than corrected or replaced supplies or services shall continue until the expiration of such period plus a period equal to the time elapsed between the discovery of the nonconformity and its correction.

(e) Unless installation is an element of the work, Seller shall not be obligated under this clause for the costs of removal or reinstallation of any supplies furnished or items serviced hereunder from the location of their installation, or for the costs of removal or reinstallation of structural parts or items not furnished by Seller hereunder. Seller shall in any event bear all packing, packaging, and shipping costs from the place of delivery, and shall bear all risk of loss or damage for the supplies or items serviced while in transit.

(f) Unless decontamination is an element of the work, in the event that Seller's costs in correcting any nonconformity under this clause are increased solely because the supplies furnished or items serviced hereunder must be decontaminated to the level specified in the definition of "radiation area" in 10 CFR 20.202, this contract price shall be equitably adjusted to reflect such additional costs after prompt written notification thereof by Seller to FDF.

(g) The provisions of this clause shall apply notwithstanding inspection, acceptance, or any other clause of this contract, and shall not limit any other of FDF's rights and remedies.

A.31 FAR 52.246-21 WARRANTY OF CONSTRUCTION (MAR 1994)

(b) This warranty shall continue for a period of 1 year from the date of final acceptance of the work. If FDF takes possession of any part of the work before final acceptance, this warranty shall continue for a period of 1 year from the date FDF takes possession.

(c) The Seller shall remedy at the Seller's expense any failure to conform, or any defect. In addition, the Seller shall remedy at the Seller's expense any damage to Government-owned or controlled real or personal property, when that damage is the result of--

(d) The Seller shall restore any work damaged in fulfilling the terms and conditions of this clause. The Seller's warranty with respect to work repaired or replaced will run for 1 year from the date of repair or replacement.

(e) FDF shall notify the Seller, in writing, within a reasonable time after the discovery of any failure, defect, or damage.

(f) If the Seller fails to remedy any failure, defect, or damage within a reasonable time after receipt of notice, FDF shall have the right to replace, repair, or otherwise remedy the failure, defect, or damage at the Seller's expense.

(2) Require all warranties to be executed, in writing, for the benefit of the Government, if directed by FDF; and

(3) Enforce all warranties for the benefit of the Government, if directed by FDF.

(h) In the event the Seller's warranty under paragraph (b) of this clause has expired, FDF or the Government may bring suit at its expense to enforce a subcontractor's, manufacturer's, or supplier's warranty.

(i) Unless a defect is caused by the negligence of the Seller or subcontractor or supplier at any tier, the Seller shall not be liable for the repair of any defects of material or design furnished by FDF or the Government nor for the repair of any damage that results from any defect in Government-furnished material or design.

(j) This warranty shall not limit FDF's or the Government's rights under the Inspection and Acceptance clause of this contract with respect to latent defects, gross mistakes, or fraud.

(ii) in accordance with any applicable drawings and specifications; and

(b) Where equipment, materials, or articles are referred to in the Specification or Scope of Work as "equal to" any particular standard, FDF shall decide the question of equality.

(c) If FDF so requires, Seller shall submit for approval samples of, or test results on, any materials proposed to be incorporated in the Work before making any commitments for the purchase of such materials. Such approval shall not relieve Seller of its obligation hereunder.

A.33 YEAR 2000 COMPLIANCE WARRANTY

(a) The Seller warrants that the products provided or systems developed under this contract are Year 2000 compliant. "Year 2000 compliant" means that the product:

This obligation applies to all materials delivered under this contract which will involve exposure to hazardous materials or items containing these materials.

(b) "Hazardous material," as used in this clause, is as defined in Federal Standard No. 313B, in effect on the date of this contract.

(c) Neither the requirements of this clause nor any act or failure to act by FDF or the Government shall relieve the Seller of any responsibility or liability for the safety of: Government, FDF, Seller, or subcontractor; personnel or property.

(3) That FDF and the Government are not precluded from using similar or identical data required from other sources.

(4) That the data shall not be duplicated, disclosed, or released outside FDF or the Government, in whole or in part for any acquisition or manufacturing purpose, if the following legend is marked on each piece of data to which this clause applies--

(i) The systems of records; and

(ii) The design, development, or operation work that the Seller is to perform;

(2) Include the Privacy Act notification contained in this contract in every solicitation and resulting subcontract and in every subcontract awarded without a solicitation, when the work statement in the proposed subcontract requires the design, development, or operation of a system of records on individuals that is subject to the Act; and

(b) In the event of violations of the Act, a civil action may be brought against the agency involved when the violation concerns the design, development, or operation of a system of records on individuals to accomplish an agency function, and criminal penalties may be imposed upon the officers or employees of the agency when the violation concerns the operation of a system of records on individuals to accomplish an agency function. For purposes of the Act, when the contract is for the operation of a system of records on individuals to accomplish an agency function, the Seller and any employee of the Seller is considered to be an employee of the agency.

A.41 FAR 52.225-5 BUY AMERICAN ACT -- CONSTRUCTION MATERIALS (JUN 1997)

(a) Definitions. As used in this clause--

"Components" means those articles, materials, and supplies incorporated directly into construction materials.

"Construction material" means an article, material, or supply brought to the construction site for incorporation into the building or work. Construction material also includes an item brought to the site pre-assembled from articles, materials or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, which are discrete systems incorporated into a public building or work and which are produced as a complete system, shall be evaluated as a single and distinct construction material regardless of when or how the individual parts or

components of such systems are delivered to the construction site.

"Domestic construction material" means (1) an unmanufactured construction material mined or produced in the United States, or (2) a construction material manufactured in the United States, if the cost of its components mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. Components of foreign origin of the same class or kind as the construction materials determined to be unavailable pursuant to subparagraph 25.202(a)(2) of the Federal Acquisition Regulation (FAR) shall be treated as domestic.

(b) (1) The Buy American Act (41 U.S.C. 10a-10d) requires that only domestic construction material be used in performing this contract, except as provided in paragraphs (b)(2) and (b)(3) of this clause.

(2) This requirement does not apply to the excepted construction material or components listed by FDF or the Government as follows:

[List applicable excepted materials or indicate "None"]

(3) Other foreign construction material may be added to the list in paragraph (b)(2) of this clause if FDF or the Government determines that--

(i) The cost would be unreasonable (the cost of a particular domestic construction material shall be determined to be unreasonable when the cost of such material exceeds the cost of foreign material by more than 6 percent, unless the agency head determines a higher percentage to be appropriate);

(ii) The application of the restriction of the Buy American Act to a particular construction material would be impracticable or inconsistent with the public interest; or

(iii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality.

(4) The Seller agrees that only domestic construction material will be used by the Seller, subcontractors, material men, and suppliers in the performance of this contract, except for foreign construction materials, if any, listed in paragraph (b)(2) of this clause.

(c) Request for determination.

(1) Sellers requesting to use foreign construction material under paragraph (b)(3) of this clause shall provide adequate information for FDF evaluation of the request for a determination regarding the inapplicability of the Buy American Act. Each submission shall include a description of the foreign and domestic construction materials, including unit of measure, quantity, price, time of delivery or availability, location of the construction project, name and address of the proposed Seller, and a detailed justification of the reason for use of foreign materials cited in accordance with paragraph (b)(3) of this clause. A submission based on unreasonable cost shall include a reasonable survey of the market and a completed price comparison table in the format in paragraph (d) of this clause. The price of construction material shall include all delivery costs to the construction site and any applicable duty (whether or not a duty-free certificate may be issued).

(2) If FDF or the Government determines after contract award that an exception to the Buy American Act applies, the contract shall be modified to allow use of the foreign construction material, and adequate consideration shall be negotiated. However, when the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration shall not be less than the differential established in paragraph (b)(3)(i) of this clause.

(3) If FDF or the Government does not determine that an exception to the Buy American Act applies, the use of that particular foreign construction material will be a failure to comply with the Act.

(d) For evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the following information and any applicable supporting data based on the survey of suppliers shall be included in the request:

| FOREIGN AND DOMESTIC CONSTRUCTION MATERIALS PRICE COMPARISON | | | |
|--|------------------------|-----------------|-------------------------|
| <u>Construction Material</u> <u>Description</u> | <u>Unit of Measure</u> | <u>Quantity</u> | <u>Price (Dollars)*</u> |
| <i>Item 1:</i> Foreign construction material | _____ | _____ | _____ |
| Domestic construction material | _____ | _____ | _____ |
| <i>Item 2:</i> Foreign construction material | _____ | _____ | _____ |
| Domestic construction material | _____ | _____ | _____ |

[List name, address, telephone number, and contact for suppliers surveyed. Attach a copy of response; if oral, attach summary.]

[Include other applicable supporting information.]

[*Include all delivery costs to the construction site and any applicable duty (whether or not a duty-free entry certificate is issued).]

It does not include social security tax or other employment taxes.

"After-relieved Federal tax," as used in this clause, means any amount of Federal excise tax or duty, except social security or other employment taxes, that would otherwise have been payable on the transactions or property covered by this contract, but which the Seller is not required to pay or bear, or for which the Seller obtains a refund or drawback, as the result of legislative, judicial, or administrative action taking effect after the contract date.

(b) The contract price includes all applicable Federal, State, and local taxes and duties.

(c) The contract price shall be increased by the amount of any after-imposed Federal tax, provided the Seller warrants in writing that no amount for such newly imposed Federal excise tax or duty or rate increase was included in the contract price, as a contingency reserve or otherwise.

(d) The contract price shall be decreased by the amount of any after-relieved Federal tax.

(e) The contract price shall be decreased by the amount of any Federal excise tax or duty, except social security or other employment taxes, that the Seller is required to pay or bear, or does not obtain a refund of, through the Seller's fault, negligence, or failure to follow instructions of FDF.

(f) No adjustment shall be made in the contract price under this clause unless the amount of the adjustment exceeds \$250.

(g) The Seller shall promptly notify FDF of all matters relating to any Federal excise tax or duty that reasonably may be expected to result in either an increase or decrease in the subcontract price and shall take appropriate action as FDF directs.

(h) FDF shall, without liability, furnish evidence appropriate to establish exemption from any Federal, State, or local tax when the Seller requests such evidence and a reasonable basis exists to sustain the exemption.

A.45 FAR 52.232-9 LIMITATION ON WITHHOLDING OF PAYMENTS (APR 1984)

If more than one clause or Schedule term of this contract authorizes the temporary withholding of amounts otherwise payable to the Seller for supplies delivered or services performed, the total of the amounts withheld at any one time shall not exceed the greatest amount that may be withheld under any one clause or Schedule term at that time; provided, that this limitation shall not apply to --

- (a) Withholdings pursuant to any clause relating to wages or hours of employees;
- (b) Withholdings not specifically provided for by this contract;
- (c) The recovery of overpayments; and
- (d) Any other withholding for which FDF determines that this limitation is inappropriate.

A.46 FAR 52.232-23 ASSIGNMENT OF CLAIMS (JAN 1986)

(a) The Seller may assign its rights to be paid amounts due or to become due as a result of the performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency. The assignee under such an assignment may thereafter further assign or reassign its right under the original assignment to any type of financing institution described in the preceding sentence.

(b) Any assignment or reassignment authorized under the Act and this clause shall cover all unpaid amounts payable under this contract, and shall not be made to more than one party, except that an assignment or reassignment may be made to one party as agent or trustee for two or more parties participating in the financing of this contract.

(c) The Seller shall not furnish or disclose to any assignee under this contract any classified document (including this contract) or information related to work under this contract until receiving prior written approval of FDF.

The Seller shall also be responsible for all damages to persons or property that occur as a result of the Seller's fault or negligence. The Seller shall also be responsible for all materials delivered and work performed until completion and acceptance of the entire work, except for any completed unit of work which may have been accepted under the contract.

A.48 FAR 52.236-8 OTHER CONTRACTS (APR 1984)

FDF may undertake or award other contracts for additional work at or near the site of the work under this contract. The Seller shall fully cooperate with the other Sellers and with FDF employees and shall carefully adapt scheduling and performing the work under this contract to accommodate the additional work, heeding any direction that may be provided by FDF. The Seller shall not commit or permit any act that will interfere with the performance of work by any other Sellers or by FDF employees.

A.49 FAR 52.242-14 SUSPENSION OF WORK (APR 1984)

(a) FDF may order the Seller, in writing, to suspend, delay, or interrupt all or any part of the work of this contract for the period of time that FDF determines appropriate for the convenience of FDF.

(b) If the performance of all or any part of the work is, for an unreasonable period of time, suspended, delayed, or interrupted (1) by an act of FDF in the administration of this contract, or (2) by FDF's failure to act within the time specified in this contract (or within a reasonable time if not specified), an adjustment shall be made for any increase in the cost of performance of this contract (excluding profit) necessarily caused by the unreasonable suspension, delay, or interruption, and the contract modified in writing accordingly. However, no adjustment shall be made under this clause for any suspension, delay, or interruption to the extent that performance would have been so suspended, delayed, or interrupted by any other cause, including the fault or negligence of the Seller, or for which an equitable adjustment is provided for or excluded under any other term or condition of this contract.

(c) A claim under this clause shall not be allowed (1) for any costs incurred more than 20 days before the Seller shall have notified FDF in writing of the act or failure to act involved (but this requirement shall not apply as to a claim resulting from a suspension order), and (2) unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of the suspension, delay, or interruption, but not later than the date of final payment under the contract.

(e) If this contract is to be performed outside the United States of America, its territories, or possessions, the words "Government" and "Government-furnished" (wherever they appear in this clause) shall be construed as "United States Government" and "United States Government-furnished," respectively.

A.52 FAR 52.246-4 INSPECTION OF SERVICES - FIXED-PRICE (AUG 1996)

(a) Definition: "Services," as used in this clause, includes services performed, workmanship, and material furnished or utilized in the performance of services.

(b) The Seller shall provide and maintain an inspection system acceptable to FDF covering the services under this contract. Complete records of all inspection work performed by the Seller shall be maintained and made available to FDF during contract performance and for as long afterwards as the contract requires.

(c) FDF has the right to inspect and test all services called for by the contract, to the extent practicable at all times and places during the term of the contract. FDF shall perform inspections and tests in a manner that will not unduly delay the work.

(d) If FDF performs inspections or tests on the premises of the Seller or a subcontractor, the Seller shall furnish, and shall require subcontractors to furnish, at no increase in contract price, all reasonable facilities and assistance for the safe and convenient performance of these duties.

(e) If any of the services do not conform with contract requirements, FDF may require the Seller to perform the services again in conformity with contract requirements, at no increase in contract amount. When the defects in services cannot be corrected by reperformance, FDF may --

- (1) Require the Seller to take necessary action to ensure that future performance conforms to contract requirements; and
- (2) Reduce the contract price to reflect the reduced value of the services performed.

(f) If the Seller fails to promptly perform the services again or to take the necessary action to ensure future performance in conformity with contract requirements, FDF may --

- (1) By contract or otherwise, perform the services and charge to the Seller any cost incurred by FDF that is directly related to the performance of such service; or
- (2) Terminate the contract for default.

A.53 FAR 52.246-12 INSPECTION OF CONSTRUCTION (AUG 1996)

(a) Definition. "Work" includes, but is not limited to, materials, workmanship, and manufacture and fabrication of components.

(b) The Seller shall maintain an adequate inspection system and perform such inspections as will ensure that the work performed under the contract conforms to contract requirements. The Seller shall maintain complete inspection records and make them available to FDF. All work shall be conducted under the general direction of FDF and is subject to FDF or Government inspection and test at all places and at all reasonable times before acceptance to ensure strict compliance with the terms of the contract.

(c) FDF inspections and tests are for the sole benefit of FDF and do not--

- (1) Relieve the Seller of responsibility for providing adequate quality control measures;
- (2) Relieve the Seller of responsibility for damage to or loss of the material before acceptance;
- (3) Constitute or imply acceptance; or

(4) Affect the continuing rights of FDF after acceptance of the completed work under paragraph (i) of this section.

(d) The presence or absence of a FDF inspector does not relieve the Seller from any contract requirement, nor is the inspector authorized to change any term or condition of the specification without FDF's written authorization.

(e) The Seller shall promptly furnish, at no increase in contract price, all facilities, labor, and material reasonably needed for performing such safe and convenient inspections and tests as may be required by FDF. FDF may charge to the Seller any additional cost of inspection or test when work is not ready at the time specified by the Seller for inspection or test, or when prior rejection makes reinspection or retest necessary. FDF shall perform all inspections and tests in a manner that will not unnecessarily delay the work. Special, full size, and performance tests shall be performed as described in the contract.

(f) The Seller shall, without charge, replace or correct work found by FDF not to conform to contract requirements, unless in the public interest FDF or the Government consents to accept the work with an appropriate adjustment in contract price. The Seller shall promptly segregate and remove rejected material from the premises.

(g) If the Seller does not promptly replace or correct rejected work, FDF may--

- (1) By contract or otherwise, replace or correct the work and charge the cost to the Seller; or
- (2) Terminate for default the Seller's right to proceed.

(h) If, before acceptance of the entire work, FDF decides to examine already completed work by removing it or tearing it out, the Seller, on request, shall promptly furnish all necessary facilities, labor, and material. If the work is found to be defective or nonconforming in any material respect due to the fault of the Seller or its subcontractors, the Seller shall defray the expenses of the examination and of satisfactory reconstruction. However, if the work is found to meet contract requirements, FDF shall make an equitable adjustment for the additional services involved in the examination and reconstruction, including, if completion of the work was thereby delayed, an extension of time.

(i) Unless otherwise specified in the contract, FDF shall accept, as promptly as practicable after completion and inspection, all work required by the contract or that portion of the work FDF determines can be accepted separately. Acceptance shall be final and conclusive except for latent defects, fraud, gross mistakes amounting to fraud, or FDF's rights under any warranty or guarantee.

A.54 FAR 52.246-16 RESPONSIBILITY FOR SUPPLIES (APR 1984)

(a) Title to supplies furnished under this contract shall pass to the Government upon formal acceptance, regardless of when or where FDF takes physical possession, unless the contract specifically provides for earlier passage of title.

(b) Unless the contract specifically provides otherwise, risk of loss or of damage to supplies shall remain with the Seller until, and shall pass to the Government upon--

- (1) Delivery of the supplies to a carrier, if transportation is f.o.b. origin; or
- (2) Acceptance by FDF or delivery of the supplies to FDF at the destination specified in the contract, whichever is later, if transportation is f.o.b. destination.

(c) Paragraph (b) above shall not apply to supplies that so fail to conform to contract requirements as to give a right of rejection. The risk of loss of or damage to such nonconforming supplies remains with the Seller until cure or acceptance. After cure or acceptance, paragraph (b) above shall apply.

(d) Under paragraph (b) above, the Seller shall not be liable for loss of or damage to supplies caused by the negligence of officers, agents, or employees of FDF acting within the scope of their employment.

A.55 FAR 52.249-2 TERMINATION FOR CONVENIENCE OF FDF

(a) FDF may terminate performance of work under this contract in whole or, from time to time, in part if FDF determines that a termination is in FDF's interest. FDF shall terminate by delivering to the Seller a Notice of Termination specifying the extent of termination and the effective date.

(b) After receipt of a Notice of Termination, and except as directed by FDF, the Seller shall immediately proceed with the following obligations, regardless of any delay in determining or adjusting any amounts due under this clause:

- (1) Stop work as specified in the notice.
- (2) Place no further subcontracts or orders (referred to as subcontracts in this clause) for materials, services, or facilities, except as necessary to complete the continued portion of the contract.
- (3) Terminate all subcontracts to the extent they relate to the work terminated.
- (4) Assign to the Government, as directed by FDF, all right, title, and interest of the Seller under the subcontracts terminated, in which case FDF shall have the right to settle or to pay any termination settlement proposal arising out of those terminations.
- (5) With approval or ratification to the extent required by FDF, settle all outstanding liabilities and termination settlement proposals arising from the termination of subcontracts; the approval or ratification will be final for purposes of this clause.

(6) As directed by FDF, transfer title to the Government and deliver to FDF (i) the fabricated or unfabricated parts, work in process, completed work, supplies, and other material produced or acquired for the work terminated, and (ii) the completed or partially completed plans, drawings, information, and other property that, if the contract had been completed, would be required to be furnished to FDF.

(7) Complete performance of the work not terminated.

(8) Take any action that may be necessary, or that FDF may direct, for the protection and preservation of the property related to this contract that is in the possession of the Seller and in which the Government has or may acquire an interest by FDF, any property of the types referred to in subparagraph (6) above; provided, however, that the Seller

(i) is not required to extend credit to any purchaser and

(ii) may acquire the property under the conditions prescribed by, and at prices approved by, FDF. The proceeds of any transfer or disposition will be applied to reduce any payments to be made by FDF under this contract, credited to the price or cost of the work, or paid in any other manner directed by FDF.

(c) After expiration of the plant clearance period as defined in Subpart 45.6 of the Federal Acquisition Regulation, the Seller may submit to FDF a list, certified as to quantity and quality, of termination inventory not previously disposed of, excluding items authorized for disposition by FDF. The Seller may request FDF to remove those items or enter into an agreement for their storage. Within 15 days, FDF will accept title to those items and remove them or enter into a storage agreement. FDF may verify the list upon removal of the items, or if stored, within 45 days from submission of the list, and shall correct the list, as necessary, before final settlement.

(d) After termination, the Seller shall submit a final termination settlement proposal to FDF in the form and with the certification prescribed by FDF. The Seller shall submit the proposal promptly, but no later than 1 year from the effective date of termination, unless extended in writing by FDF upon written request of the Seller within this 1-year period. However, if FDF determines that the facts justify it, a termination settlement proposal may be received and acted on after 1 year or any extension. If Seller fails to submit the proposal within the time allowed, FDF may determine, on the basis of information available, the amount, if any, due the Seller because of the termination and shall pay the amount determined.

(e) Subject to paragraph (d) above, the Seller and FDF may agree upon the whole or any part of the amount to be paid because of the termination. The amount may include a reasonable allowance for profit on work done. However, the agreed amount, whether under this paragraph (e) or paragraph (f) below, exclusive of costs shown in subparagraph (f)(3) below, may not exceed the total contract price as reduced by (1) the amount of payments previously made and (2) the contract price of work not terminated. The contract shall be amended, and the Seller paid the agreed amount. Paragraph (f) below shall not limit, restrict, or affect the amount that may be agreed upon to be paid under this paragraph.

(f) If the Seller and FDF fail to agree on the whole amount to be paid the Seller because of the termination of work, FDF shall pay the Seller the amounts determined as follows, but without duplication of any amounts agreed upon under paragraph (e) above:

(1) For contract work performed before the effective date of termination, the total (without duplication of any items) of --

(i) The cost of this work;

(ii) The cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the contract if not included in subdivision (i) above; and

(iii) A sum, as profit on (i) above, determined by FDF under 49.202 of the Federal Acquisition Regulation, in effect on the date of this contract, to be fair and reasonable; however, if it appears that the Seller would have sustained a loss on the entire contract had it been completed, FDF shall allow no profit under this subdivision (iii) and shall reduce the settlement to reflect the indicated rate of loss.

(2) The reasonable cost of settlement of the work terminated, including --

(i) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;

(ii) The termination and settlement of subcontracts (excluding the amounts of such settlements); and

(iii) Storage, transportation, and other costs incurred, reasonably necessary for the preservation, protection, or disposition of the termination inventory.

(g) Except for normal spoilage, and except to the extent that FDF expressly assumed the risk of loss, FDF shall exclude from the amounts payable to the Seller under paragraph (f) above, the fair value, as determined by FDF, of property that is destroyed, lost, stolen, or damaged so as to become undeliverable to the Government or to FDF.

(h) The cost principles and procedures of Part 31 of the Federal Acquisition Regulation, in effect on the date of this contract, shall govern all costs claimed, agreed to, or determined under this clause.

(i) If FDF has made a determination of the amount due under paragraph (d), (f), or (k), FDF shall pay the Seller (1) the amount determined by FDF.

(j) In arriving at the amount due FDF under this clause, there shall be deducted

(1) All unliquidated advance or other payments to FDF under the terminated portion of this contract;

(2) Any claim which FDF has against the Seller under this contract; and

(3) The agreed price for, or the proceeds of sale of, materials, supplies, or other things acquired by the Seller or sold under the

provisions of this clause and not recovered by or credited to the Government.

(k) If the termination is partial, the Seller may file a proposal with FDF for an equitable adjustment of the price(s) of the continued portion of the contract. FDF shall make any equitable adjustment agreed upon. Any proposal by the Seller for an equitable adjustment under this clause shall be requested within 90 days from the effective date of termination unless extended in writing by FDF.

(l) (1) FDF may, under the terms and conditions it prescribes, make partial payments and payments against costs incurred by the Seller for the terminated portion of the contract, if FDF believes the total of these payments will not exceed the amount to which the Seller will be entitled.

(2) If the total payments exceed the amount finally determined to be due, the Seller shall repay the excess to FDF upon demand, together with interest computed at the rate established by the Secretary of the Treasury under 50 U.S.C. App. 1215(b)(2). Interest shall be computed for the period from the date the excess payment is received by the Seller to the date the excess is repaid. Interest shall not be charged on any excess payment due to a reduction in the Seller's termination settlement proposal because of retention or other disposition of termination inventory until 10 days after the date of the retention or disposition, or a later date determined by FDF because of the circumstances.

(m) Unless otherwise provided in this contract or by statute, the Seller shall maintain all records and documents relating to the terminated portion of this contract for 3 years after final settlement. This includes all books and other evidence bearing on the Seller's costs and expenses under this contract. The Seller shall make these records and documents available to FDF, at the Seller's office, at all reasonable times, without any direct charge. If approved by FDF, photographs, microphotographs, or other authentic reproductions may be maintained instead of original records and documents.

A.56 DEFAULT FIXED-PRICE DESIGN-BUILD CONTRACTS

(a) (1) FDF may, subject to paragraphs (c) and (d) below, by written notice of default to the Seller, terminate this contract in whole or in part if the Seller fails to: (i) deliver the supplies, perform the services or fails to prosecute the work within the time specified in this contract or any extension; (ii) make progress, so as to endanger performance of this contract (but see subparagraph (a)(2) below); or (iii) perform any of the other provisions of this contract (but see subparagraph (a)(2) below).

(2) FDF's right to terminate this contract under subdivisions (1)(ii) and (1)(iii) above, may be exercised if the Seller does not cure such failure within 10 days (or more if authorized in writing by FDF) after receipt of the notice from FDF specifying the failure.

(b) If FDF terminates this contract in whole or in part, it may acquire, under the terms and in the manner FDF considers appropriate, supplies or services similar to those terminated, and the Seller will be liable to FDF for any excess costs for those supplies or services. However, the Seller shall continue the work not terminated.

(c) Except for defaults of subcontractors at any tier, the Seller shall not be liable for any excess costs if the failure to perform this contract arises from causes beyond the control and without the fault or negligence of the Seller. Examples of such causes include, (1) acts of God or of the public enemy, (2) acts of the Government in either its sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes, and (9) unusually severe weather. In each instance the failure to perform must be beyond the control and without the fault or negligence of the Seller.

(d) If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause for the default is beyond the control of both the Seller and the subcontractor, and without the fault or negligence of either, the Seller shall not be liable for any excess costs for failure to perform, unless the subcontracted supplies or services were obtainable from other sources in sufficient time for the Seller to meet the required delivery schedule.

(e) If this contract is terminated for default, FDF may require the Seller to transfer title to the Government and deliver to FDF as directed by FDF, any (1) completed supplies, and (2) partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (collectively referred to as "manufacturing materials" in this clause) that the Seller has specifically produced or acquired for the terminated portion of this contract. Upon direction of FDF, the Seller shall also protect and preserve property in its possession in which FDF or the Government has an interest.

(f) FDF shall pay the contract price for completed supplies delivered and accepted. The Seller and FDF shall agree on the amount of payment for manufacturing materials delivered and accepted and for the protection and preservation of the property. Failure to agree will be a dispute under the Disputes clause. FDF may withhold from these amounts any sum it determines to be necessary to protect itself against loss because of outstanding liens or claims of former lien holders.

(g) If, after termination, it is determined that the Seller was not in default, or that the default was excusable, the rights and obligation of the parties shall be the same as if the termination had been issued for the convenience of FDF.

(h) The rights and remedies of FDF in this clause are in addition to any other rights and remedies provided by law or under this contract.

(i) In addition to the conditions leading to default stated above, FDF may, by written notice to Seller, terminate the right to proceed with the work (or any separable part of the work) in the event the Seller:

(1) Fails to make timely payments to lower tier subcontractors and suppliers for material and/or labor in violation of the certification submitted under the clause entitled, Payments Under Fixed-Price Construction Contracts.

(2) Fails to provide, enforce or follow the required Environment, Safety and Health (ES&H) program as demonstrated by the following:

(A) Receipt of two or more stop work orders issued under the clause entitled, Integration of Environment, Safety, and Health into Work Planning and Execution.

(B) A willful violation of OSHA, FDF ES&H, or FDF Site Radiological Control requirements.

A.57 FAR 52.252-2 CLAUSES INCORPORATED BY REFERENCE (JUN 1988)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, FDF will make their full text available.

A.58 DEAR 927.300(a) (41 CFR 9-9.107-6) PATENT RIGHTS-LONG-FORM (DEVIATION) (APR 1984)

(a) Definitions.

(1) "Subject invention" means any invention or discovery of the Seller conceived or first actually reduced to practice in the course of or under this contract, and includes any art, method, process, machine manufacture, design or composition of matter, or any new and useful improvement thereof or any variety of plants, whether patented or unpatented under the Patent Laws of the United States of America or any foreign country.

(2) "Contract" means any contract, grant, agreement, understanding, or other arrangement, which includes research, development, or demonstration work, and includes any assignment or substitution of parties.

(3) "States and domestic municipal Governments" means the States of the United States, the District of Columbia, Puerto Rico, the Virgin Islands, American Samoa, Guam, the Trust Territory of the Pacific Islands, and any political subdivision and agencies thereof.

(4) "Government Agency" includes an executive department, independent commission, board, office, agency, administration, authority, government corporation, or other government establishment of the Executive Branch of Government of the United States of America.

(5) "To the point of practical application" means to manufacture, in the case of a composition or product, to practice in the case of a process, or to operate in the case of a machine and under such conditions as to establish that the invention is being worked and that its benefits are reasonably accessible to the public.

(6) "Patent Counsel" means the Department of Energy Patent Counsel assisting the procuring activity.

(b) Allocation of principal rights.

(1) Assignment to the Government. (1) The Seller agrees to assign to the Government the entire right, title, and interest throughout the world in and to each subject invention, except to the extent that rights are retained by the Seller under paragraphs (b)(2) and (c) of this clause.

(2) Greater rights determinations. The Seller or the employee-inventor with authorization of the Seller may request greater rights than the nonexclusive license and the foreign patent rights provided in paragraph (c) of this clause on identified inventions in accordance with 41 CFR 9-9.109-6(d). Such requests must be submitted to Patent Counsel (with notification by Seller to FDF) at the time of the first disclosure pursuant to paragraph (e)(2) of this clause, or not later than 9 months after conception or first actual reduction to practice, whichever occurs first, or such longer periods as may be authorized by Patent Counsel (with notification by Seller to FDF) for good cause shown in writing by the Seller.

(c) Minimum rights to the Seller.

(1) Seller license. The Seller reserves a revocable, nonexclusive, paid-up license in each patent application filed in any country on a subject invention and any resulting patent in which the Government acquires title. The license shall extend to the Seller's domestic subsidiaries and affiliates, if any, within the corporate structure of which the Seller is a part and shall include the right to grant sublicenses of the same scope to the extent the Seller was legally obligated to do so at the time the contract was awarded. The license shall be transferable only with approval of DOE except when transferred to the successor of that part of the Seller's business to which the invention pertains.

(2) Revocation limitations. The Seller's nonexclusive license retained pursuant to paragraph (c)(1) of this clause and sublicenses granted thereunder may be revoked or modified by DOE, either in whole or in part, only to the extent necessary to achieve expeditious practical application of the subject invention under DOE's published licensing regulations (10 CFR 781), and only to the extent an exclusive license is actually granted. This license shall not be revoked in that field of use and/or the geographical areas in which the Seller, or its sublicensee, has brought the invention to the point of practical application and continues to make the benefits of the invention reasonably accessible to the public, or is expected to do so within a reasonable time.

(3) Revocation procedures. Before modification or revocation of the license or sublicense, pursuant to paragraph (c)(2) of this clause, DOE shall furnish the Seller a written notice of its intention to modify or revoke the license and any sublicense thereunder, and the Seller shall be allowed 30 days, or such longer periods as may be authorized by the Patent Counsel (with notification by Seller to FDF) for good cause shown in writing by the Seller, after such notice to show cause why the license or any sublicense should not be modified or revoked. The Seller shall have the right to appeal, in accordance with 10 CFR 781, any decision concerning the modification or revocation of his license or any sublicense.

(4) Foreign patent rights. Upon written request to Patent Counsel (with notification by Seller to FDF), and subject to DOE security regulations and requirements, there shall be reserved to the Seller, or the employee-inventor with authorization of the Seller, the patent rights to a subject invention in any foreign country where the Government has elected not to secure such rights provided:

(i) The recipient of such rights, when specifically requested by DOE and three years after issuance of a foreign patent disclosing said subject invention, shall furnish DOE a report setting forth:

(A) The commercial use that is being made, or is intended to be made, of said invention, and

(B) The steps taken to bring the invention to the point of practical application or to make the invention

available for licensing.

(ii) The Government shall retain at least an irrevocable, nonexclusive, paid-up license to make, use, and sell the invention throughout the world by or on behalf of the Government (including any Government agency) and the States and domestic municipal governments, unless the Head of the Agency or the designee determines that it would not be in the public interest to acquire the license for the States and domestic municipal Governments.

(iii) Subject to the rights granted in (c)(1), (2) and (3) of this clause, the Head of the Agency or designee shall have the right to terminate the foreign patent rights granted in this paragraph (c)(4) in whole or in part unless the recipient of such rights demonstrates to the satisfaction of the Head of the Agency designee that effective steps necessary to accomplish substantial utilization of the invention have been taken or within a reasonable time will be taken.

(iv) Subject to the rights granted in (c)(1), (2) and (3) of this clause, the Head of the Agency or designee have the right, commencing four years after foreign patent rights are accorded under this paragraph (c)(4), to require the granting of a nonexclusive or partially exclusive license to a responsible applicant or applicants, upon terms reasonable under the circumstances, and in appropriate circumstances to terminate said foreign patent rights in whole or in part, following a hearing upon notice thereof to the public, upon a petition by an interested person justifying such hearing:

(A) If the Head of the Agency or designee determines, upon review of such material as he deems relevant, and after the recipient of such rights or other interested person has had the opportunity to provide such relevant and material information as the Head of the Agency or designee may require, that such foreign patent rights have tended substantially to lessen competition or to result in undue market concentration in any section of the United States in any line of commerce to which the technology relates; or

(B) Unless the recipient of such rights demonstrates to the satisfaction of the Head of the Agency or designee at such hearing that the recipient has taken effective steps, or within a reasonable time thereafter is expected to take such steps, necessary to accomplish substantial utilization of the invention.

(d) Filing of patent applications.

(1) With respect to each subject invention in which the Seller or the inventor requests foreign patent rights in accordance with paragraph (c)(4) of this clause, a request may also be made for the right to file and prosecute the U.S. application on behalf of the Government. If such request is granted, the Seller or inventor shall file a domestic patent application on the invention within 6 months after the request for foreign patent rights is granted, or such longer period of time as may be approved by the Patent Counsel for good cause shown in writing by the requestor. With respect to the invention, the requestor shall promptly notify the Patent Counsel (with notification by Seller to FDF) of any decision not to file an application.

(2) For each subject invention on which a domestic patent application is filed by the Seller or inventor, the Seller or inventor shall:

(i) Within 2 months after the filing of a patent application or within 2 months after submission of the invention disclosure, if the patent application has been filed previously, deliver to the Patent Counsel a copy of the application as filed including the filing date and serial number;

(ii) Within 6 months after filing the application or within 6 months after submitting the invention disclosure if the application has been filed previously, deliver to the Patent Counsel a duly executed and approved assignment to the Government, on a form specified by the Government;

(iii) Provide the Patent Counsel with the original patent grant promptly after a patent is issued on the application;

(iv) Not less than 30 days before the expiration of the response period for any action required by the Patent and Trademark Office, notify the Patent Counsel of any decision not to continue prosecution of the application.

(3) With respect to each subject invention in which the Seller or inventor has requested foreign patent rights, the Seller or inventor shall file a patent application on the invention in each foreign country in which such request is granted, in accordance with applicable statutes and regulations, and within one of the following periods:

(i) Eight months from the date of filing a corresponding United States application, or if such an application if not filed, six months from the date the request was granted.

(ii) Six months from the date a license is granted by the Commissioner of Patents and Trademarks to file the foreign patent application, where such filing has been prohibited by security reasons; or

(iii) Such longer periods as may be approved by the Patent Counsel for good cause shown in writing by the Seller or inventor.

(4) Subject to the license specified in paragraphs (c)(1), (2) and (3) of this clause, the Seller or inventor agrees to convey to the Government, upon request, the entire right, title, and interest in any foreign country in which the Seller or inventor fails to have a patent application filed in accordance with paragraph (d)(3) of this clause, or decides not to continue prosecution or to pay any maintenance fees covering the invention. To avoid forfeiture of the patent application or patent, the Seller or inventor shall, not less than 60 days before the expiration period for any action required by any patent office, notify the Patent Counsel of such failure or decision, and deliver to the Patent Counsel, the executed instruments necessary for the conveyance specified in this paragraph.

(e) Invention identification, disclosures, and reports.

(1) The Seller shall establish and maintain active and effective procedures to ensure that subject inventions are promptly identified and timely disclosed. These procedures shall include the maintenance of laboratory notebooks or equivalent records and other records that are reasonably necessary to document the conception and/or the first actual reduction to practice of subject inventions, and records which show that the procedures for

identifying and disclosing the inventions are followed. Upon request, the Seller shall furnish the Contracting Officer a description of these procedures so that the Contracting Officer may evaluate and determine their effectiveness.

(2) The Seller shall furnish the Patent Counsel (with notification by Seller to FDF) on a DOE approved form:

(i) A written report containing full and complete technical information concerning each subject invention within 6 months after conception or first actual reduction to practice, whichever occurs first in the course of or under this contract, but in any event, prior to any sale, public use, or public disclosure of such invention known to the Seller. The report shall identify the contract and inventor and shall be sufficiently complete in technical detail and appropriately illustrated by sketch or diagram to convey to one skilled in the art to which the invention pertains, a clear understanding of the nature, purpose, operation, and to the extent known, the physical, chemical, biological, or electrical characteristics of the invention. The report should also include any request for foreign patent rights under paragraph (c)(4) of this clause and any request to file a domestic patent application under (d)(1) of this clause. However, such request shall be made within the period set forth in paragraph (b)(2) of this clause. When an invention is reported under this paragraph (e)(2)(i), it shall be presumed to have been conceived or first actually reduced to practice in the course of or under the contract, unless the Seller contends it was not so made, in accordance with paragraph (g)(2)(ii) of this clause.

(ii) Upon request, but not more than annually, interim reports on a DOE-approved form listing subject inventions and subcontracts award(s) containing a Patent Rights clause for that period and certifying that:

(A) The Seller's procedures for identifying and disclosing subject inventions as required by this paragraph (e) have been followed throughout the reporting period;

(B) All subject inventions have been disclosed or that there are no such inventions; and

(C) All subcontracts containing a Patent Rights clause have been reported or that no such subcontracts have been awarded;

(iii) A final report on a DOE-approved form within three months after completion of the contract work listing all subject inventions and all subcontracts awarded containing a Patent Rights clause and certifying that:

(A) All subject inventions have been disclosed or that there were no such inventions; and

(B) All subcontracts containing a Patent Rights clause have been reported or that no such subcontracts have been awarded.

(3) The Seller shall obtain patent agreements to effectuate the provisions of this clause from all persons in its employ who perform any part of the work under this contract except nontechnical personnel, such as clerical employees and manual laborers.

(4) The Seller agrees that the Government may duplicate and disclose subject invention disclosures and all other reports and papers furnished or required to be furnished pursuant to this clause. If the Seller is to file a foreign patent application on a subject invention, the Government agrees, upon written request, to use its best efforts to withhold publication of such invention disclosures until the expiration of the time period specified in paragraph (d)(1) of this clause, but in no event shall the Government or its employees be liable for any publication thereof.

(f) Publication.

It is recognized that during the course of the work under this contract, the Seller or its employees may from time to time desire to release or publish information regarding scientific or technical developments conceived or first actually reduced to practice in the course of or under this contract. In order that public disclosure of such information will not adversely affect the patent interests of the DOE or the Seller, patent approval for release or publication shall be secured from Patent Counsel through FDF prior to any such release or publication.

(g) Forfeiture of rights in unreported subject inventions.

(1) The Seller shall forfeit to the Government, at DOE's request, all rights in any subject invention which the Seller fails to report to Patent Counsel (with notification by Seller to FDF) within 6 months after the time the Seller:

(i) Files or causes to be filed a United States or foreign patent application thereon; or

(ii) Submits the final report required by paragraph (e)(2)(iii) of this clause, whichever is later.

(2) However, the Seller shall not forfeit rights in a subject invention if, within the time specified, in (1)(i) or (1)(ii) of this paragraph (g), the Seller:

(i) Prepares a written decision based upon a review of the record that the invention was neither conceived nor first actually reduced to practice in the course of or under the contract and delivers the same to Patent Counsel (with notification by Seller to FDF); or

(ii) Contending that the invention is not a subject invention, the Seller nevertheless discloses the invention and all facts pertinent to this contention to the Patent Counsel (with notification by Seller to FDF); or

(iii) Establishes that the failure to disclose did not result from the Seller's fault or negligence.

(3) Pending written assignment of the patent application and patents on a subject invention determined by DOE to be forfeited the Seller shall be deemed to hold the invention and the patent applications and patents pertaining thereto in trust for the Government. The forfeiture provision of this paragraph (g) shall be in addition to and shall not supersede other rights and remedies which the Government may have with respect to subject inventions.

(h) Examination of records relating to inventions.

(1) The Contracting Officer or his authorized representative, until the expiration of 3 years after final payment under this contract, shall have the right to examine any books (including laboratory notebooks), records, documents, and other supporting data of the Seller which the Contracting Officer reasonably deems pertinent to the discovery or identification of subject inventions or to determine compliance with the requirements of this clause.

(2) The Contracting Officer or his authorized representative shall have the right to examine all books (including laboratory notebooks), records and documents of the Seller relating to the conception or first actual reduction to practice of inventions in the same field of technology as the work under this contract to determine whether any such inventions are subject inventions, if the Seller refuses or fails to:

(i) Establish the procedures of paragraph (e) (1) of this clause; or

(ii) Maintain and follow such procedures; or

(iii) Correct or eliminate any material deficiency in the procedures within thirty days after the Contracting Officer notifies the Seller of such a deficiency.

(i) Withholding of payment (not applicable to subcontracts).

(1) Any time before final payment of the amount of this contract, FDF may, if deemed such action warranted, withhold payment until a reserve not exceeding \$50,000 or 5 percent of the amount of this contract, whichever is less, shall have been set aside if in its opinion the Seller fails to:

(i) Establish, maintain and follow effective procedures for identifying and disclosing subject inventions pursuant to paragraph (e)(1) of this clause; or

(ii) Disclose any subject invention pursuant to paragraph (e)(2)(i) of this clause, or

(iii) Deliver the interim reports pursuant to paragraph (e)(2)(ii) of this clause; or

(iv) Provide the information regarding subcontracts pursuant to paragraph (j)(5) of this clause; or

(v) Convey to the Government to, using a DOE- approved form, the title and/or rights of the Government in each subject invention as required by this clause.

(2) The reserve or balance shall be withheld until FDF has determined that the Seller has rectified whatever deficiencies exist and has delivered all reports, disclosures, and other information required by this clause.

(3) Final payment under this contract shall not be made by FDF before the Seller delivers to Patent Counsel all disclosures of subject inventions and other information required by (e) (2) (i) of this clause, the final report required by (e) (2) (iii) of this clause, and Patent Counsel has issued a patent clearance certification to FDF.

(4) FDF may, at its discretion, decrease or increase the sums withheld up to the maximum authorized above. If the Seller is a non-profit organization, the maximum amount that may be withheld under this paragraph shall not exceed \$50,000 or 1 percent of the amount of this contract, whichever is less. No amount shall be withheld under this paragraph while the amount specified by this paragraph is being withheld under other provisions of the contract. The withholding of any amount or subsequent payment thereof shall not be construed as a waiver of any rights accruing to or the Government under this contract.

(j) Subcontracts.

(1) For the purpose of this paragraph the term "Seller" means the party awarding a subcontract and the term "subcontractor" means the party being awarded a subcontract, regardless of tier.

(2) The Seller will include in subcontracts in which the subcontractor is neither a small business firm or a nonprofit organization the Patent Rights clause of 41 CFR 9-9.107-5(a), modified to identify the parties. In the event of a refusal by such subcontractor to accept this clause, or if in the opinion of the Seller this clause is inconsistent with DOE's patent policies, the Seller:

(i) Shall promptly submit written notice to FDF setting forth reasons for the subcontractor refusal and other pertinent information which may expedite disposition of the matter; and

(ii) Shall not proceed with the subcontract without written authorization of FDF.

(iii) In all other subcontracts, the Seller shall use a patent clause as directed by FDF.

(3) Except as may be otherwise provided in this clause, the Seller shall not, in any subcontract by using a subcontract as consideration therefor, acquire any rights in its subcontractor's subject invention for the Seller's own use (as distinguished from such rights as may be required solely to fulfill the Seller's contract obligations to the Government in the performance of this contract).

(4) All invention disclosures, reports, instruments, and other information required to be furnished by the subcontractor to DOE, under the provisions of a Patent Rights clause in any subcontract hereunder may, at the discretion of FDF, be furnished to the Seller for transmission to DOE.

(5) The Seller shall promptly notify FDF in writing upon the award of any subcontract containing a Patent Rights clause by identifying the subcontractor, the work to be performed under the subcontract, and the dates of award and estimated completion. Upon the request of FDF,

the Seller shall furnish a copy of the subcontract.

(6) The Seller shall identify all subject inventions of the subcontractor of which it acquires knowledge in the performance of this contract and shall notify the Patent Counsel (with notification by Seller to FDF) promptly upon the identification of the inventions.

(7) It is understood that the Government is a third party beneficiary of any subcontract clause granting rights to the Government in subject inventions, and the Seller hereby assigns to the Government all rights that the Seller would have to enforce the subcontractor's obligations for the benefit of the Government with respect to subject inventions. The Seller shall not be obligated to enforce the agreements of any subcontractor hereunder relating to the obligations of the subcontractor to the Government regarding subject inventions.

(k) Background Patents.

(1) "Background Patent" means a domestic patent covering an invention or discovery which is not a subject invention and which is owned or controlled by the Seller at any time through the completion of this contract:

(i) Which the Seller, but not the Government, has the right to license to others without obligation to pay royalties thereon, and

(ii) Infringement of which cannot reasonably be avoided upon the practice of any specific process, method, machine, manufacture or composition of matter (including relatively minor modifications thereof) which is a subject of the research, development, or demonstration work performed under this contract.

(2) The Seller agrees to and does hereby grant to the Government a royalty-free, nonexclusive, license under any background patent for purposes of practicing remediation, decontamination or decommissioning of the Government facilities.

(3) The Seller also agrees that upon written application by DOE, it will grant to responsible parties for purposes of practicing a subject of this contract, nonexclusive licenses under any background patent on terms that are reasonable under the circumstances. If, however, the Seller believes that exclusive or partially exclusive rights are necessary to achieve expeditious commercial development or utilization, then a request may be made to DOE for approval of such licensing by the Seller.

(l) Atomic energy.

(1) No claim for pecuniary award or compensation under the provisions of the Atomic Energy Act of 1954, as amended, shall be asserted by the Seller or its employees with respect to any invention or discovery made or conceived in the course of or under this contract.

(2) Except as otherwise authorized in writing by the Contracting Officer, the Seller will obtain patent agreements to effectuate the provisions of paragraph (l)(1) of this clause from all persons who perform any part of the work under this contract, except nontechnical personnel, such as clerical employees and manual laborers.

(m) Limitation of rights.

Nothing contained in this patent rights clause shall be deemed to give the Government any rights with respect to any invention other than a subject invention except as set forth in the Patent Rights clause of this contract with respect to background patents and, if included, the facilities licenses.

A.59 DEAR 952.208-70 PRINTING (APR 1984)

The Seller shall not engage in, nor subcontract for, any printing (as that term is defined in Title I of the U.S. Government Printing and Binding Regulations in effect on the effective date of this contract) in connection with the performance of work under this contract. Provided, however, that performance of a requirement under this contract involving the duplication of less than 5,000 copies of a single unit, or no more than 25,000 units in the aggregate of multiple units, will not be deemed to be printing. A unit is defined as one sheet, size 8 1/2 by 11 inches one side only, one color. A requirement is defined as a single publication document.

(1) The term "printing" includes the following processes: composition, plate making, presswork, binding, microform publishing, or the end items produced by such processes.

(2) If fulfillment of the contract will necessitate reproduction in excess of the limits set forth above, the Seller shall notify FDF in writing and obtain FDF's approval prior to acquiring on FDF's behalf production, acquisition, and dissemination of printed matter. Such printing must be obtained from Government Printing Office (GPO), a contract source designated by GPO or a Joint Committee on Printing authorized federal printing plant.

(3) Printing services not obtained in compliance with this guidance will result in the cost of such printing being disallowed.

(4) The Seller will include in each of his subcontracts hereunder a provision substantially the same as this clause including this paragraph (4).

A.60 DEAR 952.223-75 PRESERVATION OF INDIVIDUAL OCCUPATIONAL RADIATION EXPOSURE RECORDS (DEVIATION) (APR 1984)

Individual occupational radiation exposure records generated in the performance of work under this contract shall be subject to inspection by FDF and the Government and shall be preserved by the Seller until disposal is authorized by FDF or at the option of the Seller delivered to FDF upon completion or termination of the contract. The Seller shall include appropriate provisions in subcontracts to implement this requirement.

A.61 DEAR 952.227-71 PATENT RIGHTS - SMALL BUSINESS FIRMS OR NONPROFIT ORGANIZATIONS (APR 1987)

(a) Definitions.

(1) "Invention" means any invention or discovery which is or may be patentable or otherwise protectable under Title 35 of the United States Code (U.S.C.) or any novel variety of plant which is or may be protected under the Plant Variety Protection Act (7 U.S.C. 2321 et seq.).

(2) "Subject Invention" means any invention of the Seller conceived or first actually reduced to practice in the performance of work under this contract, provided that in the case of a variety of Plant Variety Protection Act, 7 U.S.C. 2401 (d) must also occur during the period of contract performance.

(3) "Practical Application" means to manufacture in the case of a composition or product, to practice in the case of a process or method, or to operate in the case of a machine or system; and, in each case, under such conditions as to establish that the invention is utilized and that its benefits are, to the extent permitted by law or Government regulations, available to the public on reasonable terms.

(4) "Made" when used in relation to any invention means the conception or first actual reduction to practice of such invention.

(5) "Small Business Firm" means a small business concern as defined at Section 2 of Pub. L. 85-536 (15 U.S.C. 632) and implementing regulations of the Administrator of the Small Business Administration. For the purpose of this clause, the size standard for small business concerns involved in Government procurement and subcontracting, at 13 CFR 121.3-8 and 13 CFR 121.3-12, respectively, will be used.

(6) "Nonprofit Organization" means a university or other institution of higher education or an organization of the type described in section 501(c)(3) of the Internal Revenue Code of 1954 (26 U.S.C. 501 (a)) or any nonprofit scientific or educational organization qualified under a state nonprofit organization statute.

(7) "Patent Counsel" means DOE Patent counsel assisting the DOE contracting activity.

(b) Allocation of principal rights.

(1) The Seller may retain the entire right, title and interest throughout the world to each subject invention subject to the provisions of this clause and 35 U.S.C. 203. With respect to any subject invention in which the Seller retains title, the Government shall have a nonexclusive, nontransferable, irrevocable, paid-up license to practice or have practiced for or on behalf of the United States the subject invention throughout the world.

(2) (Reserved.)

(c) Invention disclosure, election of title and filing or patent application by Seller.

(1) The Seller will disclose each subject invention to the Patent Counsel within two months after the inventor discloses it in writing to contractor personnel responsible for patent matters. The disclosure to the Patent Counsel shall be in the form of a written report and shall identify the contract under which the invention was made and the inventor(s). It shall be sufficiently complete in technical detail to convey a clear understanding, to the extent known at the time of the disclosure of the nature, purpose, operation, and the physical, chemical, biological or electrical characteristics of the invention. The disclosure shall also identify any publication, on sale or public use of the invention and whether a manuscript describing the invention has been submitted for publication and, if so, whether it has been accepted for publication at the time of disclosure. In addition, after disclosure to the Patent Counsel, the Seller will promptly notify the Patent Counsel of the acceptance of any manuscript describing the invention for publication or of any on sale or public use planned by the Seller.

(2) The Seller will elect in writing whether or not to retain title to any such invention by notifying the Patent Counsel within two years of disclosure to the Patent Counsel. However, in any case where publication, on sale or public use has initiated the one year statutory period wherein valid patent protection can still be obtained in the United States, the period for election of title may be shortened by Patent Counsel to a date that is no more than sixty days prior to the end of the statutory period.

(3) The Seller will file its initial patent application on a subject invention to which it elects to retain title within one year after election of title, or, if earlier, prior to the end of any statutory period wherein valid patent protection can be obtained in the United States after a publication, on sale, or public use. The Seller will file patent applications in additional countries or international patent offices within either ten months of the corresponding initial patent application or six months from the date permission is granted by the Commissioner of Patents and Trademarks to file foreign patent applications where such filing has been prohibited by a Secrecy Order.

(4) Requests for extension of the time for disclosure to the Patent Counsel, election, and filing, under subparagraphs (1), (2), and (3) may, at the discretion of the Patent Counsel be granted.

(d) Conditions when the Government may obtain title.

The Seller will convey to the Government, upon written request, title to any subject invention:

(1) If the Seller fails to disclose or elect title to the subject invention within the times specified in (c) above, or elects not to retain title; provided that the Government may only request title within 60 days after learning of the failure of the Seller to disclose or elect within the specified times;

(2) In those countries in which the Seller fails to file patent applications within the times specified in (c) above; provided, however, that if the Seller has filed a patent application in a country after the time specified in (c) above prior to its receipt of the written request of the Patent Counsel, the Seller shall continue to retain title in that country; or

(3) In any country in which the Seller decides not to continue the prosecution of any application for, to pay the maintenance fees

on, or defend in a reexamination or opposition proceeding on, a patent on a subject invention.

(e) Minimum rights to Seller and protection of the Seller's right to file.

(1) The Seller will retain a nonexclusive, royalty-free license throughout the world in each subject invention to which the Government obtains title except if the Seller fails to disclose the subject invention within times specified in (c) above. The Seller's license extends to its domestic subsidiaries and affiliates, if any, within the corporate structure of which the Seller is a part and includes the right to grant sublicenses of the same scope to the extent the Seller was legally obligated to do so at the time the contract was awarded. The license is transferable only with the approval of the Government except when transferred to the successor of the part of the Seller's business to which the invention pertains.

(2) The Seller domestic licenses may be revoked or modified by DOE to the extent necessary to achieve expeditious practical application of the subject invention pursuant to an application for an exclusive license submitted in accordance with applicable provisions at 37 CFR 404 and 10 CFR 781. This license will not be revoked in the field of use or the geographical areas in which the contractor has achieved practical application and continues to make the benefits of the invention reasonable accessible to the public. The license in any foreign country may be revoked or modified at the discretion of DOE to the extent the Seller, its licensees, or its domestic subsidiaries or affiliates have failed to achieve practical application in that foreign country.

(3) Before revocation or modification of the license, DOE will furnish the Seller a written notice of its intention to revoke or modify the license, and the Seller will be allowed thirty days (or such other time as may be authorized by DOE for good cause shown by the Seller) after the notice to show cause why the license should not be revoked or modified. The Seller has the right to appeal, in accordance with 37 CFR 404 and 10 CFR Part 781, any decision concerning the revocation or modification of its license.

(f) Seller's action to protect the Government's interest.

(1) The Seller agrees to execute or to have executed and promptly deliver to the Patent Counsel all instruments necessary to:

(i) Establish or confirm the rights the Government has throughout the world in those subject inventions to which the Seller elects to retain title, and

(ii) Convey title to the Government when requested under (d) above and to enable the Government to obtain patent protection throughout the world in that subject invention.

(2) The Seller agrees to require, by written agreement, its employees, other than clerical and nontechnical employees, to disclose promptly in writing to personnel identified as responsible for the administration of patent matters and in a format suggested by the Seller each subject invention made under this contract in order that the Seller can comply with the disclosure provisions of (c) above and to execute all papers necessary to file patent applications on subject inventions and to establish the Government's rights in the subject inventions. The disclosure format should require, as a minimum, the information required by (c)(1) above. The Seller shall instruct such employees through the employee agreements or other suitable educational programs on the importance of reporting inventions in sufficient time to permit the filing of patent applications prior to United States or foreign statutory bars.

(3) The Seller will notify the Patent counsel of any decision not to continue prosecution of a patent application, pay maintenance fees, or defend in a reexamination or opposition proceeding on a patent, in any country, not less than thirty days before the expiration of the response period required by the relevant patent office.

(4) The Seller agrees to include, within the specification of any United States patent applications and any patent issuing thereon covering a subject invention, the following statement "This invention was made with the Government's support under (identify the contract) awarded by FDF. The Government has certain rights in this invention."

(5) The Seller agrees to:

(i) Upon request, provide a report prior to the close-out of the contract listing all subject inventions or stating that there were none;

(ii) Provide, upon request, a copy of the patent application, filing date, serial number and title, patent number and issue date for any subject invention in any country in which the Seller has applied for a patent; and

(iii) Provide upon request, but not more than annually, listing of all subject inventions which were disclosed to FDF or the Government during the applicable reporting period.

(g) Subcontracts.

(1) The Seller will include this clause, suitably modified to identify the parties, in all subcontracts, regardless of tier, for experimental, developmental or research work to be performed by a small business firm or a domestic nonprofit organization. The subcontractor will retain all rights provided for the Seller in this clause, and the Seller will not, as part of the consideration for awarding the subcontract, obtain rights in the subcontractor's subject inventions.

(2) The Seller will include in all other subcontracts, regardless of tier, for experimental, developmental, demonstration or research work the patent rights clause of 41 CFR 9-9.107-5(a) or 9-9.107-6 as appropriate, modified to identify the parties.

(3) In the case of a subcontract at any tier, FDF, the subcontractor, and the Seller agree that the mutual obligations of the parties created by this clause constitute a contract between the subcontractor and FDF with respect to those matters covered by this clause.

(h) Reporting on utilization of subject inventions.

The Seller agrees to submit on request periodic reports no more frequently than annually on the utilization of a subject invention or on efforts at obtaining such utilization that are being made by the Seller or its licensees or assignees. Such reports shall include information regarding the status of development, date of first commercial sale or use, gross royalties received by the Seller, and such other data and information as DOE and may reasonably specify. The Seller also agrees to provide additional reports as may be requested by DOE and FDF in connection with any march-in proceeding undertaken by DOE and FDF in accordance with paragraph (j) of this clause. As required by 35 U.S.C. 202(c)(5), FDF agrees it will not disclose such information to persons outside FDF or the Government without permission of the Seller.

(i) Preference for United States industry.

Notwithstanding any other provision of this clause, the Seller agrees that neither it nor any assignee will grant to any person the exclusive right to use or sell any subject invention in the United States unless such person agrees that any products embodying the subject invention or produced through the use of the subject invention will be manufactured substantially in the United States. However, in individual cases, the requirement for such an agreement may be waived by DOE upon a showing by the Seller or its assignee that reasonable but unsuccessful efforts have been made to grant licenses on similar terms to potential licensees that would be likely to manufacture substantially in the United States or that under the circumstances domestic manufacture is not commercially feasible.

(j) March-in rights.

The Seller agrees that with respect to any subject invention in which it has acquired title, DOE has the right in accordance with the procedures in 37 CFR 401.6 and any supplemental regulations of DOE to require the Seller, an assignee or exclusive licensee of a subject invention to grant a nonexclusive, partially exclusive, or exclusive license in any field of use to a responsible applicant or applicants, upon terms that are reasonable under the circumstances, and if the Seller, assignee, or exclusive licensee refuses such a request, DOE has the right to grant such a license itself if DOE determines that:

(1) Such action is necessary because the Seller or assignee has not taken, or is not expected to take within a reasonable time, effective steps to achieve practical application of the subject invention in such field of use;

(2) Such action is necessary to alleviate health or safety needs which are not reasonably satisfied by the Seller, assignee, or their licensees;

(3) Such action is necessary to meet requirements for public use specified by federal regulations and such requirements are not reasonably satisfied by the Seller, assignee, or licensees; or

(4) Such action is necessary because the agreement required by (i) of this clause has not been obtained or waived or because a licensee of the exclusive right to use or sell any subject invention in the United States is in breach of such agreement.

(k) Special provisions for contracts with nonprofit organizations.

If the Seller is a non profit organization, it agrees that:

(1) Rights to a subject invention in the United States may not be assigned without the approval of DOE, except where such assignment is made to an organization which has as one of its primary functions the management of inventions provided that such assignee will be subject to the same provisions as the Seller;

(2) The Seller will share royalties collected on a subject invention with the inventor, including Federal employees co-inventors (when DOE deems it appropriate) when the subject invention is assigned in accordance with 35 U.S.C. 202(e) and 37 CFR 401.10;

(3) The balance of any royalties or income earned by the Seller with respect to subject inventions, after payment of expenses (including payments to inventors) incidental to the administration of subject inventions, will be utilized for the support of scientific research or education and.

(4) It will make efforts that are reasonable under the circumstances to attract licensees of subject inventions that are small business firms and that it will give a preference to a small business firm when licensing a subject invention if the Seller determines that the small business firm has a plan or proposal for marketing the invention which, if executed, is equally as likely to bring the invention to practical application as any plans or proposals from applicants that are not small business firms; provided that the Seller is also satisfied that the small business firm has the capability and resources to carry out its plan or proposal. The decision whether to give a preference in any specific case will be at the discretion of the Seller. However, the Seller agrees that the Secretary of Commerce may review the Seller's licensing program and decisions regarding small business applicants, and the Seller will negotiate changes to its licensing policies, procedures, or practices with the Secretary of Commerce when the Secretary of Commerce's review discloses that the Seller could take reasonable steps to implement more effectively the requirements of this paragraph (k)(4).

(l) Communications.

The DOE central point of contact for communications or matters relating to this clause is the Patent Counsel.

A.62 DEAR 952.227-73 ADDITIONAL TECHNICAL DATA REQUIREMENTS (APR 1984)

(a) In addition to the technical data specified elsewhere in this contract to be delivered, FDF may at any time during the contract performance or within one year after final payment call for the Seller to deliver any technical data first produced or specifically used in the performance of this contract, except technical data pertaining to items of standard commercial design.

(b) The provisions of the Rights in Technical Data clause included in this contract are applicable to all technical data called for under this Additional Technical Data Requirements clause. Accordingly, nothing contained in this clause shall require the Seller to actually deliver any technical data, the delivery of which is executed by paragraph (e) of the Rights in Technical Data clause.

(c) When technical data are to be delivered under this clause, the Seller will be compensated for appropriate costs for converting such data into the prescribed form for reproduction, and for delivery.

A.63 DEAR 952.227-75 RIGHTS IN TECHNICAL DATA-LONG FORM (ALTERNATES I AND II) (DEVIATION) (APR 1984)

(a) Definitions.

(1) "Technical data" means recorded information regardless of form or characteristics, of a scientific or technical nature. It may, for example, document research, experimental, developmental, or demonstration, or engineering work, or be usable or used to define a design or process, or to procure, produce, support, maintain, or operate material. This data may be graphic or pictorial delineations in media such as drawings or photographs, text in specifications or related performance or design type documents or computer software (including computer programs, computer software data bases, and computer software documentation). Examples of technical data include research and engineering data, engineering drawings and associated lists, specifications, standards, process sheets, manuals, technical reports, catalog item identification, and related information. Technical data as used herein do not include financial reports, cost analyses, and other information incidental to contract administration.

(2) "Proprietary data" means technical data which embody trade secrets developed at private expense, such as design procedures or techniques, chemical composition of materials, or manufacturing methods, processes, or treatments, including minor modifications thereof, provided that such data:

- (i) Are not generally known or available from other sources without obligation concerning their confidentiality;
- (ii) Have not been made available by the owner to others without obligation concerning its confidentiality; and
- (iii) Are not already available to FDF without obligation concerning the confidentiality.

(3) "Contract data" means technical data first produced in the performance of the contract in technical data which are specified to be delivered under the contract; technical data that may be called for under the Additional Technical Data Requirements clause of the contract, if any, or technical data actually delivered in connection with the contract.

(4) "Unlimited rights" means rights to use, duplicate, or disclose technical data, in whole or in part, in any manner and for any purpose whatsoever, and to permit others to do so.

(b) Allocation of rights.

(1) The Government shall have:

- (i) Unlimited rights in contract data except as otherwise provided below with respect to proprietary data;
- (ii) The right to remove, cancel, correct or ignore any marking not authorized by the terms of this contract on any technical data furnished hereunder, if in response to a written inquiry by FDF concerning the propriety of the markings, the Seller fails to respond thereto within 60 days or fails to substantiate the propriety of the markings. In either case, FDF will notify the Seller of the action taken;
- (iii) No rights under this contract in any technical data which are not contract data.

(2) The Seller shall have:

- (i) The right to withhold proprietary data in accordance with the provisions of this clause; and
- (ii) The right to use for its private purposes, subject to patent, security or other provisions of this contract data it first produces in the performance of this contract, provided the data requirements of this contract have been met as of the date of the private use of such data. The Seller agrees that to the extent it receives or is given access to proprietary data or other technical, business or financial data in the form of recorded information from DOE or FDF, the Seller shall treat such data in accordance with any restrictive legend contained thereon, unless use is specifically authorized by prior written approval of FDF.

(3) Nothing contained in this Rights in Technical Data clause shall imply a license to the Government under any patent of be construed as affecting the scope of any licenses or other rights otherwise granted to the Government under any patent.

(c) Copyrighted material.

(1) The Seller shall not, without prior authorization of the Patent Counsel, establish a claim to statutory copyright in any contract data first produced in the performance of the contract. To the extent such authorization is granted, the Government reserves for itself and others acting on its behalf a royalty-free, nonexclusive, irrevocable, worldwide license for Governmental purposes to publish, distribute, translate, duplicate exhibit and perform any such data copyrighted by the Seller.

(2) The Seller agrees not to include in the technical data delivered under the contract any material copyrighted by the Seller and not to knowingly include any material copyrighted by others, without first granting or obtaining at no cost a license therein for the benefit of the Government of the same scope as set forth in paragraph (c)(1) above. If such royalty-free license is unavailable and the Seller nevertheless determines that such copyrighted material must be included in the technical data to be delivered, rather than merely incorporated therein by reference, the Seller shall obtain the written authorization of FDF to include such copyrighted material in the technical data prior to its delivery.

(d) Subcontracting. It is the responsibility of the Seller to obtain from its subcontractors technical data and rights therein, on behalf of the Government, necessary to fulfill the Seller's obligations to the Government with respect to such data. In the event of refusal by a subcontractor to accept

a clause affording the Government such rights, the Seller shall:

(1) Promptly submit written notice to FDF setting forth reasons for the subcontractor refusal and other pertinent information which may expedite disposition of the matter; and

(2) Not proceed with subcontract without the written authorization of FDF.

(e) Withholding of proprietary data. Notwithstanding the inclusion of the Additional Technical Data Requirements clause in this contract or any provision of this contract specifying the delivery of technical data, the Seller may withhold proprietary data from delivery, provided that the Seller furnishes in lieu of any such proprietary data so withheld technical data disclosing the source, size, configuration, mating and attachment characteristics, functional characteristics, and performance requirements ("Form, Fit and Function" data, e.g., specification control drawings, catalog sheets, envelope drawings, etc.), or a general description of such proprietary data where "Form, Fit and Function" data are not applicable. The Government shall acquire no rights to any proprietary data so withheld except that such data shall be subject to the "inspection rights" provisions of paragraph (f), and, if included, the "Limited rights in proprietary data" provisions of paragraph (g) and the "Seller licensing" provisions of paragraph (h).

(f) Inspection rights. Except as may be otherwise specified in this contract for specific items of proprietary data which are not subject to this paragraph, the Contracting Officer's representatives, at all reasonable times up to three years after final payment under this contract, may inspect at the Seller's facility any proprietary data withheld under paragraph (e) and not furnish under paragraph (g), if this contract includes such paragraph, for the purposes of verifying that such data properly fell within the withholding provision of paragraph (e), or for evaluating work performance.

(g) Limited rights in proprietary data. Except as may be otherwise specified in this contract as technical data which are not subject to this paragraph, the Seller shall, upon written request from FDF at any time prior to three years after final payment under this contract, promptly deliver to FDF or the Government any "proprietary data" withheld pursuant to paragraph (e) of the Rights in Technical Data clause of this contract. The following legend and no other is authorized to be affixed on any "proprietary data" delivered pursuant to this provision, provided the "proprietary data" meets the conditions for initial withholding under paragraph (e) of the Rights in Technical Data clause. FDF and the Government will thereafter treat the "proprietary data" in accordance with such legend. Limited Rights Legend (Apr 1984)

This technical data contains "proprietary data" furnished under "Contract No. _____" with FDF which may be duplicated and used by FDF or the Government with the express limitations that the "proprietary data" may not be disclosed outside FDF or the Government or be used for purposes of manufacture without prior permission of the Seller, except that further disclosure or use may be made solely for the following purposes;

(a) This "proprietary data" may be disclosed for evaluation purposes under the restriction that the "proprietary data" be retained in confidence and not further disclosed;

(b) The "proprietary data" may be disclosed to other Sellers participating in FDF's program of which this contract is part, for information or use in connection with the work performed under their contracts and under the restriction that the "proprietary data" be retained in confidence and not be further disclosed; or

(h) Seller licensing (Deviation). Except as may be otherwise specified in this contract as technical data not subject to this paragraph, the Seller agrees that upon written application by DOE or FDF, it will grant to the Government and responsible third parties, for purpose of practicing a subject of this contract, a nonexclusive license in any contract data which are proprietary data, on terms and conditions reasonable under the circumstances including appropriate provisions for confidentiality.

A.64 DEAR 952.250-70 NUCLEAR HAZARDS INDEMNITY AGREEMENT (JUN 1996)

(a) Authority. This clause is incorporated into this contract pursuant to the authority contained in subsection 170d. of the Atomic Energy Act of 1954, as amended (hereinafter called the Act.)

(b) Definitions. The definitions set out in the Act shall apply to this clause.

(c) Financial protection. Except as hereafter permitted or required in writing by DOE through FDF, the Seller will not be required to provide or maintain, and will not provide or maintain at Government expense, any form of financial protection to cover public liability, as described in paragraph (d)(2) below. DOE through FDF may, however, at any time require in writing that the Seller provide and maintain financial protection of such a type and in such amount as DOE shall determine to be appropriate to cover such public liability, provided that the costs of such financial protection are reimbursed to the Seller by FDF.

(d) (1) Indemnification. To the extent that the Seller and other persons indemnified are not compensated by any financial protection permitted or required by DOE, DOE will indemnify the Seller and other persons indemnified against (i) claims for public liability as described in subparagraph (d)(2) of this clause; and (ii) such legal costs of the Seller and other persons indemnified as are approved by DOE, provided that DOE's liability, including such legal costs, shall not exceed the amount set forth in section 170e.(1)(B) of the Act in the aggregate for each nuclear incident or precautionary evacuation occurring within the United States or \$100 million in the aggregate for each nuclear incident occurring outside the United States, irrespective of the number of persons indemnified in connection with this contract.

(2) The public liability referred to in subparagraph (d)(1) of this clause is public liability as defined in the Act which (i) arises out of or in connection with the activities under this contract, including transportation; and (ii) arises out of or results from a nuclear incident or precautionary evacuation, as those terms are defined in the Act.

(e) (1) Waiver of Defenses. In the event of a nuclear incident, as defined in the Act, arising out of nuclear waste activities, as defined in the Act, the Seller, on behalf of itself and other persons indemnified, agrees to waive any issue or defense as to charitable or governmental immunity.

(2) In the event of an extraordinary nuclear occurrence which:

(i) Arises out of, results from, or occurs in the course of the construction, possession, or operation of a production or utilization facility; or

(ii) Arises out of, results from, or occurs in the course of transportation of source material, by-product material, or special nuclear material to or from a production or utilization facility; or

(iii) Arises out of or results from the possession operation or use by the Seller or a subcontractor of a device utilizing special nuclear material or by-product material, during the course of the contract activity; or

(iv) Arises out of, results from, or occurs in the course of nuclear waste activities, the Seller, on behalf of itself and other persons indemnified, agrees to waive:

(A) Any issue or defense as to the conduct of the claimant (including the conduct of persons through whom the claimant derives its cause of action) or fault of persons indemnified, including, but not limited to:

1. Negligence;

2. Contributory negligence;

3. Assumption of risk; or

4. Unforeseeable intervening causes, whether involving the conduct of a third person or an act of God;

(B) Any issue or defense as to charitable or governmental immunity; and

(C) Any issue or defense based on any statute of limitations, if suit is instituted within 3 years from the date on which the claimant first knew, or reasonably could have known of his injury or change and the cause thereof. The waiver of any such issue or defense shall be effective regardless of whether such issue or defense may otherwise be deemed jurisdictional or relating to an element in the cause of action. The waiver shall be judicially enforceable in accordance with its terms by the claimant against the person indemnified.

(v) The term extraordinary nuclear occurrence means an event which DOE has determined to be an extraordinary nuclear occurrence as defined in the Act. A determination of whether or not there has been an extraordinary nuclear occurrence will be made in accordance with the procedures in 10 CFR part 840.

(vi) For the purposes of that determination, "offsite" as that term is used in 10 CFR part 840 means away from "the contract location" which phrase means any DOE facility, installation, or site at which contractual activity under this contract is being carried on, and any Seller-owned or controlled facility, installation, or site at which the Seller is engaged in the performance of contractual activity under this contract.

(3) The waivers set forth above:

(i) Shall be effective regardless of whether such issue or defense may otherwise be deemed jurisdictional or relating to an element in the cause of action;

(ii) Shall be judicially enforceable in accordance with its terms by the claimant against the person indemnified;

(iii) Shall not preclude a defense based upon a failure to take reasonable steps to mitigate damages;

(iv) Shall not apply to injury or damage to a claimant or to a claimant's property which is intentionally sustained by the claimant or which results from a nuclear incident intentionally and wrongfully caused by the claimant;

(v) Shall not apply to injury, to a claimant who is employed at the site of and in connection with the activity where the extraordinary nuclear occurrence takes place, if benefits therefor are either payable or required to be provided under any workmen's compensation or occupational disease law;

(vi) Shall not apply to any claim resulting from a nuclear incident occurring outside the United States;

(vii) Shall be effective only with respect to those obligations set forth in this clause and in insurance policies, contracts or other proof of financial protection; and

(viii) Shall not apply to, or prejudice the prosecution or defense of, any claim or portion of claim which is not within the protection afforded under

(A) the limit of liability provisions under subsection 170e. of the Act, and

(B) the terms of this agreement and the terms of insurance policies, contracts, or other proof of financial protection.

(f) Notification and Litigation of claims. The Seller shall give immediate written notice to FDF of any known action or claim filed or made

against the Seller or other person indemnified for public liability as defined in paragraph (d)(2). Except as otherwise directed by FDF, the Seller shall furnish promptly to FDF, copies of all pertinent papers received by the Seller or filed with respect to such actions or claims. FDF or DOE shall have the right to, and may collaborate with, the Seller and any other person indemnified in the settlement or defense of any action or claim and shall have the right to

(1) require the prior approval of DOE for the payment of any claim that DOE may be required to indemnify hereunder; and

(2) appear through the Attorney General on behalf of the Seller or other person indemnified in any action brought upon any claim that DOE may be required to indemnify hereunder, take charge of such action, and settle or defend any such action. If the settlement or defense of any such action or claim is undertaken by FDF or DOE, the Seller or other person indemnified shall furnish all reasonable assistance in effecting a settlement or asserting a defense.

(g) Continuity of DOE obligations. The obligations of DOE under this clause shall not be affected by any failure on the part of the Seller to fulfill its obligation under this contract and shall be unaffected by the death, disability, or termination of existence of the Seller, or by the completion, termination or expiration of this contract.

(h) Effect of other clauses. The provisions of this clause shall not be limited in any way by, and shall be interpreted without reference to, any other clause of this contract, including the clause entitled Disputes, provided, however, that this clause shall be subject to the clauses entitled Covenant Against Contingent Fees, and Audit and Records - Negotiation, and any provisions that are later added to this contract as required by applicable Federal law, including statutes, executive orders and regulations, to be included in Nuclear Hazards Indemnity Agreements.

(i) Civil penalties. The Seller and its subcontractors and suppliers who are indemnified under the provisions of this clause are subject to civil penalties, pursuant to 234A of the Act, for violations of applicable DOE nuclear-safety related rules, regulations, or orders.

(j) Criminal penalties. Any individual director, officer, or employee of the Seller or of its subcontractors and suppliers who are indemnified under the provisions of this clause are subject to criminal penalties, pursuant to 223(c) of the Act, for knowing and willful violation of the Atomic Energy Act of 1954, as amended, and applicable DOE nuclear safety-related rules, regulations or orders which violation results in, or, if undetected, would have resulted in a nuclear incident.

(k) Inclusion in subcontracts. The Seller shall insert this clause in any subcontract which may involve the risk of public liability, as that term is defined in the Act and further described in paragraph (d)(2) above. However, this clause shall not be included in subcontracts in which the subcontractor is subject to Nuclear Regulatory Commission (NRC) financial protection requirements under section 170b. of the Act or NRC agreements of indemnification under section 170c. or k. of the Act for the activities under the subcontract.

(l) To the extent that the Seller is compensated by any financial protection, or is indemnified pursuant to this clause, or is effectively relieved of public liability by an order or orders limiting same, pursuant to 170e of the Act, the provisions of the clause providing general authority indemnity shall not apply.

A.65 DEAR 970.5204-2 SELLER'S ORGANIZATION (DEVIATION) (APR 1984)

(a) Supervisory representative of Seller. Unless otherwise directed by FDF, a competent full-time resident supervisory representative of the Seller satisfactory to FDF shall be in charge of the work at the site at all times. This also applies to off-site work.

(b) The Seller shall be responsible for maintaining satisfactory standards of employee competency, conduct, and integrity and shall be responsible for taking such disciplinary action with respect to its employees as may be necessary. The Seller shall establish such standards and procedures as are necessary to implement effectively the provisions set forth in 970.2272, and such standards and procedures shall be subject to the approval of FDF. If the Seller fails to remove any employee from the contract work whom FDF deems incompetent, careless, or insubordinate, or whose continued employment on the work is deemed by FDF to be contrary to the public interest, FDF reserves the right to require the Seller to remove the employee at no cost to FDF.

A.66 DEAR 970.5204-59 WHISTLEBLOWER PROTECTION FOR SELLER EMPLOYEES (JAN 1993)

(a) The Seller shall comply with the requirements of the "DOE Contractor Employee Protection Program" at 10 CFR Part 708.

(b) The Seller shall insert or have inserted the substance of this clause, including this paragraph (b), in subcontracts, at all tiers, with respect to work performed on-site at a DOE-owned or leased facility, as provided for at 10 CFR Part 708.

A.67 DOE PR 9-9.102-2 AUTHORIZATION AND CONSENT (JUN 1979)

The Government hereby gives its authorization and consent for all use and manufacture of any invention described in and covered by a patent of the United States in the performance of this contract or any part hereof or any amendment hereto or any subcontract hereunder (including all lower-tier subcontracts).

A.68 DOE PR 9-9.103-3 INTELLECTUAL PROPERTY INDEMNITY (JUN 1979)

(a) The Seller shall indemnify FDF, its parent, affiliates, subsidiaries, and their officers, directors, employees, agents, and the Government against liability, including costs, for infringement of U.S. Letters Patent (except U.S. Letters Patent issued upon an application which is now or may hereafter be kept secret or otherwise withheld from issue by order of FDF) resulting from the Seller's:

(1) furnishing or supplying standard parts or components which have been sold or offered for sale to public on the commercial open market; or

(2) utilizing its normal practices or methods which normally are or have been used in providing goods and services in the commercial open market, in the performance of the contract; or

(3) utilizing any parts, components, practices, or methods to the extent to which the Seller has secured indemnification from liability. The foregoing indemnity shall not apply unless the Seller shall have been informed as soon as practicable by FDF of the suit or action alleging such infringement, and shall have been given such opportunity as is afforded by applicable laws, rules, or regulations to participate in the defense thereof; and further, such indemnity shall not apply to claimed infringement which is settled without the consent of the Seller, unless required by final decree of a court of competent jurisdiction or to an infringement resulting from addition to or change in such supplies or components furnished or construction work performed for which addition or change was made subsequent to delivery or performance by the Seller.

(b) The Seller shall indemnify and save and hold harmless, FDF, its parent, affiliates, subsidiaries, and their officers, directors, employees, agents, and the Government, acting within the scope of their official duties against any liability including costs and expenses for violation by the Seller of proprietary rights or copyrights arising out of delivery or use of any data furnished or utilized by the Seller in the course of or under this contract.

A.69 DOE PR 9-9.106 CLASSIFIED INVENTIONS (JUN 1979)

(a) The Seller shall not file or cause to be filed on any invention or discovery conceived or first actually reduced to practice in the course of or under this contract, in any country other than the United States, an application or registration for a patent without first obtaining written approval of FDF.

(b) When filing a patent application in the United States on any invention or discovery conceived or first actually reduced to practice in the course of or under this contract, the subject matter of which is classified for reasons of security, the Seller shall observe all applicable security regulations covering the transmission of classified subject matter. When transmitting the patent application to the United States Patent and Trademark Office, the Seller shall by separate letter identify by agency and number, the contract or contracts which require security classification markings to be placed on the application.

(c) The substance of this clause shall be included in subcontracts which cover or are likely to cover classified subject matter.

A.70 DOE PR 9-9.107-5(H) FACILITIES LICENSE (DEVIATION)(APR 1984)

(a) Facilities license.

As used in this (n) paragraph "facility" means any facility of the Government at which the remediation, decontamination or decommissioning technology practiced under this contract or any subcontract thereunder may be utilized by or for the Government.

(1) In addition to the rights of the parties with respect to inventions or discoveries conceived or first actually reduced to practice in the course of or under this contract, the Seller agrees to and does hereby grant to the Government an irrevocable, nonexclusive paid-up license in and to any inventions or discoveries regardless of when conceived or actually reduced to practice or acquired by the Seller which are owned or controlled by the Seller at any time through completion of this contract and which are incorporated or embodied in the construction of the facility or which are utilized in the operation of the facility or which cover articles, materials, or products manufactured by the facility (1) to practice or to have practiced by or for DOE at the facility, and (2) to transfer such license with the transfer of that facility. The acceptance or exercise by the Government of the aforesaid rights and license shall not prevent the Government at any time from contesting the enforceability, validity or scope of, or title to, any rights or patents herein licensed.

(2) To the extent that the Seller or any of its subcontractors intend to employ or utilize patented technology which it does not own or control and which it knows or should know is patented to others, the subcontractor shall be responsible for obtaining a license to utilize such patented technology by and for the Government on terms and conditions which have the written approval of the Contracting Officer.

*This clause supplements DEAR 927.300(a) Patent Rights - Long Form (Deviation) (APR 1984).

A.71 LOCAL 999.H08 CONFIDENTIALITY OF INFORMATION (APR 1984)

(a) To the extent that the work under this contract requires that the Seller be given access to confidential or proprietary business, technical, or financial information belonging to the Government, FDF or other companies, the Seller shall after receipt thereof, treat such information as confidential and agrees not to appropriate such information to its own use or to disclose such information to third parties unless specifically authorized by FDF in writing. The foregoing obligations, however, shall not apply to:

(1) Information which, at the time of receipt by the Seller, is in public domain;

(2) Information which is published after receipt thereof by the Seller or otherwise becomes part of the public domain through no fault of the Seller;

(3) Information which the Seller can demonstrate was in its possession at the time of receipt thereof and was not acquired directly or indirectly from the Government, FDF or other companies;

(4) Information which the Seller can demonstrate was received by it from a third party who did not require the Seller to hold it in confidence.

(b) The Seller shall obtain the written agreement, in a form satisfactory to FDF, of each employee permitted access, whereby the employee agrees that he will not discuss, divulge or disclose any such information or data to any person or entity except those persons within the Seller's organization directly concerned with the performance of the contract.

(c) The Seller agrees, if requested by FDF, to sign an agreement identical, in all material respects, to the provisions of this clause, with each company supplying information to the Seller under this contract, and to supply a copy of such agreement to FDF. From time to time upon request of FDF,

the Seller shall supply FDF with reports itemizing information received as confidential or proprietary and setting forth the company or companies from which the Seller received such information.

(d) The Seller agrees that upon request by FDF it will execute a FDF-approved agreement with any party whose facilities or proprietary data it is given access to or is furnished, restricting use and disclosure of the data or the information obtained from the facilities. Upon request by FDF, such an Agreement shall also be signed by Seller personnel.

(e) This clause shall flow down to all subcontracts.

A.72 FAR 52.236-23 RESPONSIBILITY OF THE ARCHITECT-ENGINEER SUBCONTRACTOR (APR 1984)

The Seller shall be responsible for the professional quality, technical accuracy, and coordination of all designs, drawings, specification, and other services furnished by the Seller under this subcontract. The Seller shall, without additional compensation, correct or revise any errors or deficiencies in its designs, drawings, specifications, and other services.

Neither FDF review, approval or acceptance of, nor payment for, the services required under this subcontract shall be construed to operate as a waiver of any rights under this subcontract or of any cause of action arising out of the performance of this subcontract, and the Seller shall be and remain liable to FDF in accordance with applicable law for all damages to FDF caused by the Seller's negligent performance of any of the services furnished under this subcontract.

The right and remedies of FDF, provided for under this subcontract are in addition to any other rights and remedies provided by law.

If the Seller is comprised of more than one legal entity, each such entity shall be jointly and severally liable hereunder.

A.73 FAR 52.236-24 WORK OVERSIGHT IN ARCHITECT-ENGINEER CONTRACTS (APR 1984)

The extent and character of the work to be done by the Seller shall be subject to the general oversight, supervision, direction, control, and approval of FDF.

A.74 FAR 52.222-6 DAVIS-BACON ACT (FEB 1995)

(a) All laborers and mechanics employed or working upon the site of the work will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR Part 3), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the Seller and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (d) of this clause; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such period. Such laborers and mechanics shall be paid not less than the appropriate wage rate and fringe benefits in the wage determination for the classification of work actually performed, without regard to skill, except as provided in the clause entitled Apprentices and Trainees. Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein; provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classifications and wage rates conformed under paragraph (b) of this clause) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the Seller and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(b) (1) The Contracting Officer through FDF shall require that any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The Contracting Officer through FDF shall approve an additional classification and wage rate and fringe benefits therefor only when all the following criteria have been met:

(i) The work to be performed by the classification requested is not performed by a classification in the wage determination.

(ii) The classification is utilized in the area by the construction industry.

(iii) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(2) If the Seller and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the Contracting Officer through FDF agree on the classification and wage rate (including the amount designated for fringe benefits, where appropriate), a report of the action taken shall be sent by the Contracting Officer to the Administrator of the:

Wage and Hour Division
Employment Standards Administration
U.S. Department of Labor
Washington, DC 20210

The Administrator or an authorized representative will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the Contracting Officer or will notify the Contracting Officer within the 30-day period that additional time is necessary.

(3) In the event the Seller, the laborers or mechanics to be employed in the classification, or their representatives, and the Contracting Officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the

Contracting Officer shall refer the questions, including the views of all interested parties and the recommendation of the Contracting Officer, to the Administrator of the Wage and Hour Division for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the Contracting Officer or will notify the Contracting Officer within the 30-day period that additional time is necessary.

(4) The wage rate (including fringe benefits, where appropriate) determined pursuant to subparagraphs (b)(2) and (b)(3) of this clause shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(c) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the Seller shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(d) If the Seller does not make payments to a trustee or other third person, the Seller may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program; provided, That the Secretary of Labor has found, upon the written request of the Seller, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the Seller through FDF to set aside in a separate account assets for the meeting of obligations under the plan or program.

A.75 FAR 52.222-7 WITHHOLDING OF FUNDS (FEB 1988)

FDF shall, upon its own action or upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the Seller under this contract or any other Federal contract with the same Seller, or any other Federally assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same Seller, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the Seller or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work, all or part of the wages required by the contract, FDF may, after written notice to the Seller, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

A.76 FAR 52.222-8 PAYROLLS AND BASIC RECORDS (FEB 1988)

(a) Payrolls and basic records relating thereto shall be maintained by the Seller during the course of the work and preserved for a period of 3 years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made, and actual wages paid. Whenever the Secretary of Labor has found, under paragraph (d) of the clause entitled Davis-Bacon Act, that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the Seller shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Sellers employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(b) (1) The Seller shall submit weekly for each week in which any contract work is performed a copy of all payrolls to FDF. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under paragraph (a) of this clause. This information may be submitted in any form desired. Optional Form WH-347 (Federal Stock Number 029-005-00014-1) is available for this purpose and may be purchased from the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402. The Seller is responsible for the submission of copies of payrolls by all subcontractors.

(2) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the Seller or its subcontractors or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify --

(i) That the payroll for the payroll period contains the information required to be maintained under paragraph (a) of this clause and that such information is correct and complete;

(ii) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in the Regulations, 29 CFR Part 3; and

(iii) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(3) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by subparagraph (b)(2) of this clause.

(4) The falsification of any of the certifications in this clause may subject the Seller or subcontractor(s) to civil or criminal prosecution under Section 1001 of Title 18 and Section 3729 of Title 31 of the United States Code.

(c) The Seller and its subcontractors shall make the records required under paragraph (a) of this clause available for inspection, copying, or transcription by the Government or authorized representatives of the Contracting Officer or the Department of Labor. The Seller or subcontractor shall permit the Government or representatives of the Contracting Officer or the Department of Labor to interview employees during working hours on the job. If the Seller or subcontractor(s) fails to submit required records or to make them available, FDF may, after written notice to the Seller, take such action as may be necessary to cause the suspension of any further payment. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

A.77 FAR 52.222-9 APPRENTICES AND TRAINEES (FEB 1988)

(a) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Bureau of Apprenticeship and Training, or with a State Apprenticeship Agency recognized by the Bureau, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Bureau of Apprenticeship and Training or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the Seller as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated in this paragraph, shall be paid not less than the applicable wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a Seller is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the Seller's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Bureau of Apprenticeship and Training, or a State Apprenticeship Agency recognized by the Bureau, withdraws approval of an apprenticeship program, the Seller will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(b) Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed in the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate in the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate in the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate in the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the Seller will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(c) Equal employment opportunity. The utilization of apprentices, trainees, and journeymen under this clause shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.

A.78 FAR 52.222-10 COMPLIANCE WITH COPELAND ACT REQUIREMENTS (FEB 1988)

The Seller shall comply with the requirements of 29 CFR Part 3, which are hereby incorporated by reference in this contract.

A.79 FAR 52.222-11 SUBCONTRACTS (LABOR STANDARDS) (FEB 1988)

The Seller shall be responsible for compliance by any lower tier subcontractor with all the contract clauses cited in this paragraph.

(b) (1) Within 14 days after award of the contract, the Seller shall deliver to FDF a completed Statement and Acknowledgment Form (SF 1413) for each subcontract, including the subcontractor's signed and dated acknowledgment that the clauses set forth in paragraph (a) of this clause have been included in the subcontract.

(2) Within 14 days after the award of any subsequently awarded subcontract the Seller shall deliver to FDF an updated completed SF 1413 for such additional subcontract.

A.80 FAR 52.222-12 CONTRACT TERMINATION -- DEBARMENT (FEB 1988)

A breach of the contract clauses entitled Davis-Bacon Act, Contract Work Hours and Safety Standards Act -- Overtime Compensation, Apprentices and Trainees, Payrolls and Basic Records, Compliance with Copeland Act Requirements, Subcontracts (Labor Standards), Compliance With Davis-Bacon and Related Act Regulations, or Certification of Eligibility may be grounds for termination of the contract, and for debarment as provided in 29 CFR 5.12.

A.81 FAR 52.222-13 COMPLIANCE WITH DAVIS-BACON AND RELATED ACT REGULATIONS (FEB 1988)

All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR Parts 1, 3, and 5 are hereby incorporated by reference in this contract.

A.82 FAR 52.222-14 DISPUTES CONCERNING LABOR STANDARDS (FEB 1988)

The United States Department of Labor has set forth in 29 CFR Parts 5, 6, and 7 procedures for resolving disputes concerning labor standards requirements. Such disputes shall be resolved in accordance with those procedures and not the Disputes clause of this contract. Disputes within the meaning of this clause include disputes between the Seller (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

A.83 FAR 52.222-15 CERTIFICATION OF ELIGIBILITY (FEB 1988)

(a) By entering into this contract, the Seller certifies that neither it (nor he or she) nor any person or firm who has an interest in the Seller's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(b) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(c) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

A.84 FAR 52.236-2 DIFFERING SITE CONDITIONS (APR 1984)

(a) The Seller shall promptly, and before the conditions are disturbed, give a written notice to FDF of (1) subsurface or latent physical conditions at the site which differ materially from those indicated in this contract, or (2) unknown physical conditions at the site, of an unusual nature, which differ materially from those ordinarily encountered and generally recognized as inhering in work of the character provided for in the contract.

(b) FDF shall investigate the site conditions promptly after receiving the notice. If the conditions do materially so differ and cause an increase or decrease in the Seller's cost of, or the time required for, performing any part of the work under this contract, whether or not changed as a result of the conditions, an equitable adjustment shall be made under this clause and the contract modified in writing accordingly.

(c) No request by the Seller for an equitable adjustment to the contract under this clause shall be allowed, unless the Seller has given the written notice required; provided, that the time prescribed in (a) above for giving written notice may be extended by FDF.

(d) No request by the Seller for an equitable adjustment to the contract for differing site conditions shall be allowed if made after final payment under this contract.

A.85 FAR 52.236-3 SITE INVESTIGATION AND CONDITIONS AFFECTING THE WORK (APR 1984)

(a) The Seller acknowledges that it has taken steps reasonably necessary to ascertain the nature and location of the work, and that it has investigated and satisfied itself as to the general and local conditions which can affect the work or its cost, including but not limited to (1) conditions bearing upon transportation, disposal, handling, and storage of materials; (2) the availability of labor, water, electric power, and roads; (3) uncertainties of weather, river stages, tides, or similar physical conditions at the site; (4) the conformation and conditions of the ground; and (5) the character of equipment and facilities needed preliminary to and during work performance. The Seller also acknowledges that it has satisfied itself as to the character, quality, and quantity of surface and subsurface materials or obstacles to be encountered insofar as this information is reasonably ascertainable from an inspection of the site, including all exploratory work done by FDF, as well as from the drawings and specifications made a part of this contract. Any failure of the Seller to take the actions described and acknowledged in this paragraph will not relieve the Seller from responsibility for estimating properly the difficulty and cost of successfully performing the work, or for proceeding to successfully perform the work without additional expense to FDF.

(b) FDF assumes no responsibility for any conclusions or interpretations made by the Seller based on the information made available by FDF. Nor does FDF assume responsibility for any understanding reached or representation made concerning conditions which can affect the work by any of its officers or agents before the execution of this contract, unless that understanding or representation is expressly stated in this contract.

A.86 FAR 52.236-6 SUPERINTENDENCE BY THE SELLER (APR 1984)

At all times during performance of this contract and until the work is completed and accepted, the Seller shall directly superintend the work or assign and have on the worksite a competent superintendent who is satisfactory to FDF and has authority to act for the Seller.

A.87 FAR 52.236-7 PERMITS AND RESPONSIBILITIES (NOV 1991)

The Seller shall, without additional expense to FDF, be responsible for obtaining any necessary licenses and permits, and for complying with any Federal, State, and municipal laws, codes, and regulations applicable to the performance of the work. The Seller shall also be responsible for all damages to persons or property that occur as a result of the Seller's fault or negligence. The Seller shall also be responsible for all materials delivered and work performed until completion and acceptance of the entire work, except for any completed unit of work which may have been accepted under the contract.

A.88 FAR 52.236-9 PROTECTION OF EXISTING VEGETATION, STRUCTURES, EQUIPMENT, UTILITIES, AND IMPROVEMENTS (APR 1984)

(a) The Seller shall preserve and protect all structures, equipment, and vegetation (such as trees, shrubs, and grass) on or adjacent to the work site, which are not to be removed and which do not unreasonably interfere with the work required under this contract. The Seller shall only remove trees when specifically authorized to do so, and shall avoid damaging vegetation that will remain in place. If any limbs or branches of trees are broken during contract performance, or by the careless operation of equipment, or by workmen, the Seller shall trim those limbs or branches with a clean cut and paint the cut with a tree-pruning compound as directed by FDF.

(b) The Seller shall protect from damage all existing improvements and utilities (1) at or near the work site, and (2) on adjacent property of a third party, the locations of which are made known to or should be known by the Seller. The Seller shall repair any damage to those facilities, including those that are the property of a third party, resulting from failure to comply with the requirements of this contract or failure to exercise reasonable care in performing the work. If the Seller fails or refuses to repair the damage promptly, FDF may have the necessary work performed and charge the cost to the Seller.

A.89 FAR 52.236-10 OPERATIONS AND STORAGE AREAS (APR 1984)

(a) The Seller shall confine all operations (including storage of materials) on Government premises to areas authorized or approved by FDF. The Seller shall hold and save the Government and FDF, their officers and agents, free and harmless from liability of any nature occasioned by the Seller's performance.

(b) Temporary buildings (e.g., storage sheds, shops, offices) and utilities may be erected by the Seller only with the approval of FDF and shall be built with labor and materials furnished by the Seller without expense to FDF. The temporary buildings and utilities shall remain the property of the Seller and shall be removed by the Seller at its expense upon completion of the work. With the written consent of FDF, the buildings and utilities may be abandoned and need not be removed.

(c) The Seller shall, under regulations prescribed by FDF, use only established roadways, or use temporary roadways constructed by the Seller when and as authorized by FDF. When materials are transported in prosecuting the work, vehicles shall not be loaded beyond the loading capacity recommended by the manufacturer of the vehicle or prescribed by any Federal, State, or local law or regulation. When it is necessary to cross curbs or sidewalks, the Seller shall protect them from damage. The Seller shall repair or pay for the repair of any damaged curbs, sidewalks, or roads.

A.90 FAR 52.236-11 USE AND POSSESSION PRIOR TO COMPLETION (APR 1984)

(a) FDF shall have the right to take possession of or use any completed or partially completed part of the work. Before taking possession of or using any work, FDF shall furnish the Seller a list of items of work remaining to be performed or corrected on those portions of the work that FDF intends to take possession of or use. However, failure of FDF to list any item of work shall not relieve the Seller of responsibility for complying with the terms of the contract. FDF's possession or use shall not be deemed an acceptance of any work under the contract.

(b) While FDF has such possession or use, the Seller shall be relieved of the responsibility for the loss of or damage to the work resulting from FDF's possession or use, notwithstanding the terms of the clause in this contract entitled "Permits and Licenses." If prior possession or use by FDF delays the progress of the work or causes additional expense to the Seller, an equitable adjustment shall be made in the contract price or the time of completion, and the contract shall be modified in writing accordingly.

A.91 FAR 52.236-12 CLEANING UP (APR 1984)

The Seller shall at all times keep the work area, including storage areas, free from accumulations of waste materials. Before completing the work, the Seller shall remove from the work and premises any rubbish, tools, scaffolding, equipment, and materials that are not the property of FDF or the Government. Upon completing the work, the Seller shall leave the work area in a clean, neat, and orderly condition satisfactory to FDF.

A.92 FAR 52.236-13 ACCIDENT PREVENTION AND ALTERNATE I (NOV 1991)

(a) The Seller shall provide and maintain work environments and procedures which will (1) safeguard the public, FDF and Government personnel, property, materials, supplies, and equipment exposed to Seller operations and activities; (2) avoid interruptions of FDF or Government operations and delays in project completion dates; and (3) control costs in the performance of this contract.

(b) For the purposes of contracts for construction or dismantling, demolition, or removal of improvements, the Seller shall --

- (1) Provide appropriate safety barricades, signs, and signal lights;
- (2) Comply with the standards issued by the Secretary of Labor at 29 CFR part 1926 and 29 CFR part 1910; and
- (3) Ensure that any additional measures FDF determines to be reasonably necessary for the purposes are taken.

(c) Whenever FDF becomes aware of any noncompliance with these requirements or any condition which poses a serious or imminent danger to the health or safety of the public, FDF or Government personnel, FDF shall notify the Seller orally, with written confirmation, and request immediate initiation of corrective action. This notice, when delivered to the Seller or the Seller's representative at the work site, shall be deemed sufficient notice of the noncompliance and that corrective action is required. After receiving the notice, the Seller shall immediately take corrective action. If the Seller fails or refuses to promptly take corrective action, FDF may issue an order stopping all or part of the work until satisfactory corrective action has been taken. The Seller shall not be entitled to any equitable adjustment of the contract price or extension of the performance schedule on any stop work order issued under this clause.

(d) The Seller shall insert this clause, including this paragraph (e), with appropriate changes in the designation of the parties, in subcontracts.

Alternate I (Nov 1991)

If the contract will involve (a) work of a long duration or hazardous nature, or (b) performance on a Government facility that on the advice of technical representatives involves hazardous materials or operations that might endanger the safety of the public, FDF or Government personnel or property, add the following paragraph (e) to the basic clause:

(e) Before commencing the work, the Seller shall --

(1) Submit a written proposed plan for implementing this clause. The plan shall include an analysis of the significant hazards to life, limb, and property inherent in subcontract work performance and a plan for controlling these hazards; and

(2) Meet with representatives of FDF to discuss and develop a mutual understanding relative to administration of the overall safety program.

A.93 FAR 52.236-15 SCHEDULES FOR CONSTRUCTION CONTRACTS (APR 1984)

(a) The Seller shall, within five days after the work commences on the contract or another period of time determined by FDF, prepare and submit to FDF for approval three copies of a practicable schedule showing the order in which the Seller proposes to perform the work, and the dates on which the Seller contemplates starting and completing the several salient features of the work (including acquiring materials, plant, and equipment). The schedule shall be in the form of a progress chart of suitable scale to indicate appropriately the percentage of work scheduled for completion by any given date during the period. If the Seller fails to submit a schedule within the time prescribed, FDF may withhold approval of progress payments until the Seller submits the required schedule.

(b) The Seller shall enter the actual progress on the chart as directed by FDF, and upon doing so shall immediately deliver three copies of the annotated schedule to FDF. If, in the opinion of FDF, the Seller falls behind the approved schedule, the Seller shall take steps necessary to improve its progress, including those that may be required by FDF, without additional cost to FDF. In this circumstance, FDF may require the Seller to increase the number of shifts, overtime operations, days of work, and/or the amount of construction plant, and to submit for approval any supplementary schedule or schedules in chart form as FDF deems necessary to demonstrate how the approved rate of progress will be regained.

(c) Failure of the Seller to comply with the requirements of FDF under this clause shall be grounds for a determination by FDF that the Seller is not prosecuting the work with sufficient diligence to ensure completion within the time specified in the contract. Upon making this determination, FDF may terminate the Seller's right to proceed with the work, or any separable part of it, in accordance with the default terms of this contract.

A.94 FAR 52.236-17 LAYOUT OF WORK (APR 1984)

The Seller shall lay out its work from FDF-established base lines and bench marks indicated on the drawings, and shall be responsible for all measurements in connection with the layout. The Seller shall furnish, at its own expense, all stakes, templates, platforms, equipment, tools, materials, and labor required to lay out any part of the work. The Seller shall be responsible for executing the work to the lines and grades that may be established or indicated by FDF. The Seller shall also be responsible for maintaining and preserving all stakes and other marks established by FDF until authorized to remove them. If such marks are destroyed by the Seller or through its negligence before their removal is authorized, FDF may replace them and deduct the expense of the replacement from any amounts due or to become due to the Seller.

A.95 FAR 52.236-21 SPECIFICATIONS AND DRAWINGS FOR CONSTRUCTION (FEB 1997)

(a) The Seller shall keep on the work site a copy of the drawings and specifications and shall at all times give FDF access thereto. Anything mentioned in the specifications and not shown on the drawings, or shown on the drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both. In case of difference between drawings and specifications, the specifications shall govern. In case of discrepancy in the figures, in the drawings, or in the specifications, the matter shall be promptly submitted to FDF, who shall promptly make a determination in writing. Any adjustment by the Seller without such a determination shall be at its own risk and expense. FDF shall furnish from time to time such detailed drawings and other information as considered necessary, unless otherwise provided.

(b) Wherever in the specifications or upon the drawings the words "directed", "required", "ordered", "designated", "prescribed", or words of like import are used, it shall be understood that the "direction", "requirement", "order", "designation", or "prescription", of FDF is intended and similarly the words "approved", "acceptable", "satisfactory", or words of like import shall mean "approved by," or "acceptable to," or "satisfactory to" FDF, unless otherwise expressly stated.

(c) Where "as shown," "as indicated", "as detailed", or words of similar import are used, it shall be understood that the reference is made to the drawings accompanying this contract unless stated otherwise. The word "provided" as used herein shall be understood to mean "provide complete in place," that is "furnished and installed".

(d) Shop drawings means drawings, submitted to FDF by the Seller, subcontractor, or any lower tier subcontractor pursuant to a construction contract, showing in detail (1) the proposed fabrication and assembly of structural elements, and (2) the installation (i.e., fit, and attachment details) of materials or equipment. It includes drawings, diagrams, layouts, schematics, descriptive literature, illustrations, schedules, performance and test data, and similar materials furnished by the contractor to explain in detail specific portions of the work required by the contract. FDF may duplicate, use, and disclose in any manner and for any purpose shop drawings delivered under this contract.

(e) If this contract requires shop drawings, the Seller shall coordinate all such drawings, and review them for accuracy, completeness, and compliance with contract requirements and shall indicate its approval thereon as evidence of such coordination and review. Shop drawings submitted to FDF without evidence of the Seller's approval may be returned for resubmission. FDF will indicate an approval or disapproval of the shop drawings and if not approved as submitted shall indicate FDF's reasons therefor. Any work done before such approval shall be at the Seller's risk. Approval by FDF shall not relieve the Seller from responsibility for any errors or omissions in such drawings, nor from responsibility for complying with the requirements of this contract, except with respect to variations described and approved in accordance with (f) below.

(f) If shop drawings show variations from the contract requirements, the Seller shall describe such variations in writing, separate from the drawings, at the time of submission. If FDF approves any such variation, FDF shall issue an appropriate contract modification, except that, if the variation is minor or does not involve a change in price or in time of performance, a modification need not be issued.

(g) The Seller shall submit to FDF for approval four copies (unless otherwise indicated) of all shop drawings as called for under the various headings of these specifications. Three sets (unless otherwise indicated) of all shop drawings, will be retained by FDF and one set will be returned to the Seller.

This restriction is in addition to those prescribed elsewhere in statute and regulation.

This restriction is in addition to those prescribed elsewhere in statute and regulation.

A.99 FAR 52.215-27 TERMINATION OF DEFINED BENEFIT PENSION PLANS (SEP 1989)

The Seller shall promptly notify FDF in writing when it determines that it will terminate a defined benefit pension plan or otherwise recapture such pension fund assets. If pension fund assets revert to the Seller or are constructively received by it under a termination or otherwise, the Seller shall make a refund or give a credit to the FDF for its equitable share as required by FAR 31.205-6(j)(4). The Seller shall include the substance of this clause in all subcontracts under this contract which meet the applicability requirement of FAR 15.804-8(e).

B.1 FAR 52.222-36 AFFIRMATIVE ACTION FOR HANDICAPPED WORKERS (APR 1984)

(a) General.

(1) Regarding any position for which the employee or applicant for employment is qualified, the Seller shall not discriminate against any employee or applicant because of physical or mental handicap. The Seller agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified handicapped individuals without discrimination based upon their physical or mental handicap in all employment practices such as--

- (i) Employment;
- (ii) Upgrading;
- (iii) Demotion or transfer;
- (iv) Recruitment;
- (v) Advertising;
- (vi) Layoff or termination;
- (vii) Rates of pay or other forms of compensation; and
- (viii) Selection for training, including apprenticeship.

(2) The Seller agrees to comply with the rules, regulations, and relevant orders of the Secretary of Labor (Secretary) issued under the Rehabilitation Act of 1973 (29 U.S.C. 793)(the Act), as amended.

(b) Postings.

(1) The Seller agrees to post employment notices stating (i) the Seller's obligation under the law to take affirmative action to employ and advance in employment qualified handicapped individuals and (ii) the rights of applicants and employees.

(2) These notices shall be posted in conspicuous places that are available to employees and applicants for employment. They shall be in a form prescribed by the Director, Office of Federal Contract Compliance Programs, Department of Labor (Director), and provided by or through FDF.

(3) The Seller shall notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the Seller is bound by the terms of Section 503 of the Act and is committed to take affirmative action to employ, and advance in employment, qualified physically and mentally handicapped individuals.

(c) Noncompliance. If the Seller does not comply with the requirements of this clause, appropriate actions may be taken under the rules, regulations, and relevant orders of the Secretary issued pursuant to the Act.

(d) Subcontracts. The Seller shall include the terms of this clause in every subcontract or purchase order in excess of \$2,500 unless exempted by rules, regulations, or orders of the Secretary. The Seller shall act as specified by FDF to enforce the terms, including action for noncompliance.

B.2 FAR 52.222-41 SERVICE CONTRACT ACT OF 1965, AS AMENDED (MAY 1989)

NOTE: Applicable if the principal purpose of the contract is to furnish services through the use of service employees as defined under Department of Labor regulations at Title 29, Code of Federal Regulations, Part 4.

(a) Definitions.

"Act," as used in this clause, means the Service Contract Act of 1965, as amended (41 U.S.C. 351, et seq.).

"Seller," as used in this clause or in any subcontract, shall be deemed to refer to "the person or organization entering into this contract with FDF."

"Service employee," as used in this clause, means any person engaged in the performance of this contract other than any person employed in a bona fide executive, administrative, or professional capacity as these terms are defined in Part 541 of Title 29, Code of Federal Regulations, as revised. It includes all such persons regardless of any contractual relationship that may be alleged to exist between a Seller or subcontractor and such persons.

(b) Applicability. This contract is subject to the following provisions and to all other applicable provisions of the Act and regulations of the Secretary of Labor (29 CFR Part 4). This clause does not apply to contracts or subcontracts administratively exempted by the Secretary of Labor or exempted by 41 U.S.C. 356, as interpreted in Subpart C of 29 CFR Part 4.

(c) Compensation.

(1) Each service employee employed in the performance of this contract by the Seller or any subcontractor shall be paid not less than the minimum monetary wages and shall be furnished fringe benefits in accordance with the wages and fringe benefits determined by the Secretary of Labor, or authorized representative, as specified in any wage determination attached to this contract.

(2) (i) If a wage determination is attached to this contract, the Seller shall classify any class of service employee which is not listed therein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination) so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed class of employees shall be paid the monetary wages and furnished the fringe benefits as are determined pursuant to the procedures in this paragraph (c).

(ii) This conforming procedure shall be initiated by the Seller prior to the performance of contract work by the unlisted class of employee. The Seller shall submit Standard Form (SF) 1444, Request for Authorization of Additional Classification and Rate, to FDF no later than 30 days after the unlisted class of employee performs any contract work. FDF shall review the proposed classification and rate and promptly submit the completed SF 1444 (which must include information regarding the agreement or disagreement of the employees' authorized representatives or the employees themselves together with the FDF recommendation), and all pertinent information to the Wage and Hour Division, Employment Standards Administration U.S. Department of Labor. The Wage and Hour Division will approve, modify, or disapprove the action or render a final determination in the event of disagreement within 30 days of receipt that additional time is necessary.

(iii) The final determination of the conformance action by the Wage and Hour division shall be transmitted to FDF who shall promptly notify the Seller of the action taken. Each affected employee shall be furnished by the Seller with a written copy of such determination or it shall be posted as a part of the wage determination.

(iv) (A) The process of establishing wage and fringe benefit rates that bear a reasonable relationship to those listed in a wage determination cannot be reduced to any single formula. The approach used may vary from wage determination to wage determination depending on the circumstances. Standard wage and salary administration practices which rank various job classifications by pay grade pursuant to point schemes or other job factors may, for example, be relied upon. Guidance may also be obtained from the way different jobs are rated under Federal pay systems (Federal Wage Board Pay System and the General Schedule) or from other wage determinations issued in the same locality. Basic to the establishment of any conformable wage rate(s) is the concept that a pay relationship should be maintained between job classifications based on the skill required and the duties performed.

(B) In the case of a contract modification, an exercise of an option or extension of an existing contract, or in any other case where a Seller succeeds a contract under which the classification in question was previously conformed pursuant to paragraph (c) of this clause, a new conformed wage rate and fringe benefits may be assigned to such conformed classification by indexing (i.e., adjusting) the previous conformed rate and fringe benefits by an amount equal to the average (mean) percentage increase (or decrease, where appropriate) between the wages and fringe benefits specified for all classifications to be used on the contract which are listed in the current wage determination, and those specified for the corresponding classifications in the previously applicable wage determination. Where conforming actions are accomplished in accordance with this paragraph prior to the performance of contract work by the unlisted class of employees, the Seller shall advise FDF of the action taken but the other procedures in subdivision (c)(2)(ii) of this clause need not be followed.

(C) No employee engaged in performing work on this contract shall in any event be paid less than the currently applicable minimum wage specified under section 6(a)(1) of the Fair Labor Standards Act of 1938, as amended.

(v) The wage rate and fringe benefits finally determined pursuant to paragraph (c)(2) of this clause shall be paid to all employees performing in the classification from the first day on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or finally determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract.

(vi) Upon discovery of failure to comply with subparagraph (c)(2) of this clause, the Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be retroactive to the date such class of employees commenced contract work.

(3) Adjustment of Compensation. If the term of this contract is more than 1 year, the minimum monetary wages and fringe benefits required to be paid or furnished thereunder to service employees under this contract shall be subject to adjustment after 1 year and not less often than once every 2 years, under wage determination issued by the Wage and Hour Division.

(d) Obligation to Furnish Fringe Benefits. The Seller or Seller's subcontractor may discharge the obligation to furnish fringe benefits specified in the attachment or determined under subparagraph (c)(2) of this clause by furnishing equivalent combinations of bona fide fringe benefits, or by making equivalent or differential cash payments, only in accordance with Subpart D of 29 CFR Part 4.

(e) Minimum Wage. In the absence of a minimum wage attachment for this contract, neither the Seller nor any of Seller's subcontractor shall pay any person performing work under the contract (regardless of whether the person is a service employee) less than the minimum wage specified by section 6(a)(1) of the Fair Labor Standards Act of 1938. Nothing in this provision shall relieve the Seller or any Seller's subcontractor of any other obligation under law or contract for the payment of a higher wage to any employee.

(f) Successor Contracts. If this contract succeeds a contract subject to the Act under which substantially the same services were furnished in the same locality and service employees were paid wages and fringe benefits provided for in a collective bargaining agreement, in the absence of the minimum wage attachment for this contract setting forth such collectively bargained wage rates and fringe benefits, neither the Seller nor any Seller's subcontractors (under this contract), shall pay any service employee performing any of the contract work (regardless of whether or not such employee was employed under the predecessor contract), less than the wages and fringe benefits provided for in such collective bargaining agreement, to which such employee would have been entitled if employed under the predecessor contract, including accrued wages and fringe benefits and any prospective increases in wages and fringe benefits provided for under such agreement. No Seller or Seller's subcontractor under this contract may be relieved of the foregoing obligation unless the limitations of 29 CFR Part 4.1b(b) apply or unless the Secretary of Labor or the Secretary's authorized representative finds, after a hearing as provided in 29 CFR Part 4.10 that the wages and/or fringe benefits provided for in such agreement are substantially at variance with those which

prevail for services of a character similar in the locality, or determines, as provided in 29 CFR Part 4.11, that the collective bargaining agreement applicable to service employees employed under the predecessor contract was not entered into as a result of arm's length negotiations. Where it is found in accordance with the review procedures provided in 29 CFR 4.10 and/or 4.11 and Parts 6 and 8 that some or all of the wages and/or fringe benefits contained in a predecessor Seller's collective bargaining agreement are substantially at variance with those which prevail for services of a character similar in locality, and/or that the collective bargaining agreement applicable to service employees employed under the predecessor contract was not entered into as a result of arm's length negotiations, the Department will issue a new or revised wage determination setting forth the applicable wage rates and fringe benefits. Such determination shall be made part of the contract or subcontract, in accordance with the decision of the Administrator, the Administrative Law Judge, or the Board of Service Contract Appeals, as the case may be, irrespective of whether such issuance occurs prior to or after the award of a contract or subcontract (53 Comp. Gen 401(1973)). In the case of a wage determination issued solely as a result of a finding of substantial variance, such determination shall be effective as of the date of the final administrative decision.

(g) Notification to Employees. The Seller and any Seller's subcontractors under this contract shall notify each service employee commencing work on this contract of the minimum monetary wage and any fringe benefits required to be paid pursuant to this contract, or shall post the wage determination attached to this contract. The poster provided by the Department of Labor (Publication WH 1313) shall be posted in a prominent and accessible place at the worksite. Failure to comply with this requirement is a violation of Section 2(a)(4) of the Act and of this contract.

(h) Safe and Sanitary Working Conditions. The Seller or Seller's subcontractors shall not permit any part of the services called for by this contract to be performed in buildings or surroundings or under working conditions provided by or under the control or supervision of the Seller or Seller's subcontractors which are unsanitary, hazardous or dangerous to the health or safety of service employees. The Seller or Seller's subcontractors shall comply with the safety and health standards applied under 29 CFR Part 1925.

(i) Records. (1) The Seller and each subcontractor performing work subject to the Act shall make and maintain for 3 years from the completion of the work, and make them available for inspection and transcription by authorized representatives of the Wage and Hour Division, Employment Standards Administration, a record of the following:

(i) For each employee subject to the Act

(A) Name and address and social security number;

(B) Correct work classification or classifications, rate or rates of monetary wages paid and fringe benefits provided, rate or rates of payments in lieu of fringe benefits, and total daily and weekly compensation;

(C) Daily and weekly hours worked by each employee; and

(D) Any deductions, rebates, or refunds from the total daily or weekly compensation of each employee.

(ii) For those classes of services employees not included in any wage determination attached to this contract, wage rates or fringe benefits determined by the interested parties or by the Administrator or authorized representative under the terms of paragraph (c) of this clause. A copy of the report required by subdivision (c)(2)(ii) of this clause will fulfill this requirement.

(iii) Any list of the predecessor Seller's employees which had been furnished to the Seller as prescribed by paragraph (n) of this clause.

(2) The Seller shall also make available a copy of this contract for inspection or transcription by authorized representatives of the Wage and Hour Division.

(3) Failure to make and maintain or to make available such records for inspection and transcription shall be a violation of the regulations and this contract, and in the case of failure to produce such records, FDF, upon direction of the Department of Labor and notification to the Seller, shall take action to cause suspension of any further payment or advance of funds until such violation ceases.

(4) The Seller shall permit authorized representatives of the Wage and Hour Division to conduct interviews with employees at the worksite during normal working hours.

(j) Pay Periods. The Seller shall unconditionally pay to each employee subject to the Act all wages due free and clear and without subsequent deduction (except as otherwise provided by law or regulations, 29 CFR Part 4), rebate, or kickback on any account. These payments shall be made no later than one pay period following the end of the regular pay period in which such wages were earned or accrued. A pay period under this Act may not be of any duration longer than semi-monthly.

(k) Withholding of Payments and Termination of Contract. FDF shall withhold or cause to be withheld from the Seller under this or any other FDF contract with the Seller such sums as an appropriate official of the Department of Labor requests or such sums as FDF decides may be necessary to pay underpaid employees employed by the Seller or Seller's subcontractors. In the event of failure to pay any employees subject to the Act all or part of the wages or fringe benefits due under the Act, FDF, may after authorization or by direction of the Department of Labor and written notification to the Seller, take action to cause suspension of any further payment or advance of funds until such violations have ceased. Additionally, any failure to comply with the requirements of these clauses relating to the Service Contract Act of 1965, may be grounds for termination of the right to proceed with the contract work. In such event, FDF may enter into other contracts or arrangements for completion of work, charging the Seller in default with any additional cost.

(l) Subcontracts. The Seller agrees to insert this clause in all subcontracts subject to the Act.

(m) Collective Bargaining Agreements Applicable to Service Employees. If wages to be paid or fringe benefits to be furnished any service employees employed by the Seller or Seller's subcontractors under the contract are provided for in a collective bargaining agreement which is or will be effective during any period in which the contract is being performed, the Seller shall report such fact to FDF, together with full information as to the application and accrual of such wages and fringe benefits, including any prospective increases, to service employees engaged in work on the contract, and a copy of the collective bargaining agreement. Such report shall be made upon commencing performance of the contract, in the case of collective bargaining agreements effective at such time, and in the case of such agreements or provisions or amendments thereof effective at a later time during the period of

contract performance, such agreements shall be reported promptly after negotiation thereof.

(n) Seniority List. Not less than 10 days prior to completion of any contract being performed at a Federal facility where service employees may be retained in the performance of the succeeding contract and subject to a wage determination which contains vacation or other benefit provisions based upon length of service with a Seller (predecessor) or successor (29 CFR 4.173), the incumbent Seller shall furnish to FDF a certified list of the names of all service employees on the Seller's or Seller's subcontractor's payroll during the last month of contract performance. Such list shall also contain anniversary dates of employment on the contract either with the current or predecessor Sellers of each such service employee. FDF shall turn over such list to the successor Seller at the commencement of the succeeding contract.

(o) Rulings and Interpretations. Rulings and interpretations of the Act are contained in Regulations, 29 CFR Part 4.

(p) Seller's Certification.

(1) By entering into this contract, the Seller (and officials thereof) certifies that neither it (nor he or she) nor any person or firm who has a substantial interest in the Seller's firm is a person or firm ineligible to be awarded FDF contracts by virtue of the sanctions imposed pursuant to Section 5 of the Act.

(2) No part of this contract shall be subcontracted to any person or firm ineligible for award of a FDF contract pursuant to Section 5 of the Act.

(3) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

(q) Variations, Tolerances, and Exemptions involving Employment. Notwithstanding any of the provisions in paragraphs (b) through (o) of this clause, the following employees may be employed in accordance with the following variations, tolerances, and exemptions, which the Secretary of Labor, pursuant to section 4(b) of the Act prior to its amendment by Public Law 92-473, found to be necessary and proper in the public interest or to avoid serious impairment of the conduct of FDF business:

(1) Apprentices, student-learners, and workers whose earning capacity is impaired by age, physical or mental deficiency, or injury may be employed at wages lower than the minimum wages otherwise required by Section 2(a)(1) or 2(b)(1) of the Act without diminishing any fringe benefits or cash payments in lieu thereof required under section 2(a)(2) of the Act, in accordance with the conditions and procedures prescribed for the employment of apprentices, student-learners, handicapped persons, and handicapped clients of sheltered workshops under section 14 of the Fair Labor Standards Act of 1938, in the regulations issued by the Administrator (29 CFR Parts 520, 521, 524, and 525).

(2) The Administrator will issue certificates under the Act for the employment of apprentices, student-learners, handicapped persons, or handicapped clients of sheltered workshops not subject to the Fair Labor Standards Act of 1938, or subject to different minimum rates of pay under the two acts, authorizing appropriate rates of minimum wages (but without changing requirements concerning fringe benefits or supplementary cash payments in lieu thereof), applying procedures prescribed by the applicable regulations issued under the Fair Labor Standards Act of 1938 (29 CFR Parts 520, 521, 524, and 525).

(3) The Administrator will also withdraw, annul, or cancel such certificates in accordance with the regulations in 29 CFR Parts 525 and 528.

(r) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they perform when they are employed and individually registered in a bona fide apprenticeship program registered with a State Apprenticeship Agency which is recognized by the U.S. Department of Labor, or if no such recognized agency exists in a State, under a program registered with the Bureau of Apprenticeship and Training, Employment and Training Administration, U.S. Department of Labor. Any employee who is not registered as an apprentice in an approved program shall be paid the wage rate and fringe benefits contained in the applicable wage determination for the journeyman classification of work actually performed. The wage rates paid apprentices shall not be less than the wage rate for their level of progress set forth in the registered program, expressed as the appropriate percentage of the journeyman's rate contained in the applicable wage determination. The allowable ratio of apprentices to journeymen employed on the contract work in any craft classification shall not be greater than the ratio permitted to the Seller as to his entire work force under the registered program.

(s) Tips. An employee engaged in an occupation in which he or she customarily and regularly receives more than \$30 a month in tips may have the amount of tips credited by the employer against the minimum wage required by Section 2(a)(1) or Section 2(b)(1) of the Act in accordance with Section 3(m) of the Fair Labor Standards Act and Regulations, 29 CFR Part 531. However, the amount of such credit may not exceed \$1.34 per hour beginning January 1, 1981. To use this provision:

(1) The employer must inform tipped employees about this tip credit allowance before the credit is utilized;

(2) The employees must be allowed to retain all tips (individually or through a pooling arrangement and regardless of whether the employer elects to take a credit for tips received);

(3) The employer must be able to show by records that the employee receives at least the applicable Service Contract Act minimum wage through the combination of direct wages and tip credit; and

(4) The use of such tip credit must have been permitted under any predecessor collective bargaining agreement applicable by virtue of section 4(c) of the Act.

(t) Disputes Concerning Labor Standards. The U.S. Department of Labor has set forth in 29 CFR Parts 4, 6, and 8 procedures for resolving disputes concerning labor standards requirements. Such disputes shall be resolved in accordance with those procedures and not the Disputes clause of this contract. Disputes within the meaning of this clause include disputes between the Seller or any of its subcontractor's and FDF, the U.S. Department of Labor, or the employees or their representatives.

B.4 FAR 52.222-43 FAIR LABOR STANDARDS ACT AND SERVICE CONTRACT ACT -- PRICE ADJUSTMENT

(a) This clause applies to both contracts subject to area prevailing wage determinations and contracts subject to collective bargaining agreements.

(b) The Seller warrants that the prices in this contract do not include any allowance for any contingency to cover increased costs for which adjustment is provided under this clause.

(c) The wage determination, issued under the Service Contract Act of 1965, as amended, (41 U.S.C. 351, et seq.), by the Administrator, Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, current on the anniversary date of a multiple year contract or the beginning of each renewal option period, shall apply to this contract. If no such determination has been made applicable to this contract, then the Federal minimum wage as established by section 6(a)(1) of the Fair Labor Standards Act of 1938, as amended, (29 U.S.C. 206) current on the anniversary date of a multiple year contract or the beginning of each renewal option period, shall apply to this contract.

(d) The contract price or contract unit price labor rates will be adjusted to reflect the Seller's actual increase or decrease in applicable wages and fringe benefits to the extent that the increase is made to comply with or the decrease is voluntarily made by the Seller as a result of:

(1) The Department of Labor wage determination applicable on the anniversary date of the multiple year contract, or at the beginning of the renewal option period. For example, the prior year wage determination required a minimum wage rate of \$4.00 per hour. The Seller chose to pay \$4.10. The new wage determination increases the minimum rate to \$4.50 per hour. Even if the Seller voluntarily increases the rate to \$4.75 per hour, the allowable price adjustment is \$.40 per hour;

(2) An increased or decreased wage determination otherwise applied to the contract by operation of law; or

(3) An amendment to the Fair Labor Standards Act of 1938 that is enacted after award of this contract, affects the minimum wage, and becomes applicable to this contract under law.

(e) Any adjustment will be limited to increases or decreases in wages and fringe benefits as described in paragraph (c) of this clause, and the accompanying increases or decreases in social security and unemployment taxes and workers' compensation insurance, but shall not otherwise include any amount for general and administrative costs, overhead, or profit.

(f) The Seller shall notify FDF of any increase claimed under this clause within 30 days after receiving a new wage determination unless this notification period is extended in writing by FDF. The Seller shall promptly notify FDF of any decrease under this clause, but nothing in the clause shall preclude FDF from asserting a claim within the period permitted by law. The notice shall contain a statement of the amount claimed and any relevant supporting data, including payroll records, that the Contracting Officer may reasonably require. Upon agreement of the parties, the contract price or contract unit price labor rates shall be modified in writing. The Seller shall continue performance pending agreement on or determination of any such adjustment and its effective date.

(g) FDF or an authorized representative shall have access to and the right to examine any directly pertinent books, documents, papers and records of the Seller until the expiration of 3 years after final payment under the contract.

B.5 FAR 52.222-44 FAIR LABOR STANDARDS ACT AND SERVICE CONTRACT ACT -- PRICE ADJUSTMENT (MAY 1989)

(a) This clause applies to both contracts subject to area prevailing wage determinations and contracts subject to Seller collective bargaining agreements.

(b) The Seller warrants that the prices in this contract do not include any allowance for any contingency to cover increased costs for which adjustment is provided under this clause.

(c) The contract price or contract unit price labor rates will be adjusted to reflect increases or decreases by the Seller in wages and fringe benefits

to the extent that these increases or decreases are made to comply with

(1) An increased or decreased wage determination applied to this contract by operation of law; or

(2) An amendment to the Fair Labor Standards Act of 1938 that is enacted subsequent to award of this contract, affects the minimum wage, and becomes applicable to this contract under law.

(d) Any such adjustment will be limited to increases or decreases in wages and fringe benefits as described in paragraph (b) of this clause, and to the accompanying increases or decreases in social security and unemployment taxes and workers' compensation insurance; it shall not otherwise include any amount for general and administrative costs, overhead, or profit.

(e) The Seller shall notify FDF of any increase claimed under this clause within 30 days after the effective date of the wage change, unless this period is extended by FDF in writing. The Seller shall promptly notify FDF of any decrease under this clause, but nothing in the clause shall preclude FDF from asserting a claim within the period permitted by law. The notice shall contain a statement of the amount claimed and any relevant supporting data that FDF may reasonably require. Upon agreement of the parties, the contract price or contract unit price labor rates shall be modified in writing. The Seller shall continue performance pending agreement on or determination of any such adjustment and its effective date.

(f) FDF or an authorized representative shall, until the expiration of 3 years after final payment under the contract, have access to and the right to examine any directly pertinent books, documents, papers, and records of the Seller.

END OF SECTION B

SECTION C
SECTION C APPLIES IF THE PRICE OF THIS CONTRACT EXCEEDS \$10,000

C.1 FAR 52.222-20 WALSH-HEALEY PUBLIC CONTRACTS ACT (APR 1984)

If this contract is for the manufacture or furnishing of materials, supplies, articles or equipment in an amount that exceeds or may exceed \$10,000, and is subject to the Walsh-Healey Public Contracts Act, as amended (41 U.S.C. 35-45), the following terms and conditions apply:

(a) All representations and stipulations required by the Act and regulations issued by the Secretary of Labor (41 CFR Chapter 50) are incorporated by reference. These representations and stipulations are subject to all applicable rulings and interpretations of the Secretary of Labor that are now, or may hereafter, be in effect.

(b) All employees whose work relates to this contract shall be paid not less than the minimum wage prescribed by regulations issued by the Secretary of Labor (41 CFR 50-202.2). Learners, student learners, apprentices, and handicapped workers may be employed at less than the prescribed minimum wage (see 41 CFR 50-202.3) to the same extent that such employment is permitted under Section 14 of the Fair Labor Standards Act (41 U.S.C. 40).

C.2 FAR 52.222-26 EQUAL OPPORTUNITY (APR 1984)

NOTE: This clause is applicable unless all of the terms of the clause are exempt from the requirements of EO 11 246. (See Federal Acquisition Regulation (FAR) 22.807 (a)):

(a) If, during any 12-month period (including the 12 months preceding the award of this contract), the Seller has been or is awarded nonexempt Federal contracts and/or subcontracts that have an aggregate value in excess of \$10,000, the Seller shall comply with subparagraphs (b)(1) through (11) below. Upon request, the Seller shall provide information necessary to determine the applicability of this clause.

(b) During performing this contract, the Seller agrees as follows:

(1) The Seller shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin.

(2) The Seller shall take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. This shall include, but not be limited to, (i) employment, (ii) upgrading, (iii) demotion, (iv) transfer, (v) recruitment or recruitment advertising, (vi) layoff or termination, (vii) rates of pay or other forms of compensation, and (viii) selection for training, including apprenticeship.

(3) The Seller shall post in conspicuous places available to employees and applicants for employment the notices to be provided by FDF that explain this clause.

(4) The Seller shall, in all solicitations or advertisements for employees placed by or on behalf of the Seller, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, or national origin.

(5) The Seller shall send, to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, the notice to be provided by FDF advising the labor union or workers' representative of the Seller's commitments under this clause, and post copies of the notice in conspicuous places available to employees and applicants for employment.

(6) The Seller shall comply with Executive Order 11246, as amended, and the rules, regulations, and orders of the Secretary of Labor.

(7) The Seller shall furnish to FDF all information required by Executive Order 11246, as amended, and by the rules, regulations, and orders of the Secretary of Labor. Standard Form 100 (EEO-1), or any successor form, is the prescribed form to be filed within 30 days following the award, unless filed with 12 months preceding the date of award.

(8) The Seller shall permit access to its books, records, and accounts by FDF or the Office of Federal Contract Compliance Programs (OFCCP) for the purposes of investigation to ascertain the Seller's compliance with the applicable rules, regulations, and orders.

(9) If the OFCCP determines that the Seller is not in compliance with this clause or any rule, regulation or order of the Secretary of Labor, this contract may be canceled, terminated, or suspended in whole or in part and the Seller may be declared ineligible for further FDF contracts, under the procedures authorized in Executive Order 11246, as amended. In addition, sanctions may be imposed and remedies invoked against the Seller as provided in Executive Order 11246, as amended, the rules, regulations, and orders of the Secretary of Labor, or as otherwise provided by law.

(10) The Seller shall include the terms and conditions of subparagraph (b)(1) through (11) of this clause in every subcontract or purchase order that is not exempted by the rules, regulations, or orders of the Secretary of Labor issued under Executive Order 11246, as amended, so that these terms and conditions will be binding upon each subcontractor or vendor.

(11) The Seller shall take such action with respect to any subcontract or purchase order as the contracting agency may direct as a means of enforcing these terms and conditions, including sanctions for noncompliance; provided, that if the Seller becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of any direction, the Seller may request the United States to enter into the litigation to protect the interests of the United States.

(c) Notwithstanding any other clause in this contract, disputes relative to this clause will be governed by the procedures in 41 CFR 60-1.1.

C.3 FAR 52.222-35 AFFIRMATIVE ACTION FOR SPECIAL DISABLED AND VIETNAM ERA VETERANS (APR 1984)

(a) Definitions. "Appropriate office of the State employment service system," as used in this clause, means the local office of the Federal-State national system of public employment offices assigned to serve the area where the employment opening is to be filled, including the District of Columbia, Guam, Puerto Rico, Virgin Islands, American Samoa, and the Trust Territory of the Pacific Islands.

"Openings that the Seller proposes to fill from within its own organization," as used in this clause, means employment openings for which no one outside the Seller's organization (including any affiliates, subsidiaries, and the parent companies) will be considered and includes any openings that the Seller proposes to fill from regularly established "recall" lists.

"Openings that the Seller proposes to fill under a customary and traditional employer-union hiring arrangement," as used in this clause, means employment openings that the Seller proposes to fill from union halls, under their customary and traditional employer-union hiring relationship.

"Suitable employment openings," as used in this clause

(1) Includes, but it not limited to, openings that occur in jobs categorized as

(i) Production and nonproduction;

(ii) Plant and office;

(iii) Laborers and mechanics;

(iv) Supervisory and nonsupervisory;

(v) Technical; and

(vi) Executive administrative, and professional positions compensated on a salary basis of less than \$25,000 a year; and

(2) Includes full-time employment, temporary employment of over 3 days, and part-time employment, but not openings that the Seller proposes to fill from within its own organization or under a customary and traditional employer-union hiring arrangement, nor openings in an educational institution that are restricted to students of that institution.

(b) General.

(1) Regarding any position for which the employee or applicant for employment is qualified, the Seller shall not discriminate against the individual because the individual is a special disabled or Vietnam Era veteran. The Seller agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified special disabled and Vietnam Era veterans without discrimination based upon their disability or veterans' status in all employment practices such as--

(i) Employment;

(ii) Upgrading;

(iii) Demotion or transfer;

(iv) Recruitment;

(v) Advertising;

(vi) Layoff or termination;

(vii) Rates of pay or other forms of compensation; and

(viii) Selection for training, including apprenticeship.

(2) The Seller agrees to comply with the rules, regulations, and relevant orders of the Secretary of Labor (Secretary) issued under the Vietnam Era Veterans' Readjustment Assistance Act of 1972 (the Act), as amended.

(c) Listing openings.

(1) The Seller agrees to list all suitable employment openings existing at contract award or occurring during contract performance, at an appropriate office of the State employment service system in the locality where the opening occurs. These openings include those occurring at any Seller's facility, including one not connected with performing this contract. An independent corporate affiliate is exempt from this requirement.

(2) State and local government agencies holding Federal contracts of \$10,000 or more shall also list all their suitable openings with the appropriate office of the State employment service.

(3) The listing of suitable employment openings with the State employment service system is required at least concurrently with using any other recruitment source or effort and involves the obligations of placing a bona fide job order, including accepting referrals of veterans and nonveterans. The listing does not require hiring any particular job applicant or hiring from any particular group of job applicants and is not intended to relieve the Seller from any requirements of Executive orders or regulations concerning nondiscrimination in employment.

(4) Whenever the Seller becomes contractually bound to the listing terms of this clause, it shall advise the State employment service system, in each State where it has establishments, of the name and location of each hiring location in the State. As long as the Seller is contractually bound to these terms and has so advised the State system, it need not advise the State system of subsequent contracts. The Seller may advise the State system when it is no longer bound by this contract clause.

(5) Under the most compelling circumstances, an employment opening may not be suitable for listing, including situations when

(i) FDF's needs cannot reasonably be supplied, (ii) listing would be contrary to national security, or (iii) the requirement of listing would not be in FDF's interest.

(d) Applicability.

(1) This clause does not apply to the listing of employment openings which occur and are filled outside the 50 States, the District of Columbia, Puerto Rico, Guam, Virgin Islands, American Samoa, and the Trust Territory of the Pacific Islands.

(2) The terms of paragraph (c) above of this clause do not apply to openings that the Seller proposes to fill from within its own organization or under a customary and traditional employer-union hiring arrangement. This exclusion does not apply to a particular opening once an employer decides to consider applicants outside of its own organization or employer-union arrangement for that opening.

(e) Postings.

(1) The Seller agrees to post employment notices stating (i) the Seller's obligation under the law to take affirmative action to employ and advance in employment qualified special disabled veterans and veterans of the Vietnam era, and (ii) the rights of applicants and employees.

(2) These notices shall be posted in conspicuous places that are available to employees and applicants for employment. They shall be in a form prescribed by the Director, Office of Federal Contract Compliance Programs, Department of Labor (Director), and provided by or through FDF.

(3) The Seller shall notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the Seller is bound by the terms of the Act, and is committed to take affirmative action to employ, and advance in employment, qualified special disabled and Vietnam Era veterans.

(f) Noncompliance.

If the Seller does not comply with the requirements of this clause, appropriate actions may be taken under the rules, regulations, and relevant orders of the Secretary issued pursuant to the Act.

(g) Subcontracts.

The Seller shall include the terms of this clause in every subcontract or purchase order of \$10,000 or more unless exempted by rules, regulations, or orders of the Secretary. The Seller shall act as specified by the Director or FDF to enforce the terms, including action for noncompliance.

C.4 FAR 52.222-37 EMPLOYMENT REPORTS ON SPECIAL DISABLED VETERANS AND VETERANS OF THE VIETNAM ERA (JAN 1988)

(a) The Seller shall report at least annually, as required by the Secretary of Labor, on:

(1) The number of special disabled veterans and the number of veterans of the Vietnam era in the workforce of the Seller by job category and hiring location; and

(2) The total number of new employees hired during the period covered by the report, and of that total, the number of special disabled veterans, and the number of veterans of the Vietnam era.

(b) The above items shall be reported by completing the form entitled "Federal Contractor Veterans' Employment Report VETS-100."

(c) Reports shall be submitted no later than March 31 of each year beginning March 31, 1988.

(d) The employment activity report required by paragraph (a)(2) of this clause shall reflect total hires during the most recent 12-month period as of the ending date selected for the employment profile report required by paragraph (a)(1) of this clause. Seller may select an ending date: (1) As of the end of any pay period during the period January through March 1st of the year the report is due, or (2) as of December 31, if the Seller has previous written approval from the Equal Employment Opportunity Commission to do so for purposes of submitting the Employer Information Report EEO-1 (Standard Form 100).

(e) The count of veterans reported according to paragraph (a) of this clause shall be based on voluntary disclosure. Each Seller subject to the reporting requirements at 38 U.S.C. 2012(d) shall invite all special disabled veterans and veterans of the Vietnam era who wish to benefit under the affirmative action program at 38 U.S.C. 2012 to identify themselves to the Seller. The invitation shall state that the information is voluntarily provided, that the information will be kept confidential, that disclosure or refusal to provide the information will not subject the applicant or employee to any adverse treatment and that the information will be used only in accordance with the regulations promulgated under 38 U.S.C. 2012.

(f) Subcontracts. The Seller shall include the terms of this clause in every subcontract or purchase order of \$10,000 or more unless exempted by rules, regulations, or orders of the Secretary.

C.5 DOE PR 9-9.110 (c) REPORTING OF ROYALTIES (JUN 1979)

If this contract is in an amount which exceeds \$10,000 and if any royalty payments are directly involved in the contract or are reflected in the contract price to FDF, the Seller agrees to report in writing to the Patent Counsel (with notification by Seller to FDF) during the performance of this contract and prior to its completion or final settlement, the amount of any royalties paid or other payments paid or to be paid by it directly to others in connection with the performance of this contract together with the names and addresses of licensors to whom such payments are made and either the patent numbers involved or such other information as will permit the identification of the patents or other basis on which royalties are to be paid. The approval of DOE or FDF of any individual payments or royalties shall not stop FDF or the Government at any time from contesting the enforceability, validity or scope of,

or title to, any patent under which a royalty or payments are made.

C.6 DOE PR 9-9.104 NOTICE AND ASSISTANCE REGARDING PATENT AND COPYRIGHT INFRINGEMENT (JUN 1979)

(a) The Seller shall report to FDF promptly and in reasonable written detail, each notice or claim of patent or copyright infringement based on the performance of this contract of which the Seller has knowledge.

(b) In the event of any claim or suit against the Government or FDF on account of any alleged patent or copyright infringement arising out of the performance of this contract or out of the use of any supplies furnished or work or services performed hereunder, the Seller shall furnish to FDF when requested by the Contracting Officer or FDF, all evidence and information in possession of the Seller pertaining to such suit or claim. SECTION D
SECTION D APPLIES IF THE PRICE OF THE CONTRACT EXCEEDS \$25,000

D.1 FAR 52.203-10 PRICE OR FEE ADJUSTMENT FOR ILLEGAL OR IMPROPER ACTIVITY (SEP 1990)

(a) FDF, at its election, may reduce the price of a fixed-price type contract or contract modification and the total cost and fee under a cost-type contract or contract modification by the amount of profit or fee determined as set forth in paragraph (b) of this clause if the head of the contracting activity or his or her designee determines that there was a violation of subsection 27(a) of the Office of Federal Procurement Policy Act, as amended (41 U.S.C. 423), as implemented in the FAR. In the case of a contract modification, the fee subject to reduction is the fee specified in the particular contract modification at the time of execution, except as provided in subparagraph (b)(5) of this clause.

(b) The price or fee reduction referred to in paragraph (a) of this clause shall be --

(1) For cost-plus-fixed-fee contracts, the amount of the fee specified in the contract at the time of award;

(2) For cost-plus-incentive-fee contracts, the target fee specified in the contract at the time of award, notwithstanding any minimum fee or "fee floor" specified in the contract.

(3) For cost-plus-award-fee contracts --

(i) The basic fee established in the contract at the time of contract award;

(ii) If no basic fee is specified in the contract, 30 percent of the amount of each award fee otherwise payable to the Seller for each award fee evaluation period or at each award fee determination point.

(4) For fixed-price-incentive contracts, FDF may --

(i) Reduce the contract target price and contract target profit both by an amount equal to the initial target profit specified in the contract at the time of contract award; or

(ii) If an immediate adjustment to the contract target price and contract target profit would have a significant adverse impact on the incentive price revision relationship under the contract, or adversely affect the contract financing provisions, FDF may defer such adjustment until establishment of the total final price of the contract. The total final price established in accordance with the incentive price revision provisions of the contract shall be reduced by an amount equal to the initial target profit specified in the contract at the time of contract award and such reduced price shall be the total final contract price.

(5) For firm-fixed-price contracts or contract modifications, by 10 percent of the initial contract price; 10 percent of the contract modification price; or a profit amount determined by FDF from records or documents in existence prior to the date of the contract award or modification.

(c) FDF may, at its election, reduce a Seller's price or fee in accordance with the procedures of paragraph (b) of this clause for violations of the Act by its subcontractors by an amount not to exceed the amount of profit or fee reflected in the subcontract at the time the subcontract was first definitively priced.

(d) In addition to the remedies in paragraphs (a) and (c) of this clause, FDF may terminate this contract for default. The rights and remedies of FDF specified herein are not exclusive, and are in addition to any other rights and remedies provided by law or under this contract.

D.2 FAR 52.208-1 REQUIRED SOURCES FOR JEWEL BEARINGS AND RELATED ITEMS (APR 1984)

(a) This clause applies only if supplies furnished under this contract contain jewel bearings or related items.

(b) "Jewel bearing," as used in this clause, means a piece of synthetic corundum (sapphire or ruby) of any shape, except a phonograph needle, that has one or more polished surfaces to provide supporting surfaces or low-friction contact areas for revolving, oscillating, or sliding parts in an instrument, mechanism, subassembly, or part. A jewel bearing may be unmounted or may be mounted into a ring or bushing. Examples are watch holes-olive, watch hole-straight, pallet stones, roller jewels (jewel pins), endstones (caps), vee (cone) jewels, instrument rings, cups, and double cups.

"Plant," as used in this clause, means the U.S. Government owned, contractor-operated William Langer Plant, Rolla, North Dakota 58367 (Phone: 701-477-3193).

"Price list," as used in this clause, means the U.S. Government Jewel Bearing Price List, published periodically by the General Services Administration for jewel bearings produced by the Plant.

"Related item," as used in this clause, means a piece of synthetic corundum (sapphire or ruby), other than a jewel bearing, that (1) is made from material produced by the Verneuil flame fusion process, (2) has a geometric shape up to a maximum of 1 inch in any dimension, (3) requires extremely close tolerances and highly polished surfaces identical to those involved in manufacturing jewel bearings, and (4) is either mounted in a retaining or supporting structure or unmounted. Examples are window, nozzle, guide, knife edge, knife edge plate, insulator domed pin, slotted insulator, sphere, ring gauge, spacer, disc, valve seat, rod, vee groove, D-shaped insulator, and notched plate.

(c) All jewel bearings and related items required for the supplies to be furnished under this contract (or an equal quantity of the same type, size, and tolerances) shall be acquired from the following sources: jewel bearings from the Plant, unless the Plant declines or rejects the order; and related items from domestic manufacturers, including the plant, if the items can be obtained from those sources. Sources other than the foregoing may be used if the foregoing sources decline or reject the order.

(1) Orders may be placed with the Plant for individual contracts, for a combination of contracts, or for stock. If the order is for an individual contract, the prime contract number DE-AC24-920R21972 shall be placed on it.

(2) Orders, and any supplements to orders, for items listed in the price list shall refer to the most recent price list and its date.

(3) Requests for quotations for items not listed in the price list should be accompanied by drawings and forwarded to the Plant as soon as possible to ensure prompt quotation or rejection of the order.

(d) At its option, the Plant may decline or reject all or part of a Seller's or subcontractor's order. If the order is declined or rejected, the Seller shall notify FDF promptly in writing, enclosing a copy of the rejection notice. Unless the declination or rejection has been caused by current excessive and overdue Seller indebtedness to the Plant as determined by the Plant, FDF shall evaluate the impact and make an equitable adjustment in the contract price, in the delivery schedule, or in both, if one is warranted. This procedure shall also apply to orders for related items rejected by any other domestic manufacturer.

(e) The Seller agrees to insert this clause, including this paragraph (e), and the prime contract number in every subcontract unless the Seller has positive knowledge that the subassembly, component, or part being purchased does not contain jewel bearings or related items.

It requires the Comptroller General of the United States, in the absence of satisfactory proof of the necessity for foreign-flag air transportation, to disallow expenditures from funds, appropriated or otherwise established for the account of the United States, for international air transportation secured aboard a foreign-flag air carrier if a U.S.-flag air carrier is available to provide such services.

(c) The Seller agrees, in performing work under this contract, to use U.S.-flag air carriers for international air transportation of personnel (and their personal effects) or property to the extent that services by those carriers is available.

(3) The Seller agrees to include, and require the inclusion of, the requirements of this clause in all subcontracts, at any tier, that are subject to the provisions of 10 CFR Part 707.

(a) Except as provided in (b) below, the Seller shall not enter into any agreement with an actual or prospective subcontractor, nor otherwise act in any manner, which has or may have the effect of restricting sales by such subcontractors directly to FDF of any item or process (including computer software) made or furnished by the subcontractor under this contract or under any follow-on production contract.

(b) The prohibition in paragraph (a) above does not preclude the Seller from asserting rights that are otherwise authorized by law or regulation.

(c) The Seller agrees to incorporate the substance of this clause, including this paragraph (c), in all subcontracts under this contract which exceed \$100,000.

E.3 FAR 52.203-7 ANTI-KICKBACK PROCEDURES (JUL 1995)

The Contracting Officer may through FDF order that monies withheld under subdivision (c)(4)(ii) of this clause be paid over to the Government unless the Government has already offset those monies under subdivision (c)(4)(i) of this clause. In either case, FDF shall notify the Contracting Officer when the monies are withheld.

(5) The Seller agrees to incorporate the substance of this clause, including this subparagraph (c)(5) but excepting subparagraph (c)(1), in all subcontracts under this contract which exceed \$100,000.

(2) The Act also requires Sellers to furnish a disclosure if any funds other than Federal appropriated funds (including profit or fee received under a covered Federal transaction) have been paid, or will be paid, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, or an officer or employee of Congress, or an employee of a Member of Congress in connection with a Federal contract, grant, loan, or cooperative agreement.

(3) The prohibitions of the Act do not apply under the following conditions:

(i) Agency and legislative liaison by own employees.

(A) The prohibition on the use of appropriated funds, in subparagraph (b)(1) of this clause, does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a covered Federal action if the payment is for agency and legislative liaison activities nor directly related to a covered Federal action.

(B) For purposes of subdivision (b)(3)(i)(A) of this clause, providing any information specifically requested by an agency or Congress is permitted at any time.

(C) The following agency and legislative liaison activities are permitted at any time where they are not related to a specific solicitation for any covered Federal action:

(1) Discussing with an agency the qualities and characteristics (including individual demonstrations) of the person's products or services, conditions or terms of sale, and service capabilities.

(2) Technical discussions and other activities regarding the application or adaptation of the person's products or services for an agency's use.

(D) The following agency and legislative liaison activities are permitted where they are prior to formal solicitation of any covered Federal action.

(1) Providing any information not specifically requested by necessary for an agency to make an informed decision about initiation of a covered Federal action;

(2) Technical discussions regarding the preparation of an unsolicited proposal prior to its official submission; and

(3) Capability presentations by persons seeking awards from an agency pursuant to the provisions of the Small Business Act, as amended by Pub. L. 95-507, and subsequent amendments.

(E) Only those services expressly authorized by subdivision (b)(3)(i)(A) of this clause are permitted under this clause.

(ii) Professional and technical services.

(A) The prohibition on the use of appropriated funds, in subparagraph (b)(1) of this clause, does not apply in the case of-

(1) A payment of reasonable compensation made to an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification or a covered Federal action, if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action.

(2) Any reasonable payment to a person other than an officer or employee of a person requesting or receiving a covered Federal or an extension, continuation, renewal, amendment, or modification or a covered Federal action, if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action. Persons other than officers or employees of a person requesting or receiving a covered Federal action include consultants and trade associations.

(B) For purposes of subdivision (b)(3)(ii)(A) of this clause, "professional and technical services" shall be

limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provided advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client's proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission, or negotiation of a covered Federal action.

(C) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation and any other requirements in the actual award documents.

(D) Only those services expressly authorized by subdivision (b)(3)(ii)(A)(1) and (2) of this clause are permitted under this clause.

(E) The reporting requirements of FAR 3.803(a) shall not apply with respect to payments of reasonable compensation made to regularly employed officers or employees of a person.

(c) Disclosure.

(1) The Seller who requests or receives from an agency a Federal contract shall file with that agency a disclosure form, OMB Standard Form LLL, Disclosure of Lobbying Activities, if such person has made or has agreed to make any payment using nonappropriated funds (to include profits from any covered Federal action), which would be prohibited under subparagraph (b)(1) of this clause, if paid for with appropriated funds.

(2) The Seller shall file a disclosure form at the end of each calendar quarter in which there occurs any event that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under subparagraph (c)(1) of this clause. An event that materially affects the accuracy of the information reported includes-

(i) A cumulative increase of \$25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action; or

(ii) A change in the person(s) or individual(s) influencing or attempting to influence a covered Federal action; or

(iii) A change in the officer(s), employee(s), or Member(s) contacted to influence or attempt to influence a covered Federal action.

(3) The Seller shall require the submittal of a certification, and if required, a disclosure form by any person which requests or received any subcontract exceeding \$100,000 under the Federal contract.

(4) All subcontractor disclosure forms (but not certifications) shall be forwarded from tier to tier until received by Seller. Seller shall submit all disclosures to FDF at the end of the calendar quarter in which the disclosure form is submitted by the Seller. Each subcontractor certification shall be retained in the contract file of the Seller.

(d) Agreement. The Seller agrees not to make any payment prohibited by the clause.

(e) Penalties.

(1) Any person who makes an expenditure prohibited under paragraph (a) of this clause or who fails to file or amend the disclosure form to be filed or amended by paragraph (b) of this clause shall be subject to civil penalties as provided for by 31 U.S.C. 1352. An imposition of a civil penalty does not prevent FDF from seeking any other remedy that may be applicable.

(2) Sellers may rely without liability on the representation made by their subcontractors in the certification and disclosure form.

(f) Cost allocability. Nothing in this clause makes allowable or reasonable any cost which would otherwise be unallowable or unreasonable. Conversely, costs made specifically unallowable by the requirements in this clause will not be made allowable under any other provision.

E.5 FAR 52.215-2 AUDIT AND RECORDS--NEGOTIATION (AUG 1996)

(a) As used in this clause, "records" includes books, documents, accounting procedures and practices, and other data, regardless of type and regardless of whether such items are in written form, in the form of computer data, or in any other form.

(b) Examination of costs. If this is a cost-reimbursement, incentive, time-and-materials, labor-hour, or price redeterminable contract, or any combination of these, the Seller shall maintain and FDF, or an authorized representative of FDF, shall have the right to examine and audit all records and other evidence sufficient to reflect properly all costs claimed to have been incurred or anticipated to be incurred directly or indirectly in performance of this contract. This right of examination shall include inspection at all reasonable times of the Seller's plants, or parts of them, engaged in performing the contract.

(c) Cost or pricing data. If the Seller has been required to submit cost or pricing data in connection with any pricing action relating to this contract, FDF, or an authorized representative of FDF, in order to evaluate the accuracy, completeness, and currency of the cost or pricing data, shall have the right to examine and audit all of the Seller's records, including computations and projections, related to--

- (1) The proposal for the contract, subcontract, or modification;
- (2) The discussions conducted on the proposal(s), including those related to negotiating;
- (3) Pricing of the contract, subcontract, or modification; or
- (4) Performance of the contract, subcontract or modification.

(d) Comptroller General--

(1) The Comptroller General of the United States, or an authorized representative, shall have access to and the right to examine any of the Seller's directly pertinent records involving transactions related to this contract or a subcontract hereunder.

(2) This paragraph may not be construed to require the Seller or subcontractor to create or maintain any record that the Seller or subcontractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(e) Reports. If the Seller is required to furnish cost, funding, or performance reports, FDF or an authorized representative of FDF shall have the right to examine and audit the supporting records and materials, for the purpose of evaluating (1) the effectiveness of the Seller's policies and procedures to produce data compatible with the objectives of these reports and (2) the data reported.

(f) Availability. The Seller shall make available at its office at all reasonable times the records, materials, and other evidence described in paragraphs (a), (b), (c), (d), and (e) of this clause, for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in Subpart 4.7, Contractor Records Retention, of the Federal Acquisition Regulation (FAR), or for any longer period required by statute or by other clauses of this contract. In addition--

(1) If this contract is completely or partially terminated, the records relating to the work terminated shall be made available for 3 years after any resulting final termination settlement; and

(2) Records relating to appeals under the Disputes clause or to litigation or the settlement of claims arising under or relating to this contract shall be made available until such appeals, litigation, or claims are finally resolved.

(g) The Seller shall insert a clause containing all the terms of this clause, including this paragraph (g), in all subcontracts under this contract that exceed the simplified acquisition threshold, and--

(1) That are cost-reimbursement, incentive, time-and-materials, labor-hour, or price-redeterminable type or any combination of these;

(2) For which cost or pricing data are required; or

(3) That require the subcontractor to furnish reports as discussed in paragraph (e) of this clause.

The clause may be altered only as necessary to identify properly the contracting parties under the Government prime contract.

E.6 FAR 52.215-14 INTEGRITY OF UNIT PRICES (OCT 1997) AND ALTERNATE 1 (OCT 1997)

(a) Any proposal submitted for the negotiation of prices for items of supplies shall distribute costs within contracts on a basis that ensures that unit prices are in proportion to the items' base cost (e.g., manufacturing or acquisition costs). Any method of distributing costs to line items that distorts unit prices shall not be used. For example, distributing costs equally among line items is not acceptable except when there is little or no variation in base cost. Nothing in this paragraph requires submission of cost or pricing data not otherwise required by law or regulation.

(b) When requested by FDF, the Offeror/Seller shall also identify those supplies that it will not manufacture or to which it will not contribute significant value.

(c) The Seller shall insert the substance of this clause, less paragraph (b), in all subcontract for other than: acquisitions at or below the simplified acquisition threshold in FAR Part 2; construction or architect-engineer services under FAR Part 36; utility services under FAR Part 41; services where supplies are not required; commercial items; and petroleum products.

Alternate I (OCT 1997). As prescribed in 15.408(f)(2), substitute the following paragraph (b) for paragraph (b) of the basic clause:

(b) The Offeror/Seller shall also identify those supplies that it will not manufacture or to which it will not contribute significant value.

E.7 FAR 52.219-8 UTILIZATION OF SMALL, SMALL DISADVANTAGED AND WOMEN-OWNED SMALL BUSINESS CONCERNS (OCT 1995)

It is further the policy of the United States that its prime contractors establish procedures to ensure the timely payment of amounts due pursuant to the terms of their subcontracts with small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals and small business concerns owned and controlled by women.

(b) The Seller hereby agrees to carry out this policy in the awarding of subcontracts to the fullest extent consistent with efficient contract

performance. The Seller further agrees to cooperate in any studies or surveys as may be conducted by the United States Small Business Administration or the awarding agency of the United States as may be necessary to determine the extent of the Seller's compliance with this clause.

(c) As used in this contract, the term "small business concern" shall mean a small business as defined pursuant to section 3 of the Small Business Act and relevant regulations promulgated pursuant thereto. The term "small business concern owned and controlled by socially and economically disadvantaged individuals" shall mean a small business concern (1) which is at least 51 percent unconditionally owned by one or more socially and economically disadvantaged individuals; or, in the case of any publicly owned business, at least 51 percent of the stock of which is unconditionally owned by one or more socially and economically disadvantaged individuals; and (2) whose management and daily business operations are controlled by one or more of such individuals. This term also means a small business concern that is at least 51 percent unconditionally owned by an economically disadvantaged Indian tribe or Native Hawaiian Organization, or a publicly owned business having at least 51 percent of its stock unconditionally owned by one of these entities which has its management and daily business controlled by members of an economically disadvantaged Indian tribe or Native Hawaiian Organization, and which meets the requirements of 13 CFR 124. The Seller shall presume that socially and economically disadvantaged individuals include Black Americans, Hispanic Americans, Native Americans, Asian-Pacific Americans, Subcontinent Asian Americans, and other minorities, or any other individual found to be disadvantaged by the Administration pursuant to section 8(a) of the Small Business Act. The Seller shall presume that socially and economically disadvantaged entities also include Indian Tribes and Native Hawaiian Organizations.

(d) The term "small business concern owned and controlled by women" shall mean a small business concern (i) which is at least 51 percent owned by one or more women, or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women, and (ii) whose management and daily business operations are controlled by one or more women; and

(e) Sellers acting in good faith may rely on written representations by their subcontractors regarding their status as a small business concern, a small business concern owned and controlled by socially and economically disadvantaged individuals or a small business concern owned and controlled by women.

E.8 FAR 52.222-4 CONTRACT WORK HOURS AND SAFETY STANDARDS ACT--OVERTIME COMPENSATION (JUL 1995)

(a) Overtime requirements. No Seller or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics (see Federal Acquisition Regulation (FAR) 22.300) shall require or permit any such laborers or mechanics in any workweek in which the individual is employed on such work to work in excess of 40 hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than 1 2 times the basic rate of pay for all hours worked in excess of 40 hours in such workweek.

(b) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the provisions set forth in paragraph (a) of this clause, the Seller and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such Seller and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic employed in violation of the provisions set forth in paragraph (a) of this clause in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of 40 hours without payment of the overtime wages required by provisions set forth in paragraph (a) of this clause.

(c) Withholding for unpaid wages and liquidated damages. FDF shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Seller or subcontractor under any such contract or any other Federal contract with the same Seller, or any other Federally-assisted contract subject to the Contract Work Hours and Safety Standards Act which is held by the same Seller, such sums as may be determined to be necessary to satisfy any liabilities of such Seller or subcontractor for unpaid wages and liquidated damages as provided in the provisions set forth in paragraph (b) of this clause.

(d) Payrolls and basic records.

(1) The Seller or subcontractor shall maintain payrolls and basic payroll records during the course of contract work and shall preserve them for a period of 3 years from the completion of the contract for all laborers and mechanics working on the contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid. Nothing in this paragraph shall require the duplication of records required to be maintained for construction work by Department of Labor regulations at 29 CFR 5.5(a)(3) implementing the Davis-Bacon Act.

(2) The records to be maintained under paragraph (d)(1) of this clause shall be made available by the Seller or subcontractor for inspection, copying, or transcription by authorized representatives of FDF or the Department of Labor. The Seller or subcontractor shall permit such representatives to interview employees during working hours on the job.

(e) Subcontracts. The Seller or subcontractor shall insert in any subcontracts exceeding \$100,000 the provisions set forth in paragraphs (a) through (e) of this clause and also a clause requiring the subcontractors to include these provisions in any lower tier subcontracts. The Seller shall be responsible for compliance by any subcontractor or lower tier subcontractor with the provisions set forth in paragraphs (a) through (e) of this clause.

E.11 DEAR 952.209-72 ORGANIZATIONAL CONFLICTS OF INTEREST-SPECIAL CLAUSE (NOV 1987)

(a) Purpose. The primary purpose of this clause is to aid in ensuring that the Seller (1) is not biased because of its past, present, or currently planned interests (financial, contractual, organizational, or otherwise) which relate to the work under this contract, and (2) does not obtain any unfair competitive advantage over other parties by virtue of its performance of this contract.

(b) Scope. The restrictions described herein shall apply to performance or participation by the Seller and any of its affiliates or their successors in interest (hereinafter collectively referred to as "Seller") in the activities covered by this clause as a Seller, subcontractor, cosponsor, joint venturer, consultant, or in any similar capacity.

(1) Technical consulting and management support services.

(i) The Seller shall be ineligible to participate in any capacity in FDF/Government contracts, subcontracts, or proposals therefor (solicited or unsolicited) which stem directly from the Seller's performance of work under this contract. Furthermore, unless so directed in writing by FDF, the Seller shall not perform any technical consulting or management support services work under this contract on any of its products or services or the products or services of another firm if the Seller is or has been substantially involved in their development or marketing. Nothing in this subparagraph shall preclude the Seller from competing for follow-on contracts for technical consulting and management support services.

(ii) If the Seller under this contract prepares a complete or essentially complete statement of work or specifications to be used in competitive procurements, the Seller shall be ineligible to perform or participate in any capacity in any contractual effort which is based on such statement of work or specifications. The Seller shall not incorporate its products or services in such statement of work or specifications unless so directed in writing by FDF, in which case the restriction in this subparagraph shall not apply.

(iii) Nothing in this paragraph shall preclude the Seller from offering or selling its standard commercial items to FDF.

(2) Access to and use of information.

(i) If the Seller, in the performance of this contract, obtains access to information, such as FDF or DOE plans, policies, reports, studies, financial plans, internal data protected by the Privacy Act of 1974 (Pub. L. 93-579), or data which has not been released or otherwise made available to the public, the Seller agrees that without prior written approval of FDF it shall not: (a) use such information for any private purpose unless the information has been released or otherwise made available to the public; (b) compete for work for FDF based on such information for a period of six (6) months after either the completion of this contract or until such information is released or otherwise made available to the public, whichever is first; (c) submit an unsolicited proposal to FDF which is based on such information until one year after such information is released or otherwise made available to the public; and (d) release such information unless such information has previously been released or otherwise made available to the public by FDF.

(ii) In addition, the Seller agrees that to the extent it receives or is given access to proprietary data, data protected by the Privacy Act of 1974 (Pub. L. 93-579), or other confidential or privileged technical, business, or financial information under this contract, it shall treat such information in accordance with any restrictions imposed on such information.

(iii) The Seller shall have, subject to patent, data, and security clauses of this contract, the right to use technical data it first produces under this contract for its private purpose consistent with the Rights in Data provisions of this contract.

(c) Disclosure after award.

(1) The Seller agrees that if after award it discovers an organizational conflict of interest with respect to this contract, an immediate and full disclosure shall be made in writing to FDF which shall include a description of the action which the Seller has taken or proposes to take to avoid or mitigate such conflicts. FDF may, however, terminate the contract for convenience if it deems such termination to be in the best interests of FDF.

(2) In the event that the Seller was aware of an organizational conflict of interest prior to the award of this contract and did not disclose the conflict to FDF, FDF may terminate the contract for default.

(d) Subcontracts.

(1) The Seller shall include a clause substantially similar to this clause, including this paragraph, in subcontracts expected to exceed the simplified acquisition threshold determined in accordance with 48 CFR (FAR) Part 13 and involving performance of advisory and assistance services as that term is defined in 48 CFR (FAR) 37.201.

(2) Prior to award under this contract of any such subcontracts for advisory and assistance services, the Seller shall obtain from the proposed subcontractor or consultant the disclosure required by 48 CFR (DEAR) 909.507-1 and shall determine in writing whether the interests disclosed present an actual or significant potential organizational conflict of interest. Where an actual or significant potential organizational conflict of interest is identified, the Seller shall take actions to avoid, neutralize, or mitigate to the satisfaction of the Seller the organizational conflict. If the conflict cannot be avoided or neutralized, the Seller must obtain the approval of FDF prior to entering into the subcontract.

(e) Remedies. For breach of any of the above restrictions or for nondisclosure or misrepresentation of any relevant facts required to be disclosed concerning this contract, FDF may terminate the contract for default, disqualify the Seller for subsequent related contractual efforts and pursue such other remedies as may be permitted by law or this contract.

(f) Waiver. Requests for waiver under this clause shall be directed in writing to FDF and shall include a full description of the requested waiver and the reasons in support thereof. If it is determined to be in the best interests of FDF and the Government, FDF shall grant such a waiver in writing.

(g) Modifications. Prior to a contract modification when the statement of work is modified to add new work, the period of performance is significantly increased, or the parties to the contract are changed, FDF will request and the Seller is required to submit either an organizational conflict of interest disclosure or representation (see DEAR 909.5) or an update of the previously submitted disclosure or representation.

E.12 FAR 52.228-15 PERFORMANCE AND PAYMENT BONDS-- CONSTRUCTION (SEPT 1996)

"Contract price" means the award price of the contract or, for requirements contracts, the price payable for the estimated quantity; or for indefinite-delivery type contracts, the price payable for the specified minimum quantity.

(b) Unless the resulting contract price is \$100,000 or less, the successful offeror shall be required to furnish performance and payment bonds to FDF as follows:

(1) Performance Bonds:

(i) The penal amount of performance bonds shall be 100 percent of the original contract price.

(ii) FDF may require additional performance bond protection when the contract price is increased. The increase in protection shall generally equal 100 percent of the increase in contract price.

(iii) FDF may secure additional protection by directing the Seller to increase the penal amount of the existing bond or to obtain an additional bond.

(2) Payment Bonds:

(i) The penal amount of payment bonds shall equal--

(A) 50 percent of the contract price if the contract price is not more than \$1 million;

(B) 40 percent of the contract price if the contract price is more than \$1 million but not more than \$5 million; or

(C) \$2.5 million if the contract price is more than \$5 million.

(ii) If the original contract price is \$5 million or less, FDF may require additional protection if the contract price is increased. The penal amount of the total protection shall meet the requirement of subparagraph (b)(2)(i) of this clause.

(iii) FDF may secure additional protection by directing the Seller to increase the penal sum of the existing bond or to obtain an additional bond.

(c) The Seller shall furnish all executed bonds, including any necessary reinsurance agreements, to FDF within the time period specified in the Bid Guarantee provision of the solicitation, or otherwise specified by FDF, but in any event, before starting work.

(d) The bonds shall be in the form of firm commitment, supported by corporate sureties whose names appear on the list contained in Treasury Department Circular 570, individual sureties, or by other acceptable security such as postal money order, certified check, cashier's check, irrevocable letter of credit, or, in accordance with Treasury Department regulations, certain bonds or notes of the United States. END OF SECTION E

SECTION F
SECTION F APPLIES IF THE PRICE OF THE CONTRACT EXCEEDS \$500,000

F.1 FAR 52.215-10 PRICE REDUCTION FOR DEFECTIVE COST OR PRICING DATA (OCT 1997)

(a) If any price, including profit or fee, negotiated in connection with this contract, or any cost reimbursable under this contract, was increased by any significant amount because --

(1) The Seller or a subcontractor furnished cost or pricing data that were not complete, accurate, and current as certified in its Certificate of Current Cost or Pricing Data;

(2) A subcontractor or prospective subcontractor furnished the Seller cost or pricing data that were not complete, accurate, and current as certified in the Seller's Certificate of Current Cost or Pricing Data; or

(3) Any of these parties furnished data of any description that were not accurate, the price or cost shall be reduced accordingly and the contract shall be modified to reflect the reduction.

(b) Any reduction in the contract price under paragraph (a) of this clause due to defective data from a prospective subcontractor that was not subsequently awarded the subcontract shall be limited to the amount, plus applicable overhead and profit markup, by which --

(1) The actual subcontract; or

(2) The actual cost to the Seller, if there was no subcontract, was less than the prospective subcontract cost estimate submitted by the Seller; provided, that the actual subcontract price was not itself affected by defective cost or pricing data.

(c) (1) If FDF determines under paragraph (a) of this clause that a price or cost reduction should be made, the Seller agrees not to raise the following matters as a defense:

(i) The Seller or subcontractor was a sole source supplier or otherwise was in a superior bargaining position and thus the price of the contract would not have been modified even if accurate, complete, and current cost or pricing data had been submitted.

(ii) FDF should have known that the cost or pricing data in issue were defective even though the Seller or subcontractor took no affirmative action to bring the character of the data to the attention of FDF.

(iii) The contract was based on an agreement about the total cost of the contract and there was no agreement about the cost of each item procured under the contract.

(iv) The Seller or subcontractor did not submit a Certificate of Current Cost or Pricing Data.

(2) (i) Except as prohibited by subdivision (c)(2)(ii) of this clause, an offset in an amount determined appropriate by FDF based upon the facts shall be allowed against the amount of a contract price reduction if --

(A) The Seller certifies to FDF that, to the best of the Seller's knowledge and belief, the Seller is entitled to the offset in the amount requested; and

(B) The Seller proves that the cost or pricing data were available before the "as of" date specified on its Certificate of Current Cost or Pricing Data, and that the data were not submitted before such date.

(ii) An offset shall not be allowed if --

(A) The understated data were known by the Seller to be understated before the "as of" date specified on its Certificate of Current Cost or Pricing Data; or

(B) FDF proves that the facts demonstrate that the contract price would not have increased in the amount to be offset even if the available data had been submitted before the "as of" date specified on its Certificate of Current Cost or Pricing Data.

(d) If any reduction in the contract price under this clause reduces the price of items for which payment was made prior to the date of the modification reflecting the price reduction, the Seller shall be liable to and shall pay the United States at the time such overpayment is repaid

(1) Simple interest on the amount of such overpayment to be computed from the date(s) of overpayment to the Seller to the date FDF is repaid by the Seller at the applicable underpayment rate effective for each quarter prescribed by the Secretary of the Treasury under 26 U.S.C.6621(a)(2); and

(2) A penalty equal to the amount of the overpayment, if the Seller or subcontractor knowingly submitted cost or pricing data that were incomplete, inaccurate, or noncurrent.

F.2 FAR 52.215-11 PRICE REDUCTION FOR DEFECTIVE COST OR PRICING DATA - MODIFICATIONS (OCT 1997)

(a) This clause shall become operative only for any modification to this contract involving a pricing adjustment expected to exceed the threshold for submission of cost or pricing data at FAR 15.403-4, except that this clause does not apply to any modification if an exception under FAR 15.403-1 applies.

(b) If any price, including profit or fee, negotiated in connection with any modification under this clause, or any cost reimbursable under this contract, was increased by any significant amount because

(1) the Seller or a subcontractor furnished cost or pricing data that were not complete, accurate, and current as certified in its Certificate of Current Cost or Pricing Data,

(2) a subcontractor or prospective subcontractor furnished the Seller cost or pricing data that were not complete, accurate, and current as certified in the Seller's Certificate of Current Cost or Pricing Data, or

(3) any of these parties furnished data of any description that were not accurate, the price or cost shall be reduced accordingly and the contract shall be modified to reflect the reduction. This right to a price reduction is limited to that resulting from defects in data relating to modifications for which this clause becomes operative under paragraph (a) of this clause.

(c) Any reduction in the contract price under paragraph (b) of this clause due to defective data from a prospective subcontractor that was not subsequently awarded the subcontract shall be limited to the amount, plus applicable overhead and profit markup, by which --

(1) The actual subcontract; or

(2) The actual cost to the Seller, if there was no subcontract, was less than the prospective subcontract cost estimate submitted by the Seller; provided, that the actual subcontract price was not itself affected by defective cost or pricing data.

(d) (1) If FDF determines under paragraph (b) of this clause that a price or cost reduction should be made, the Seller agrees not to raise the following matters as a defense:

(i) The Seller or subcontractor was a sole source supplier or otherwise was in a superior bargaining position and thus the price of the contract would not have been modified even if accurate, complete, and current cost or pricing data had been submitted.

(ii) FDF should have known that the cost or pricing data in issue were defective even though the Seller or subcontractor took no affirmative action to bring the character of the data to the attention of FDF.

(iii) The contract was based on an agreement about the total cost of the contract and there was no agreement about the cost of each item procured under the contract.

(iv) The Seller or subcontractor did not submit a Certificate of Current Cost or Pricing Data.

(2) (i) Except as prohibited by subdivision (d)(2)(ii) of this clause, an offset in an amount determined appropriate by FDF based upon the facts shall be allowed against the amount of a contract price reduction if --

(A) The Seller certifies to FDF that, to the best of the Seller's knowledge and belief, the Seller is entitled to the offset in the amount requested; and

(B) The Seller proves that the cost or pricing data were available before the "as of" date specified on its Certificate of Current Cost or Pricing Data, and that the data were not submitted before such date.

(ii) An offset shall not be allowed if --

(A) The understated data were known by the Seller to be understated before the "as of" date specified on its Certificate of Current Cost or Pricing Data; or

(B) FDF proves that the facts demonstrate that the contract price would not have increased in the amount to be offset even if the available data had been submitted before the "as of" date specified on its Certificate of Current Cost or Pricing Data.

(e) If any reduction in the contract price under this clause reduces the price of items for which payment was made prior to the date of the modification reflecting the price reduction, the Seller shall be liable to and shall pay the United States at the time such overpayment is repaid

(1) Simple interest on the amount of such overpayment to be computed from the date(s) of overpayment to the Seller to the date FDF is repaid by the Seller at the applicable underpayment rate effective for each quarter prescribed by the Secretary of the Treasury under 26 U.S.C.6621(a)(2); and

(2) A penalty equal to the amount of the overpayment, if the Seller or subcontractor knowingly submitted cost or pricing data that were incomplete, inaccurate, or noncurrent.

F.3 FAR 52.215-12 SUBCONTRACTOR COST OR PRICING DATA (OCT 1997)

(a) Before awarding any subcontract expected to exceed the threshold for submission of cost or pricing data at FAR 15.403-4, on the date of agreement on price or the date of award, whichever is later; or before pricing any subcontract modification involving a pricing adjustment expected to exceed the threshold for submission of cost or pricing data at FAR 15.403-4, the Seller shall require the subcontractor to submit cost or pricing data (actually or by specific identification in writing), unless an exception under FAR 15.403-1 applies.

(b) The Seller shall require the subcontractor to certify in substantially the form prescribed in FAR 15.406-2 that, to the best of its knowledge and belief, the data submitted under paragraph (a) of this clause were accurate, complete, and current as of the date of agreement on the negotiated price of the subcontract or subcontract modification.

(c) In each subcontract that exceeds the threshold for submission of cost or pricing data at FAR 15.403-4, when entered into, the Seller shall insert either --

(1) The substance of this clause, including this paragraph (c), if paragraph (a) of this clause requires submission of cost or pricing data for the subcontract; or

(2) The substance of the clause at FAR 52.215-13, Subcontractor Cost or Pricing Data -- Modifications.

F.4 FAR 52.215-13 SUBCONTRACTOR COST OR PRICING DATA - MODIFICATIONS (OCT 1997)

(a) The requirements of paragraphs (b) and (c) of this clause shall --

(1) Become operative only for any modification to this contract involving a pricing adjustment expected to exceed the threshold for submission of cost or pricing data at FAR 15.403-4; and

(2) Be limited to such modifications.

(b) Before awarding any subcontract expected to exceed the threshold for submission of cost or pricing data at FAR 15.403-4, on the date of agreement on price or the date of award, whichever is later; or before pricing any subcontract modification involving a pricing adjustment expected to exceed the threshold for submission of cost or pricing data at FAR 15.403-4, the Seller shall require the subcontractor to submit cost or pricing data (actually or by specific identification in writing), unless an exception under FAR 15.403-1 applies.

(c) The Seller shall require the subcontractor to certify in substantially the form prescribed in FAR 15.406-2 that, to the best of its knowledge and belief, the data submitted under paragraph (b) of this clause were accurate, complete, and current as of the date of agreement on the negotiated price of the subcontract or subcontract modification.

(d) The Seller shall insert the substance of this clause, including this paragraph (d), in each subcontract that exceeds the threshold for submission of cost or pricing data at FAR 15.403-4 on the date of agreement on price or the date of award, whichever is later.

F.5 FAR 52.219-9 SMALL, SMALL DISADVANTAGED AND WOMEN-OWNED SMALL BUSINESS SUBCONTRACTING PLAN (AUG 1996)

(a) This clause does not apply to small business concerns.

(b) "Commercial product," as used in this clause, means a product in regular production that is sold in substantial quantities to the general public and/or industry at established catalog or market prices. It also means a product which, in the opinion of FDF, differ only insignificantly from the Seller's commercial product.

"Subcontract," as used in this clause, means any agreement (other than one involving an employer-employee relationship) entered into by a Federal Government prime Contractor or subcontractor calling for supplies or services required for performance of the contract or subcontract.

(c) The offeror, upon request by FDF, shall submit and negotiate a subcontracting plan, where applicable, which separately addresses subcontracting with small business concerns, with small disadvantaged business concerns and with women-owned small business concerns. If the offeror is submitting an individual contract plan, the plan must separately address subcontracting with small business concerns, small disadvantaged business concerns, and women-owned small business concerns with a separate part for the basic contract and separate parts for each option (if any). The plan shall be included in and made a part of the resultant contract. The subcontracting plan shall be negotiated within the time specified by FDF. Failure to submit and negotiate the subcontracting plan shall make the offeror ineligible for award of a contract.

(d) The offeror's subcontracting plan shall include the following:

(1) Goals, expressed in terms of percentages of total planned subcontracting dollars, for the use of small business concerns, small disadvantaged business concerns and women-owned small business concerns as subcontractors. The offeror shall include all subcontracts that contribute to contract performance, and may include a proportionate share of products and services that are normally allocated as indirect costs.

(2) A statement of

- (i) Total dollars planned to be subcontracted;
- (ii) Total dollars planned to be subcontracted to small business concerns;
- (iii) Total dollars planned to be subcontracted to small disadvantaged business concerns; and
- (iv) Total dollars planned to be subcontracted to women-owned small business concerns.

(3) A description of the principal types of supplies and services to be subcontracted, and an identification of the types planned for subcontracting to

- (i) Small business concerns,
- (ii) Small disadvantaged business concerns and
- (iii) Women-owned small business concerns.

(4) A description of the method used to develop the subcontracting goals in paragraph (d)(1) of this clause.

(5) A description of the method used to identify potential sources for solicitation purposes (e.g., existing company source lists, the Procurement Automated Source System (PASS) of the Small Business Administration, the National Minority Purchasing Council Vendor Information

Service, the Research and Information Division of the Minority Business Development Agency in the Department of Commerce, or small, small disadvantaged and women-owned small business concerns trade associations). A firm may rely on the information contained in PASS as an accurate representation of a concern's size and ownership characteristics for purposes of maintaining a small business source list. A firm may rely on PASS as its small business source list. Use of the PASS as its source list does not relieve a firm of its responsibilities (e.g., outreach, assistance, counseling, publicizing subcontracting opportunities) in this clause.

(6) A statement as to whether or not the offeror included indirect costs in establishing subcontracting goals, and a description of the method used to determine the proportionate share of indirect costs to be incurred with

- (i) Small business concerns,
- (ii) Small disadvantaged business concerns, and
- (iii) Women-owned small business concerns.

(7) The name of the individual employed by the offeror who will administer the offeror's subcontracting program, and a description of the duties of the individual.

(8) A description of the efforts the offeror will make to assure that small, small disadvantaged and women-owned small business concerns have an equitable opportunity to compete for subcontracts.

(9) Assurances that the offeror will include the clause in this contract entitled "Utilization of Small, Small Disadvantaged and Women-Owned Small Business Concerns" in all subcontracts that offer further subcontracting opportunities, and that the offeror will require all subcontractors (except small business concerns) who receive subcontracts in excess of \$500,000 (\$1,000,000 for construction of any public facility) to adopt a plan similar to the plan agreed to by the offeror.

(10) Assurances that the offeror will

- (i) cooperate in any studies or surveys as may be required,
- (ii) submit periodic reports in order to allow FDF to determine the extent of compliance by the offeror with the subcontracting plan,
- (iii) submit Standard Form (SF) 294, Subcontracting Report for Individual Contracts, and/or SF 295, Summary Subcontract Report, in accordance with the instructions on the forms, and
- (iv) ensure that its subcontractors agree to submit Standard Forms 294 and 295.

(11) A recitation of the types of records the offeror will maintain to demonstrate procedures that have been adopted to comply with the requirements and goals in the plan, including establishing source lists; and a description of its efforts to locate small, small disadvantaged and women-owned small business concerns and award subcontracts to them. The records shall include at least the following (on a plant-wide or company-wide basis, unless otherwise indicated):

- (i) Source lists (e.g., PASS), guides, and other data that identify small, small disadvantaged and women-owned small business concerns.
- (ii) Organizations contacted in an attempt to locate sources that are small, small disadvantaged or women-owned small business concerns.
- (iii) Records on each subcontract solicitation resulting in an award of more than \$100,000, indicating
 - (A) whether small business concerns were solicited and if not, why not,
 - (B) whether small disadvantaged business concerns were solicited and if not, why not,
 - (C) whether women-owned small business concerns were solicited and if not, why not, and
 - (D) if applicable, the reason award was not made to a small business concern.
- (iv) Records of any outreach efforts to contact
 - (A) trade associations,
 - (B) business development organizations, and
 - (C) conferences and trade fairs to locate small, small disadvantaged and women-owned small business sources.
- (v) Records of internal guidance and encouragement provided to buyers through
 - (A) workshops, seminars, training, etc., and
 - (B) monitoring performance to evaluate compliance with the program's requirements.
- (vi) On a contract-by-contract basis, records to support award data submitted by the offeror to FDF, including the name, address, and business size of each subcontractor. Sellers having company or division-wide annual plans need not comply with this requirement.

(e) In order to effectively implement this plan to the extent consistent with efficient contract performance, the Seller shall perform the following functions:

(1) Assist small, small disadvantaged and women-owned small business concerns by arranging solicitations, time for the preparation of bids, quantities, specifications, and delivery schedules so as to facilitate the participation by such concerns. Where the Seller's lists of potential small,

small disadvantaged and women-owned small business subcontractors are excessively long, reasonable effort shall be made to give all such small business concerns an opportunity to compete over a period of time.

(2) Provide adequate and timely consideration of the potentialities of small, small disadvantaged and women-owned small business concerns in all "make-or-buy" decisions.

(3) Counsel and discuss subcontracting opportunities with representatives of small, small disadvantaged and women-owned small business firms.

(4) Provide notice to subcontractors concerning penalties and remedies for misrepresentations of business status as small, small disadvantaged or women-owned small business for the purpose of obtaining a subcontract that is to be included as part or all of a goal contained in the Seller's subcontracting plan.

(f) A master subcontracting plan on a plant or division-wide basis which contains all the elements required by paragraph (d) of this clause, except goals, may be incorporated by reference as a part of the subcontracting plan required of the offeror by this clause; provided,

(1) the master plan has been approved,

(2) the offeror ensures that the master plan is updated as necessary and provides copies of the approved master plan, including evidence of its approval, to FDF, and

(3) goals and any deviations from the master plan deemed necessary by FDF to satisfy the requirements of this contract are set forth in the individual subcontracting plan.

(g) (1) If a commercial product is offered, the subcontracting plan required by this clause may relate to the offeror's production generally, for both commercial and noncommercial products, rather than solely to the FDF contract. In these cases, the offeror shall, with the concurrence of FDF, submit one company-wide or division-wide annual plan.

(2) The annual plan shall be reviewed for approval by the agency awarding the offeror its first prime contract requiring a subcontracting plan during the fiscal year, or by an agency satisfactory to the Contracting Officer.

(3) The approved plan shall remain in effect during the offeror's fiscal year for all of the offeror's commercial products.

(h) Prior compliance of the offeror with other such subcontracting plans under previous contracts will be considered by FDF in determining the responsibility of the offeror for award of the contract.

(i) The failure of the Seller or subcontractor to comply in good faith with

(1) the clause of this contract entitled "Utilization Of Small, Small Disadvantaged and Women-Owned Small Business Concerns," or

(2) an approved plan required by this clause, shall be a material breach of the contract.

F.6 FAR 52.219-16 LIQUIDATED DAMAGES- SUBCONTRACTING PLAN (OCT 1995)

(a) "Failure to make a good faith effort to comply with the subcontracting plan", as used in this clause, means a willful or intentional failure to perform in accordance with the requirements of the subcontracting plan approved under the clause in this contract entitled "Small, Small Disadvantaged and Women-Owned Small Business Subcontracting Plan," or willful or intentional action to frustrate the plan.

(b) If, at contract completion, or in the case of a commercial product plan, at the close of the fiscal year for which the plan is applicable, the Seller has failed to meet its subcontracting goals and FDF decides in accordance with paragraph (c) of this clause that the Seller failed to make a good faith effort to comply with its subcontracting plan, established in accordance with the clause in this contract entitled "Small, Small Disadvantaged and Women-Owned Small Business Subcontracting Plan," the Seller shall pay FDF liquidated damages in an amount stated. The amount of probable damages attributable to the Seller's failure to comply, shall be an amount equal to the actual dollar amount by which the Seller failed to achieve each subcontract goal or, in the case of a commercial products plan, that portion of the dollar amount allocable to FDF contracts by which the Seller failed to achieve each subcontract goal.

(c) Before FDF makes a final decision that the Seller has failed to make such good faith effort, FDF shall give the Seller written notice specifying the failure and permitting the Seller to demonstrate what good faith efforts have been made. Failure to respond to the notice may be taken as an admission that no valid explanation exists. If, after consideration of all the pertinent data, FDF finds that the Seller failed to make a good faith effort to comply with the subcontracting plan, FDF shall issue a final decision to that effect and require that the Seller pay FDF liquidated damages as provided in paragraph (b) of this clause.

(d) With respect to commercial product plans; i.e., company-wide or division-wide subcontracting plans approved under paragraph (g) of the clause in this contract entitled "Small, Small Disadvantaged and Women-Owned Small Business Subcontracting Plan," the Contracting Officer of the agency that originally approved the plan will exercise the functions of the Contracting Officer under this clause on behalf of all agencies that awarded contracts covered by that commercial product plan.

(e) The Seller shall have the right of appeal, under the clause in this contract entitled, Disputes, from any final decision of FDF or the Contracting Officer.

(f) Liquidated damages shall be in addition to any other remedies that FDF or the Government may have.

F.7 FAR 52.230-2 (48CFR 9903.210-4) COST ACCOUNTING STANDARDS (CAS) (APR 1991)

NOTE: This clause is applicable to negotiated contracts unless exempted under 48 CFR 9903.201-1.

(a) Unless the contract is exempt under 9903.201-1 and 9903.201-2, the provisions of 9903 are incorporated herein by reference and the Seller in connection with this contract, shall--

(1) (CAS-covered Contracts Only) By submission of a Disclosure Statement, disclose in writing the Seller's cost accounting practices as required by 9903.202-1 through 9903.202-5 including methods of distinguishing direct costs from indirect costs and the basis used for allocating indirect costs. The practices disclosed for this contract shall be the same as the practices currently disclosed and applied on all other contracts and subcontracts being performed by the Seller and which contain a Cost Accounting Standards (CAS) clause. If the Seller has notified FDF that the Disclosure Statement contains trade secrets, and commercial or financial information which is privileged and confidential, the disclosure Statement shall be protected and shall not be released outside of FDF or the Government.

(2) Follow consistently the Seller's cost accounting practices in accumulating and reporting contract performance cost data concerning this contract. If any change in cost accounting practices is made for the purposes of any contract or subcontract subject to CAS requirements, the change must be applied prospectively to this contract, and the Disclosure Statement must be amended accordingly. If the contract price or cost allowance of this contract is affected by such changes, adjustment shall be made in accordance with subparagraph (a)(4) or (a)(5) of this clause, as appropriate.

(3) Comply with all CAS, including any modifications and interpretations indicated thereto contained in part 9904, in effect on the date of award of this contract or, if the Seller has submitted cost or pricing data, on the date of final agreement on price as shown on the Seller's signed certificate of current cost or pricing data. The Seller shall also comply with any CAS (or modifications to CAS) which hereafter become applicable to a contract or subcontract of the Seller. Such compliance shall be required prospectively from the date of applicability to such contract or subcontract.

(4) (i) Agree to an equitable adjustment as provided in the Changes clause of this contract if the contract cost is affected by a change which, pursuant to subparagraph (a)(3) of this clause, the Seller is required to make to the Seller's established cost accounting practices.

(ii) Negotiate with FDF to determine the terms and conditions under which a change may be made to a cost accounting practice, other than a change made under other provisions of this subparagraph (a)(4) of this clause; provided that no agreement may be made under this provision that will increase costs paid by FDF.

(iii) When the parties agree to a change to a cost accounting practice, other than a change under subparagraph(a)(4)(i) of this clause, negotiate an equitable adjustment as provided in the Changes clause of this contract.

(5) Agree to an adjustment of the contract price or cost allowance, as appropriate, if the Seller or a subcontractor fails to comply with an applicable Cost Accounting Standard or to follow any cost accounting practice consistently and such failure results in any increased costs paid by FDF. Such adjustment shall provide for recovery of the increased costs to FDF together with interest thereon computed at the annual rate established under section 6621 of the Internal Revenue Code of 1986 (26 U.S.C. 6621) for such period from the time the adjustment is effected. In no case shall FDF recover costs greater than the increased cost to FDF, in the aggregate, on the relevant contracts subject to the price adjustment, unless the Seller made a change in its cost accounting practices of which it was aware or should have been aware at the time of price negotiations and which it failed to disclose to FDF.

(b) If the parties fail to agree whether the Seller or a subcontractor has complied with an applicable CAS in Part 9904 or a CAS rule or regulation in Part 9903 and as to any cost adjustment demanded by FDF, such failure to agree will constitute a dispute under the Disputes clause of this contract.

(c) The Seller shall permit any authorized representatives of the Government to examine and make copies of any of the contract-related documents, papers, or records relating to compliance with the requirements of this clause.

(d) The Seller shall include in all negotiated subcontracts which the Seller enters into, the substance of this clause, except paragraph (b), and shall require such inclusion in all other subcontracts, of any tier, including the obligation to comply with all CAS in effect on the subcontract's award date or if the subcontractor has submitted cost or pricing data, on the date of final agreement on price as shown on the subcontractor's signed Certificate of Current Cost or Pricing Data. This requirement shall apply only to negotiated subcontracts in excess of \$500,000 where the price negotiated is not based on-

(1) Established catalog or market prices of commercial items sold in substantial quantities to the general public; or

(2) Prices set by law or regulation, and except that the requirement shall not apply to negotiated contracts or subcontracts otherwise exempt from the requirement to include a CAS clause as specified in 9903.201-1.

F.8 FAR 52.230-3 (48CFR 9903.201-4C) DISCLOSURE AND CONSISTENCY OF COST ACCOUNTING PRACTICES (AUG 1992)

NOTE: This clause is applicable to negotiated contracts unless exempted under 48 CFR 9903.201-2 (b) "modified coverage".

(a) The Seller, in connection with this contract, shall --

(1) Comply with the requirements of 48 CFR, Subpart 9904.401. Consistency in Estimating, Accumulating, and Reporting Costs, and 48 CFR, Subpart 9904.402. Consistency in Allocating Costs Incurred for the Same Purpose, in effect on the date of award of this contract as indicated in 48 CFR, part 9904.

(2) (CAS-covered Contracts Only) If it is a business unit of a company required to submit a Disclosure Statement, disclose in writing its cost accounting practices as required by 48 CFR subpart 9903.202-1 through 9903.202-5. If the Seller has notified FDF or the Contracting Officer that the Disclosure Statement contains trade secrets and commercial or financial information which is privileged and confidential, the Disclosure Statement shall be protected and shall not be released outside of FDF or the Government.

(3) (i) Follow consistently the Seller's cost accounting practices. A change to such practices may be proposed, however, by either FDF or the Government or the Seller, and the Seller agrees to negotiate with FDF the terms and conditions under which a change may be made. After the terms and conditions under which the change is to be made have been agreed to, the change must be applied prospectively to this contract, and the Disclosure Statement, if affected, must be amended accordingly.

(ii) The Seller shall, when the parties agree to a change to a cost accounting practice and the Contracting Officer has made the finding required in CFR, subpart 9903.201-6(b), that the change is desirable and not detrimental to the interests of the Government, negotiate an equitable adjustment as provided in the Changes clause of this contract. In the absence of the required finding, no agreement may be made under this contract clause that will increase costs paid by the United States.

(4) Agree to an adjustment of the contract price or cost allowance, as appropriate, if the Seller or a subcontractor fails to comply with the applicable CAS or to follow any cost accounting practice, and such failure results in any increased costs paid by the United States. Such adjustment shall provide for recovery of the increased costs to the United States together with interest thereon computed at the rate of interest established under the Internal Revenue code of 1986 (26 U.S.C. 6621), from the time the payment by the United States was made to the time the adjustment is effected.

(b) If the parties fail to agree whether the Seller has complied with an applicable CAS, rule, or regulation as specified in 48 CFR, parts 9903 and 9904 and as to any cost adjustment demanded by FDF, such failure to agree will constitute a dispute under the Disputes clause of this contract.

(c) The Seller shall permit any authorized representatives of the government to examine and make copies of any documents, papers, and records relating to compliance with the requirements of this clause.

(d) The Seller shall include in all negotiated subcontracts, which the Seller enters into, the substance of this clause, except paragraph (b), and shall require such inclusion in all other subcontracts of any tier, except that-

(1) If the subcontract is awarded to a business unit which pursuant to 48 CFR, subpart 9903.201 is required to follow all CAS, the clause entitled "Cost Accounting Standards," set forth in FAR 52.230-2, shall be inserted in lieu of this clause; or

(2) This requirement shall apply only to negotiated subcontracts in excess of \$500,000 where the price negotiated is not based on-

(i) Established catalog or market prices of commercial items sold in substantial quantities to the general public; or

(ii) Price set by law or regulation; or

(3) The requirement shall not apply to negotiated subcontracts otherwise exempt from the requirement to include a CAS clause as specified in 48 CFR, Subpart 9903.201-1.

F.9 FAR 52.230-4 ADMINISTRATION OF COST ACCOUNTING STANDARDS (SEP 1987)

For the purpose of administering the Cost Accounting Standards (CAS) requirements under this contract, the Seller shall take the steps outlined in (a) through (f) of this clause:

(a) Submit to FDF a description of any accounting change, the potential impact of the change on contracts containing a CAS clause, and if not obviously immaterial, a general dollar magnitude cost impact analysis of the change which displays the potential shift of costs between CAS-covered contracts by contract type (i.e., firm-fixed-price, incentive, cost-plus-fixed-fee, etc.) and other Seller business activity. As related to CAS-covered contracts, the analysis should display the potential impact of funds of the various Agencies/Departments (i.e., Department of Energy, National Aeronautics and Space Administration, Army, Navy, Air Force, other Department of Defense, other Government) as follows:

(1) For any change in cost accounting practices required to comply with a new CAS in accordance with subparagraphs (a)(3) and subdivision (a)(4)(i) of the CAS clause, within 60 days (or such other date as may be mutually agreed to) after award of a contract requiring this change.

(2) For any change in cost accounting practices proposed in accordance with subdivision (a)(4)(ii) or (a)(4)(iii) of the CAS clause or with subparagraph (a)(3) of the Disclosure and Consistency of Cost Accounting Practices clause, not less than 60 days (or such other date as may be mutually agreed to) before the effective date of the proposed change.

(3) For any failure to comply with an applicable CAS or to follow a disclosed practice as contemplated by subparagraph (a)(5) of the CAS clause or by subparagraph (a)(4) of the Disclosure and Consistency of Cost Accounting Practices clause, within 60 days (or such other date as may be mutually agreed to) after the date of agreement of noncompliance by the Seller.

(b) Submit a cost impact proposal in the form and manner specified by FDF within 60 days (or such other date as may be mutually agreed to) after the date of determination of the adequacy and compliance of a change submitted pursuant to paragraph (a) of this clause. If the cost impact proposal is not submitted within the specified time, or any extension granted by FDF, an amount not to exceed 10 percent of each payment made after that date may be withheld until such time as a proposal has been provided in the form and manner specified by FDF.

(c) Agree to appropriate contract and subcontract amendments to reflect adjustments established in accordance with subparagraphs (a)(4) and (a)(5) of the CAS clause or with subparagraphs (a)(3), (a)(4), of the CAS Disclosure and Consistency of Cost Accounting Practices clause.

(d) For all subcontracts subject either to the CAS clause or to the Disclosure and Consistency of Cost Accounting Practices clause--

(1) So state in the body of the subcontract, in the letter of award, or in both (self-deleting clauses shall not be used); and

(2) Include the substance of this clause in all negotiated subcontracts. In addition, within 30 days after award of the subcontract, submit the following information to the Seller's cognizant contract administration office for transmittal to the contract administration office cognizant of the subcontractor's facility:

(i) Subcontractor's name and subcontract number.

(ii) Dollar amount and date of award.

(iii) Name of Seller making the award.

(iv) Any changes the subcontractor has made or proposes to make to accounting practices that affect contracts or subcontracts containing the CAS clause or Disclosure and Consistency of Cost Accounting Practices clause, unless these changes have already been reported. If award of the subcontract results in making one or more CAS effective for the first time, this fact shall also be reported.

(e) Notify FDF in writing of any adjustments required to subcontracts under this contract and agree to an adjustment, based on them, to this Seller's price or estimated cost and fee. This notice is due within 30 days after proposed subcontract adjustments are received and shall include a proposal for adjusting the higher tier subcontract or the contract appropriately.

(f) For subcontracts containing the CAS clause, require the subcontractor to comply with all Standards in effect on the date of award or of final agreement on price, as shown on the subcontractor's signed Certificate of Current Cost or Pricing Data, whichever is earlier.

F.10 DEAR 952.226-74 DISPLACED EMPLOYEE HIRING PREFERENCE (JUNE 1997)

(a) Definition.

Eligible employee means a current or former employee of a Seller or subcontractor employed at a Department of Energy Defense Nuclear Facility (1) whose position of employment has been, or will be, involuntarily terminated (except if terminated for cause), (2) who has also met the eligibility criteria contained in the Department of Energy guidance for contractor work force restructuring, as may be amended or supplemented from time to time, and (3) who is qualified for a particular job vacancy with the Department or one of its contractors with respect to work under its contract with the Department at the time the particular position is available.

(b) Consistent with Department of Energy guidance for contractor work force restructuring, as may be amended or supplemented from time to time, the Seller agrees that it will provide a preference in hiring to an eligible employee to the extent practicable for work performed under this contract.

(c) The requirements of this clause shall be included in subcontracts at any tier (except for subcontracts for commercial items pursuant to 41 U.S.C. 403) expected to exceed \$500,000.

F.11 DEAR 970.5204-77 WORKFORCE RESTRUCTURING UNDER SECTION 3161 OF THE NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 1993 (JUNE 1997)

(a) Consistent with the objectives of Section 3161 of the National Defense Authorization Act for Fiscal Year 1993, 42 U.S.C. 7274h, in instances where the Department of Energy has determined that a change in workforce at a Department of Energy Defense Nuclear Facility is necessary, the Seller agrees to (1) comply with the Department of Energy Workforce Restructuring Plan for the facility, if applicable, and (2) use its best efforts to accomplish workforce restructuring or displacement so as to mitigate social and economic impacts.

(b) The requirements of this clause shall be included in subcontracts at any tier (except subcontracts for commercial items pursuant to 41 U.S.C. 403) expected to exceed \$500,000.

END OF SECTION F
